DECLARATION - ABSENCE OF ABANDONED WELLS ON PARCEL

Why do I need to disclose information about abandoned wells on my parcel?

New Requirements

Effective November 1, 2012, the Subdivision and Development Regulation (Alberta Regulation 160/2012) has changed. The changes relate to the Subdivision and Development requirements around abandoned well sites. The new provisions require some changes to our business practices.

In addition to our current application submission requirements, all new Development Permit and Subdivision Applications must include the following:

Development Permit Application

An application for a development permit for **a new building that will be larger than 47 square meters, or an addition to or an alteration of an existing building that will result in the building being larger than 47 square meters**, must include:

- Information provided by the Energy Resources Conservation Board (ERCB) identifying the location or confirming the absence of any abandoned wells within the parcel on which the building is to be constructed, or, in the case of an addition, presently exists.
- This information can be obtained by either contacting the Energy Resources Customer Care Centre at 1-855-297-8311 (toll free) or using the GeoDiscover Alberta Map at: https://maps.srd.alberta.ca/GDA_View/Viewer/Viewer.aspx?Viewer=GDA to confirm whether an abandoned well is located on your property.

If you **do not have an abandoned well site on your property**, you will be required to fill out the "Declaration – Absence of Abandoned Wells on Parcel" form and include it with your development application.

If you **do have an abandoned well on your property**, you will be required to meet the requirements as set out in ERCB's Directive 079.

The information is not required if it was submitted to the same development authority within the last year.

The following links provide further information on the added provision.

Building an Accessory Building? (eg. Detached Garage, Shed, Playhouse)

The City of Beaumont Land Use Bylaw establishes the requirements for accessory buildings on a residential property within the City of Beaumont.

DO I REQUIRE A PERMIT?

- Accessory buildings over 10 square metres (107.64 sq. ft) require a development and building permit. (Measurements are from the outside of the walls)
- A development permit is a document permitting a specific type of development on a specific parcel of land in the City of Beaumont to proceed. It assures conformance with the zoning and development regulations under the Land Use Bylaw and its effect on adjacent property.
- A building permit ensures the building is safely constructed with respect to life safety, structural integrity, property protection, use and occupancy.

LOCATING THE ACCESSORY BUILDING ON THE PROPERTY

The accessory building shall:

- be a minimum of 1.2m (4 ft.) from the side property boundary.
- be a minimum of 1.2m (4 ft.) from the rear property boundary.
- not be placed within Utility Rights of Way or drainage swales.
- not be attached to the principal dwelling.

BUILDING REQUIREMENTS

- The total construction time to start and complete the building shall not exceed one (1) year from the date at which the building permit was issued.
- The maximum height of the accessory building shall not exceed two (2) storeys (max 4.5m per storey) but in any event, no taller than the principal building

WHAT DO I NEED TO BRING WITH ME WHEN I APPLY FOR A PERMIT?

- A site plan is required to show where the accessory building is to be located on the lot. On the site plan you must also include the setbacks to other structures and to the property boundaries.
- A list of materials being used and a drawing or blueprint of the proposed structure.

INSPECTIONS:

Please contact the Building and Inspections Department (780-929-1363) at least 72 hours in advance to schedule your inspection. Before calling for an inspection, ensure that the work is ready to be inspected. If the Building Inspector identifies any problems, it is your responsibility to have them corrected and to schedule a re-inspection. An additional fee may be assessed when a re-inspection is needed.

APPLICATION FORMS AND FEES:

Application forms and fee schedules are available on our website:

If you require assistance in applying for any permit or have further questions, please email development@beaumont.ab.ca or call 780-929-8782.
