PART 6: **DEFINITIONS.....203**

PART 1: PURPOSE & AUTHORITY

1.1 GENERAL PURPOSE

The purpose of this [Land Use Bylaw](#), hereby known as “[Our Zoning Blueprint](#)”, is to enable sustainable development based on the principles of Beaumont’s Municipal Development Plan: [Our Complete Community](#). To accomplish this, [Our Zoning Blueprint](#) organizes sustainable development patterns by character Districts based on [Frontage](#) types and with the knowledge that development decisions made today will impact future generations.

In order to ensure this purpose is achieved, all planning applications, including land [use](#), [subdivision](#), and [development permit](#) applications, will be evaluated using the principles of [Our Complete Community](#).

1.2 AUTHORITY

- 1.2.1 The action of Beaumont, hereby known as “the [Municipality](#)”, in the adoption of [Our Zoning Blueprint](#) is authorized under the [Municipal Government Act](#), as amended.
- 1.2.2 The adoption of [Our Zoning Blueprint](#) is necessary to promote the health, safety, and general welfare of the citizens of the [Municipality](#) and to assist in the coordinated, efficient, and economical development of the [Municipality](#). [Our Zoning Blueprint](#) is implemented in order to advance the objectives and policies of [Our Complete Community](#), the [General Design Standards](#), and any other applicable statutory or non-statutory plan.
- 1.2.3 No person shall commence any development within the [Municipality](#) except in conformity with [Our Zoning Blueprint](#).

1.3 APPLICABILITY

- 1.3.1 [Our Zoning Blueprint](#) shall apply to all lands contained within the corporate limits of the [Municipality](#).
- 1.3.2 [Our Zoning Blueprint](#) shall be consistent with [Our Complete Community](#) and shall be applied in a manner that serves to implement other statutory plans and master plans adopted by the [Municipality](#). Should a property be redistricted or a district in [Our Zoning Blueprint](#) be amended, it shall conform to [Our Complete Community](#).
- 1.3.3 The provisions of [Our Zoning Blueprint](#), when in conflict, shall take precedence over those of other municipal bylaws or regulations.

PART 1: PURPOSE & AUTHORITY

- 1.3.4 Any federal, provincial and regional legislation, regulations, approval processes, licensing, or permitting shall be applied to, and take precedence over, development applications as required.
- 1.3.5 If any provision of [Our Zoning Blueprint](#) is held by a court of competent jurisdiction to be invalid, then all other provisions shall remain valid and enforceable.
- 1.3.6 Where the proposed [use](#) or [structure](#) does not comply with any federal, provincial or other municipal legislation or with the conditions of any caveat, covenant, easements, instrument, [building](#) scheme or agreement affecting the land or [building](#), the [Development Authority](#) may refuse to grant a [Development Permit](#).
- 1.3.7 Neither [Council](#) nor the [Development Authority](#) are required to examine land title(s) or make inquiry to discover whether or not the [use](#) of a [building](#) or land is affected by any federal, provincial, or other municipal legislation or condition of any easement, covenant, [building](#) scheme, or agreement.
- 1.3.9 Any reference in [Our Zoning Blueprint](#) to other legislation or documents shall be a reference to the bylaw or legislation then in effect and shall include all amendments and any other successor legislation.

1.4 TRANSITION

- 1.4.1 [Our Zoning Blueprint](#) shall come into effect upon the date of its third reading and it is signed by the Chief Administrative Officer and Chief Elected Official.
- 1.4.2 Applications for [subdivision](#) and development which were submitted prior to [Our Zoning Blueprint](#) coming into force shall be evaluated under the provisions of Bylaw No. 796-12, as amended.

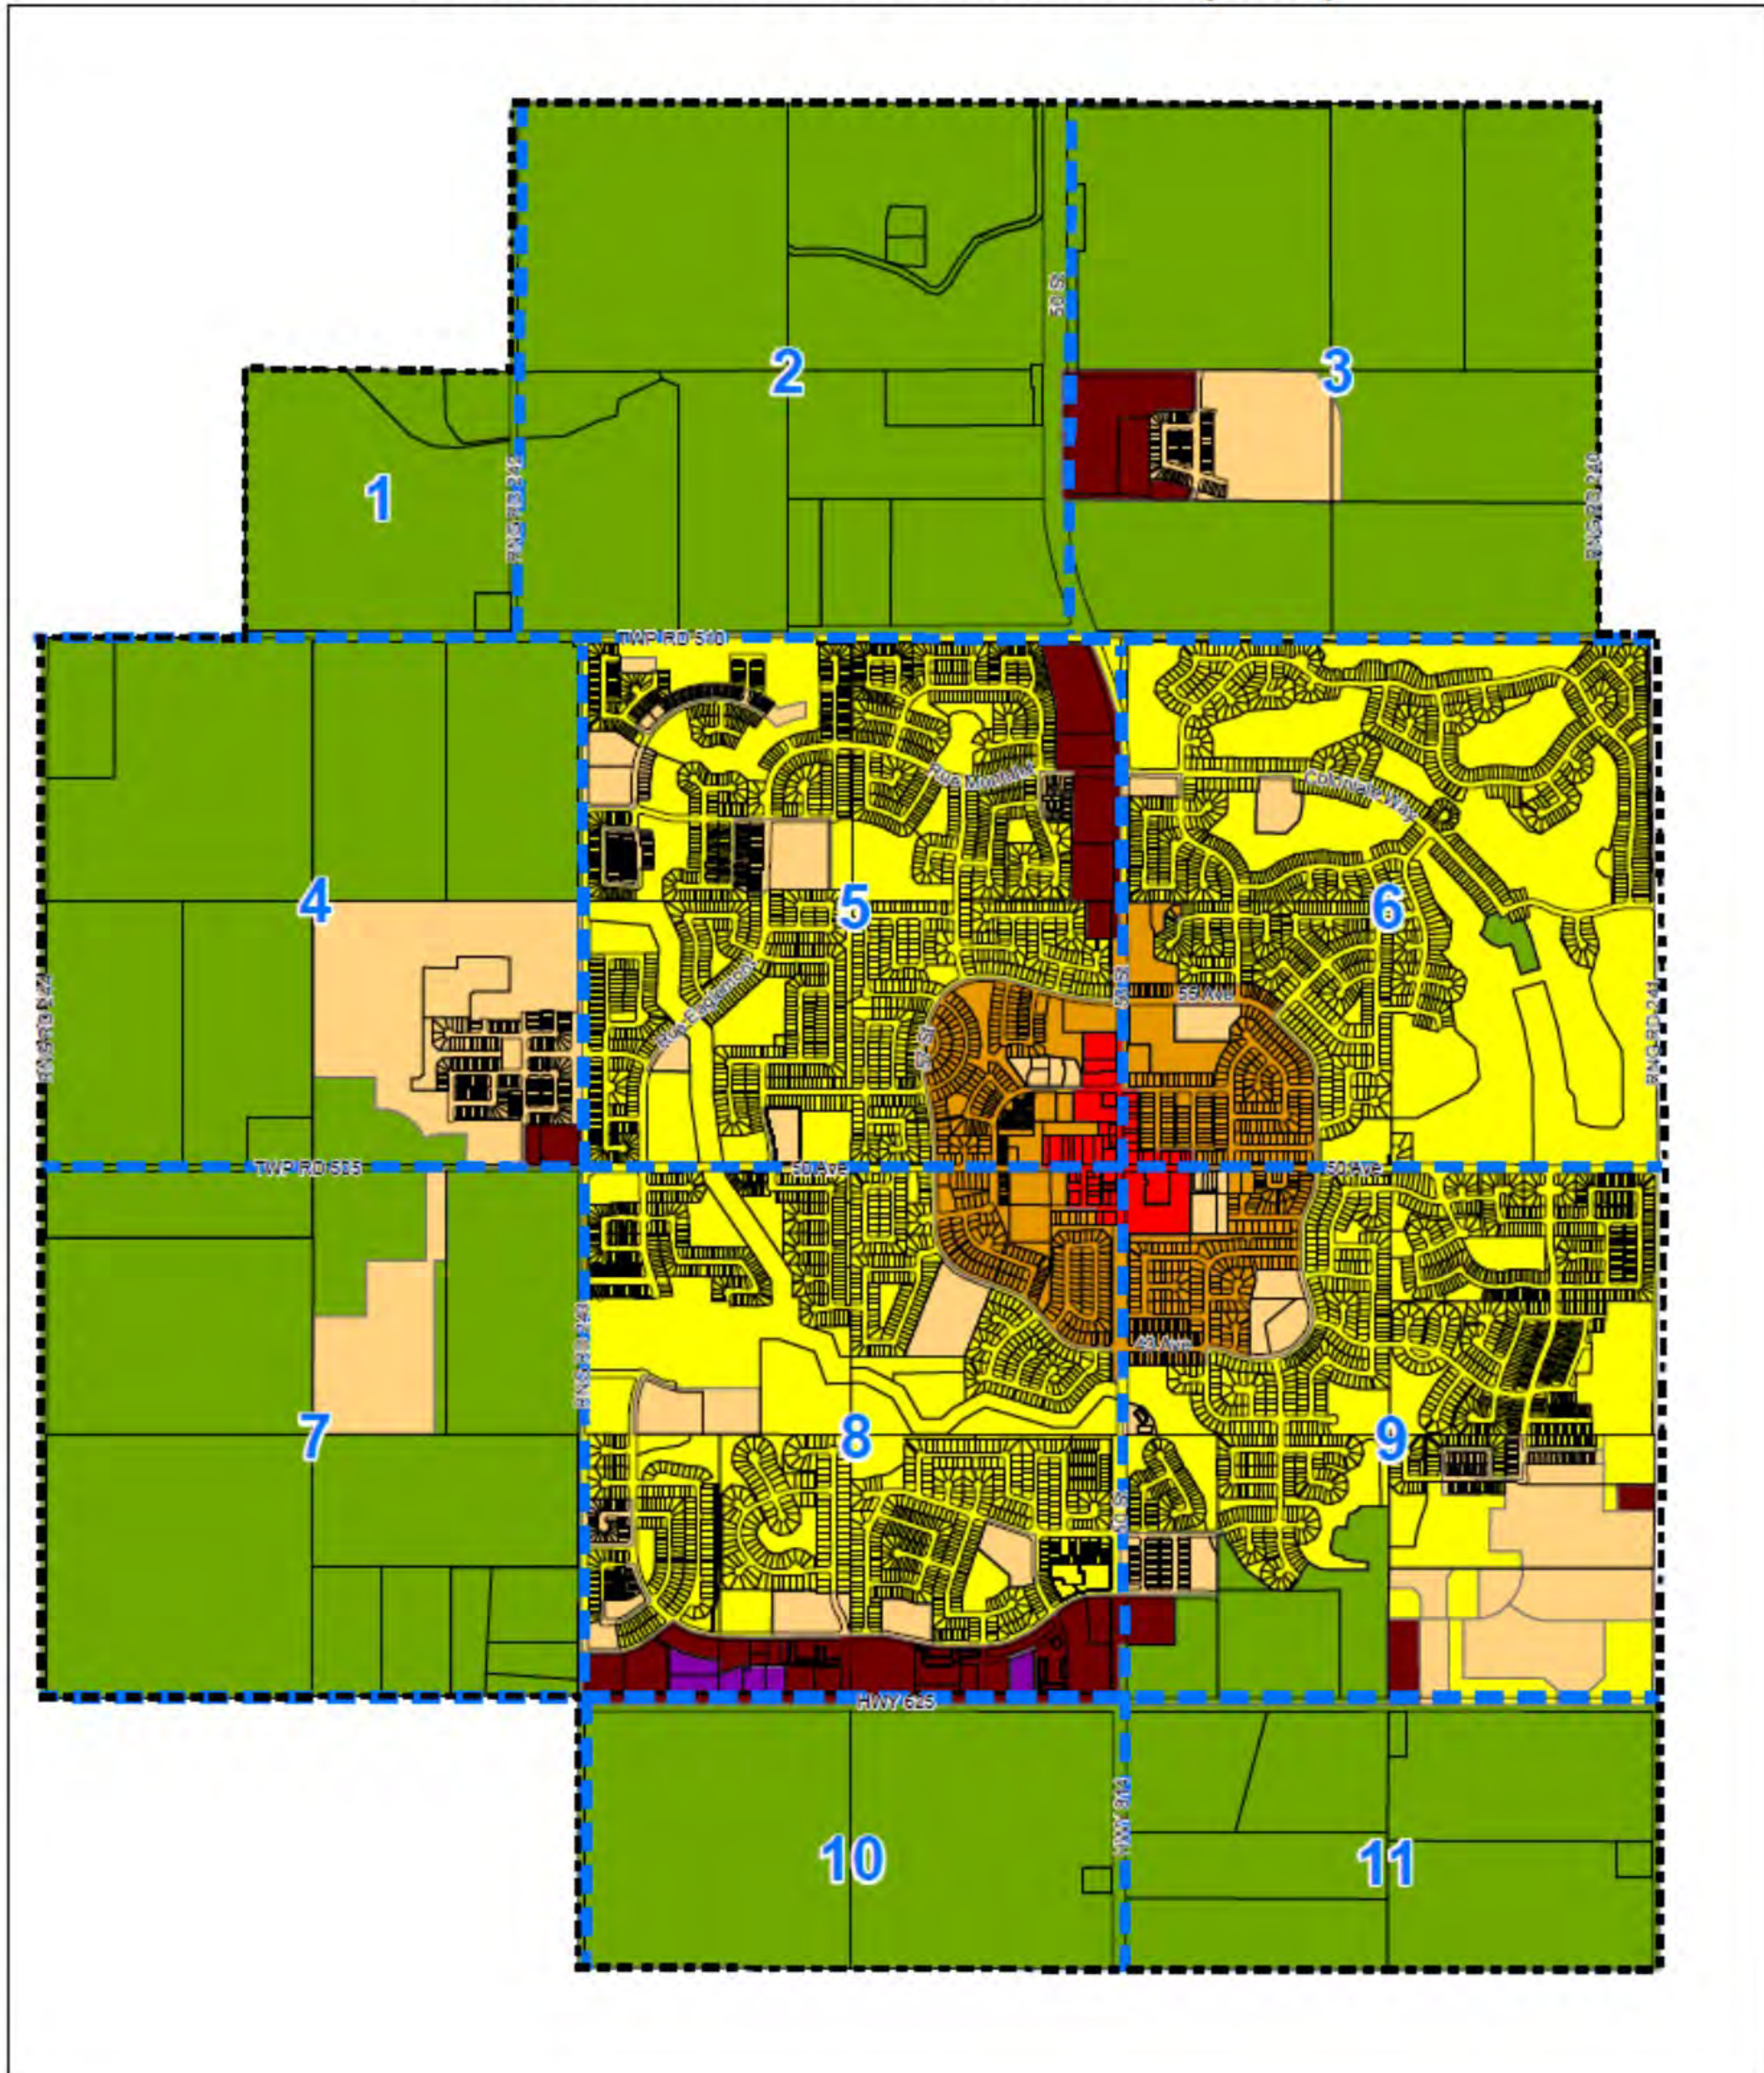

PART 2: MAPS

2.1 LAND USE MAP

- 2.1.1 The [Municipality](#) is hereby divided into the following [land use districts](#):
- a) [Agricultural Holdings District \(AH\)](#);
 - b) [Conventional Neighbourhood District \(CN\)](#);
 - c) [Integrated Neighbourhood District \(IN\)](#);
 - d) [Mature Neighbourhood District \(MN\)](#);
 - e) [Main Street District \(MS\)](#);
 - f) [Commercial District \(C\)](#); and
 - g) [Business Light Industrial District \(BLI\)](#).
- 2.1.2 The [land use districts](#) listed in Section 2.1.1 are delineated on the maps in this Section, which shall be known as the "Land Use Maps".
- 2.1.3 The Land Use Map may be amended or replaced by bylaw from time to time.
- 2.1.4 In the event that a dispute should arise over the precise location of a boundary of any [land use district](#) as shown on the Land Use Maps, the [Development Authority](#) shall decide thereon.

3.3.1 Intent

General Intent: To provide opportunities for lower [density](#) forms of residential development similar to what currently exists in Beaumont. In planned areas, land shall only be redistricted to this [land use district](#) if and where an approved Outline Plan, [Area Structure Plan](#) and / or [Neighbourhood Structure Plan](#) provides that direction.

How uses are mixed: The [uses](#) will be primarily different forms of residential development. Where the street design and / or [lot](#) configuration can allow for a different [use](#), those sites may transition from a residential [use](#) to a commercial or business [use](#) over time. In planned areas, business and commercial [uses](#) shall be integrated with the neighbourhood to provide local services within a walkable distance of 400m.

Form of Development: All development, regardless of [use](#), shall have a residential form and character to integrate with the neighbourhood and limit potential incompatibilities. Single detached dwellings with front attached garages are the predominant [building](#) form.

3.3.9 Landscaping & Screening Standards

a) Development Standards	All landscaping shall comply with the General Design Standards except where Frontage Type Standards in Section 3.3.8 take precedence. Where possible, use plants with seasonal interest. Drought tolerant plants are encouraged.
b) Mandatory Requirement	Any portion of a site not occupied by a structure , parking area, patio , walkway, or storage area shall be landscaped.
c) Number of Trees	All lots greater than 2,500 m ² shall be required to provide a minimum of 1 tree per 35 m ² , based on 10% of the site , where 40% of those trees shall be coniferous, except for municipal reserve land . Unless otherwise provides for by a frontage standard, all lots less than 2,500 m ² shall be required to provide a minimum of 3 trees, except for municipal reserve land .
d) Tree Location	Where tree requirements are specified in the Frontage Type Standards, as per Section 3.3.8, the total number of trees required for the remainder of the lot shall be subtracted by those trees to be located in the principal frontage .
e) Tree Size	At the time of planting each coniferous tree shall be at least 2.0 m in height and each deciduous tree shall have a caliper of at least 50 mm.
f) Number of Shrubs	All lots greater than 2,500 m ² shall be required to provide a minimum of 1 shrub per 35 m ² , based on 10% of the site , except for municipal reserve land . Unless otherwise provided for by a frontage standard, all lots less than 2,500 m ² shall be required to provide a minimum of 5 shrubs, except for municipal reserve land .
g) Shrub Size	At the time of planting each shrub shall be at least 300 mm deciduous height or 450 mm coniferous spread.
h) Soil Requirements	A minimum of 15 cm of high quality soil and growing material is required for all planting areas.
i) Fencing / Screening	A fence , wall, or screening may not exceed 1.0 m within a principal frontage or 1.8 m height on any other portion of a lot . A permit is required for a fence exceeding 1.0 m in height on a secondary frontage .

b) PARKING STANDARDS

i.	Development Standards	Any parking area having four or more parking stalls that are visible from an adjoining site , or from a thoroughfare other than a lane , shall have perimeter planting. The location, length, thickness and height of such perimeter planting at maturity shall, in conjunction with a change in grade or other natural or man-made features, be sufficient to provide substantial interruption of the view of the parking area from any adjoining site and enhance the view of the parking area from any adjacent thoroughfare .
ii.	Pedestrian Network Design	Parking lots shall be designed to efficiently, comfortably, and safely direct pedestrians from parking areas and entrance features . Walking areas shall be a minimum of 2 m wide, be well marked, be separated by grade from driving or parking areas, and be integrated with landscaping. Parking lots shall not be located in the principal frontage .
iii.	Parking Location	All parking stalls shall be provided on- site except where, at the discretion of the Development Authority , street parking may be accommodated. Street parking can be considered where the curb frontage is a minimum of 6 m per stall excluding access locations and appropriate safety distances. Where contiguous curb frontage space is available, street parking may be considered part of the minimum parking requirements as per Section 3.3.10 (a).
iv.	Shared Parking	Where multiple buildings or uses are located on a site , parking minimums in Section 3.3.10 (a) may be reduced to the satisfaction of the Municipality .
v.	Parking Lot Size	A maximum of 30% of the site can be used to accommodate parking. Where parking requirements in Section 3.3.10 (a) exceed this amount, a strategy for reducing the parking need shall be provided.
vi.	Accessible Vehicle Parking	For all lots with 11 or more vehicle parking stalls , accessible parking shall be provided in a location with the easiest pedestrian access to the principal building entrance and shall be provided in accordance with the <i>Barrier Free Design Guide</i> as per the Alberta Safety Codes Council.

PART 3: LAND USE DISTRICTS

CONVENTIONAL NEIGHBOURHOOD DISTRICT (CN)

b) PARKING STANDARDS

vii.	Parking Lots / Structures	Surface parking lots and / or parking structures shall not be permitted unless associated with a development.
viii.	Parking Lot Stall Location	Parking stalls shall be spread out through the site and integrated with buildings and landscaping to provide a comfortable pedestrian network.
ix.	Landscaped Islands	All parking lots shall have landscaped islands that are at least 3 m wide and 6 m deep to break up clusters of 20 stalls or more. In addition to the landscape requirements in Section 3.3.9 in no case shall there be less than 1 tree and 3 shrubs per landscaped island.
x.	Calculations	Where a fractional figure occurs, the requirement shall be rounded up to the next whole number.

c) BICYCLE PARKING STANDARDS

i.	Development Standards	Bicycle parking structures shall be highly visible and shall include a permanent rack or hook-up system. Creative integration with the development is encouraged.
ii.	Minimum Bicycle Parking	All non-residential buildings less than 4,600 m ² shall provide parking for at least 6 bicycles per building . All non-residential building greater than or equal to 4,600 m ² shall provide parking for 6 bicycles per entrance.
iii.	Bicycle Parking Location	All bicycle parking structures shall be located within 10 m of a public entrance, but shall not impede pedestrian circulation or access to a building .
iv.	Bicycle Parking Access	Where a change in grade occurs in the bicycle parking network, ramps or similar structures shall be used to access all bicycle parking structures .

PART 3: LAND USE DISTRICTS

CONVENTIONAL NEIGHBOURHOOD DISTRICT (CN)

d) ACCESS STANDARDS

i.	Number of Accesses	All lots require a minimum of 1 access to the site from a legal and physical public roadway and shall be approved by the Municipality . Additional accesses shall have prior approval from the Development Authority .
ii.	Lane Access	Where the site is adjacent to a lane , the lane will be used for all vehicular access unless otherwise authorized by the Municipality , such as where a front attached garage frontage type is used with a lane .
iii.	Shared Access	Shared access between 2 or more adjacent lots may be considered to provide more effective access arrangements, to reduce curb cuts, and / or to reduce any negative impact on the public realm .

e) LOADING STANDARDS

i.	Development Standards	All non-residential uses shall provide sufficient space and access for loading vehicles to the satisfaction of the Development Authority .
ii.	Clearance	All loading areas shall provide a minimum of 5.3 m vertical clearance from grade .
iii.	Loading Space Size	All loading space shall be at least 4 m wide and 8 m long.
iv.	Access	Access shall be from a public road, a lane , or a clearly defined traffic aisle, and shall not obstruct patron / emergency vehicle circulation
v.	Location	Loading areas shall be located to the side or rear of a lot .

INTEGRATED NEIGHBOURHOOD DISTRICT (IN)

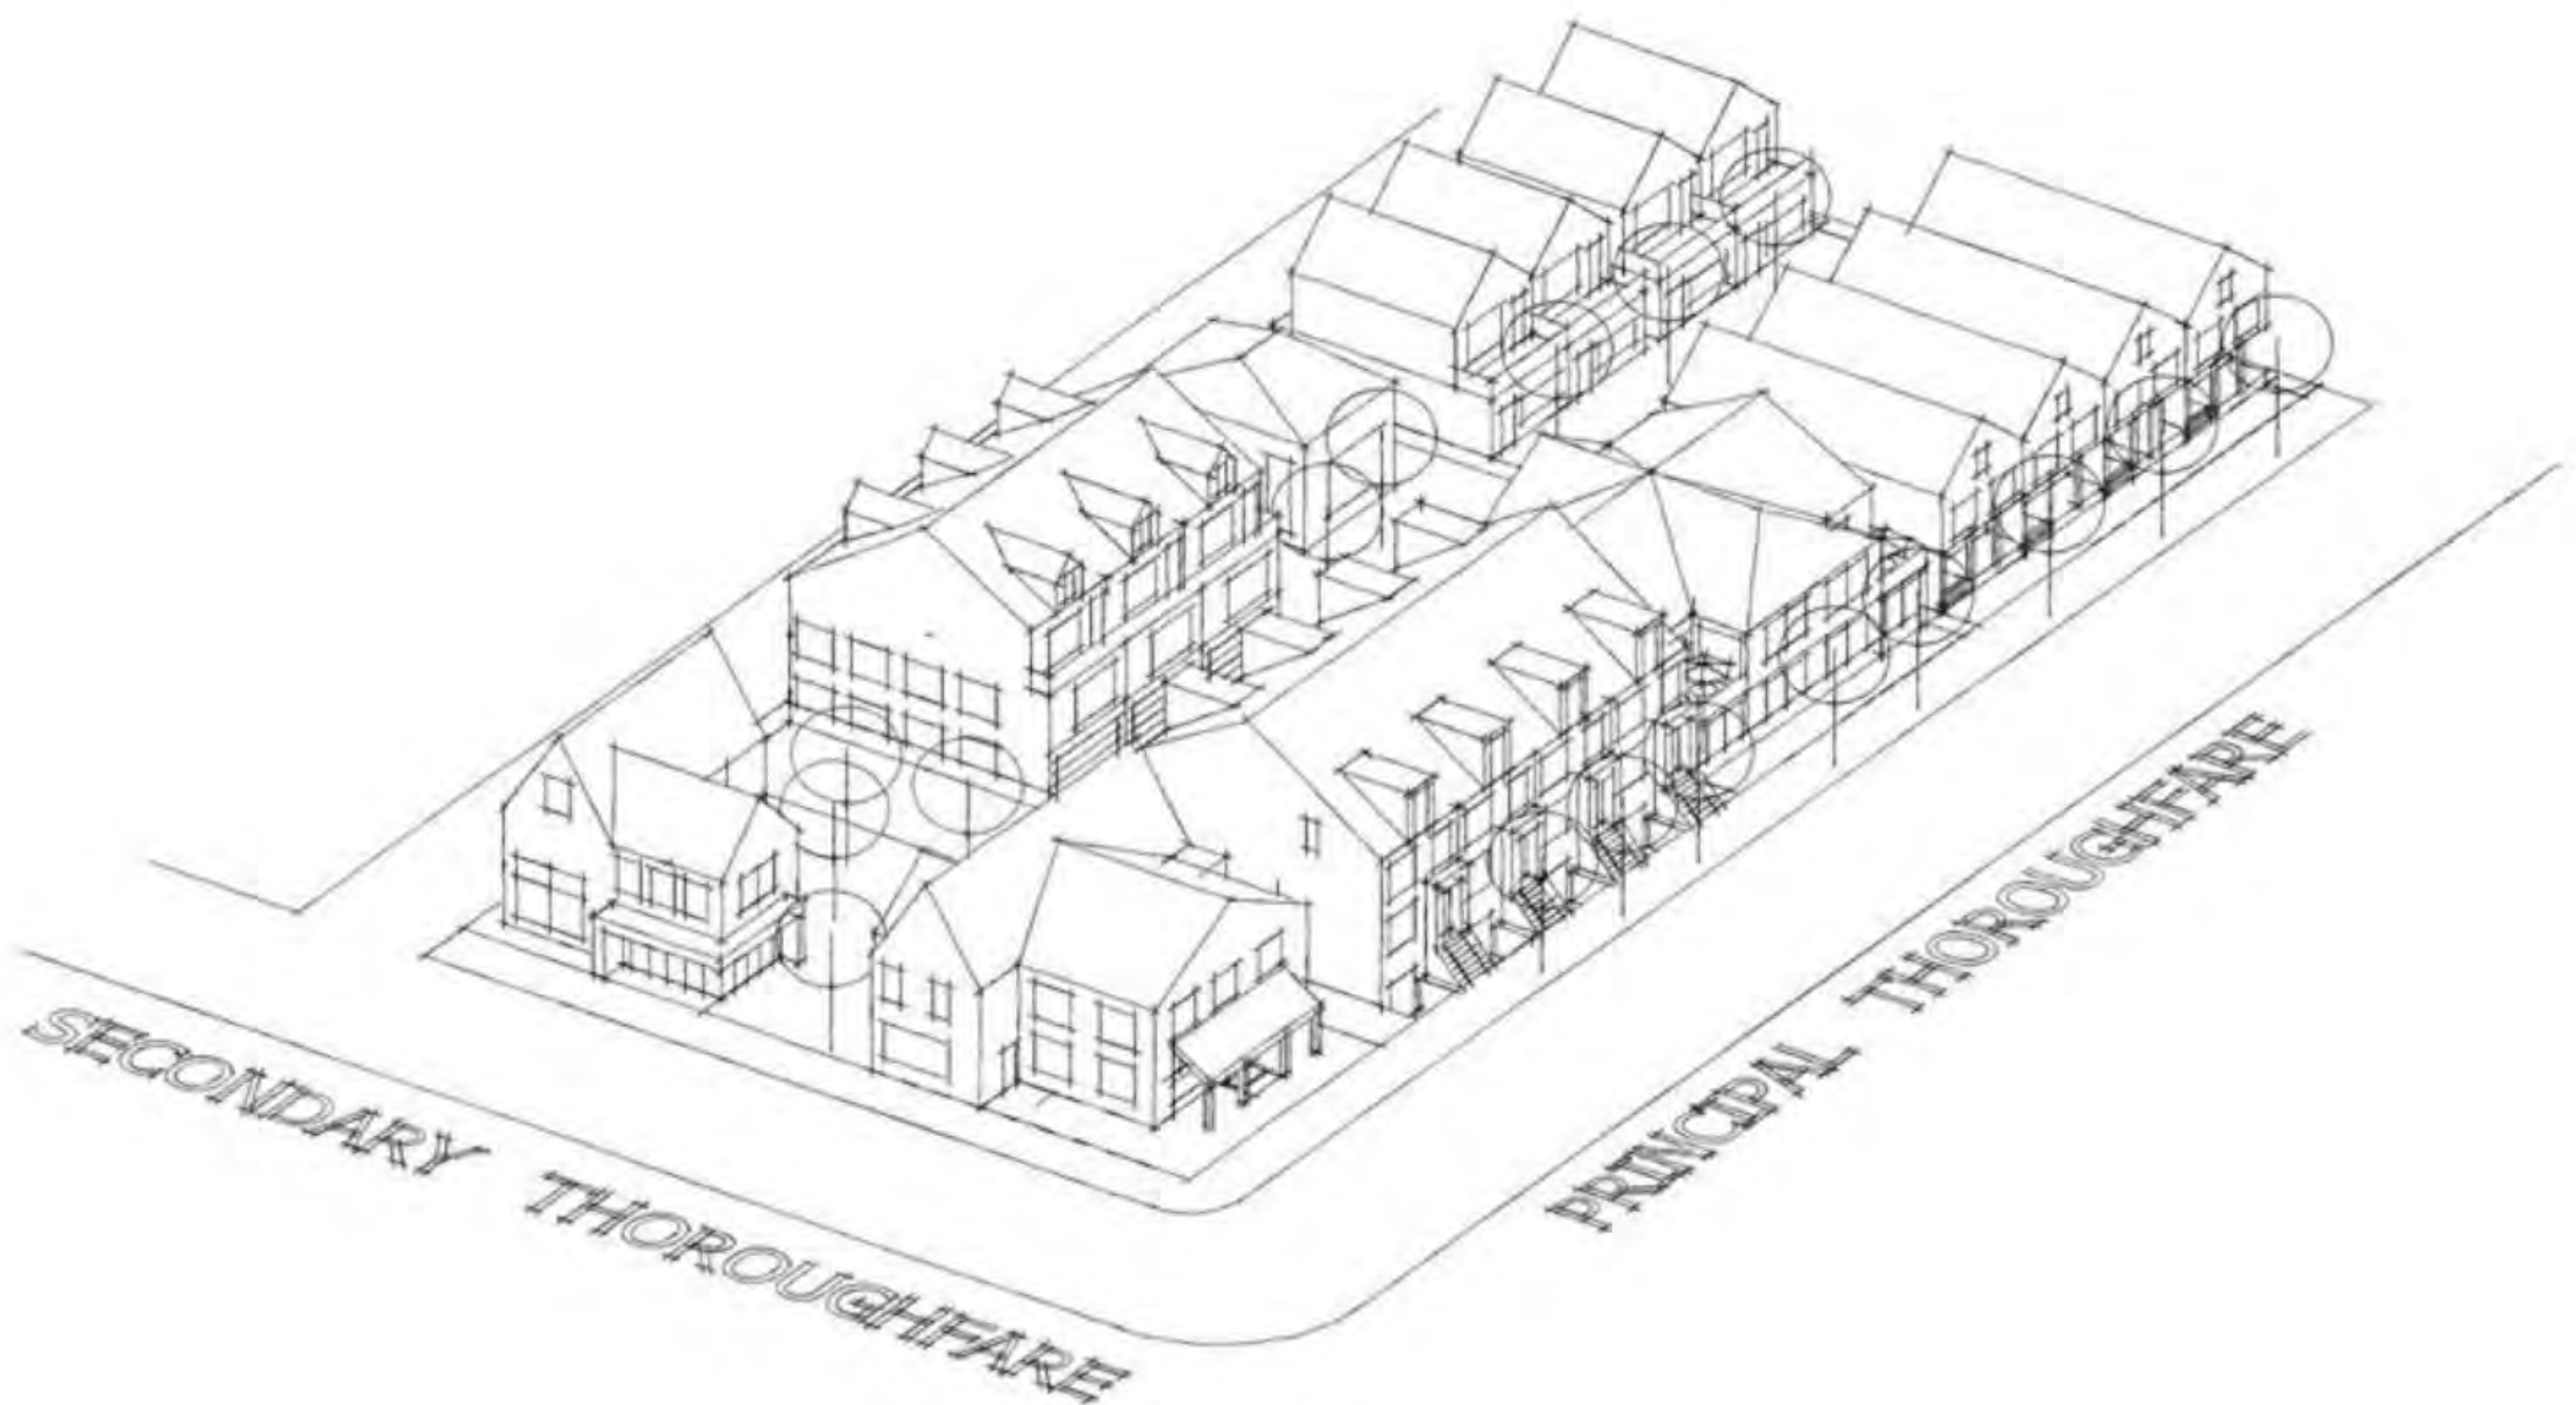

3.4 INTEGRATED NEIGHBOURHOOD DISTRICT (IN)

3.4.1 Intent

General Intent: To provide a variety of housing options with integrated local commercial and business opportunities, primarily in greenfield areas.

How uses are mixed: Uses shall be primarily residential with opportunities for walkable local commercial or businesses to be spread out throughout the district, such as corner stores or a local restaurant.

Form of Development: Lot widths shall vary within an interconnected street network to enable different residential options on a block. Except in locations that have already been approved or a comprehensive site with an internal street system, rear lanes shall be mandatory for parts of the district to enable long term design flexibility of each lot and the overall neighbourhood.

3.4.4 Block / Subdivision Standards

a) Block Length	Max 240 m
b) Block & Subdivision Standards	<p>i. To create a pedestrian network throughout Beaumont a mid-block pedestrian walkway shall be dedicated as a right-of-way where the block length exceeds 240 m. The location of the right-of-way cannot be located within 75 m of the ends of the block length. With the addition of the right-of-way, the new block length shall not exceed 240m. At the discretion of the Development Authority, lots adjacent to arterial roads or highways may not be required to include a pedestrian right-of-way, or where the topographic changes, existing buildings or other natural or man-made obstructions prevent such access, and where strict compliance would pose a safety hazard.</p> <p>ii. Block standards may be varied to conform to natural features, transportation rights-of-way, parks or open space, existing utilities, or other similar constraints.</p> <p>iii. A minimum of 40% of net developable area within this land use district shall have rear lanes as per the area structure plan, neighbourhood structure plan, and / or outline plan. Net developable area does not include lots adjacent to storm water utilities, arterial roads, highways, or similar circumstances, including but not limited to public utility lots, municipal reserves, and environmental reserves.</p> <p>iv. Shadow plans of future phases of development shall be required to demonstrate how the minimum percentage of rear lanes is achieved.</p>
c) Lot Width	Min 4.9 m to max 15 m except for multi-unit buildings or institutional uses where the lot width may be increased, at the discretion of the Development Authority .
d) Single Side Yard	Blocks intended for Single Side Yard Dwellings with primary access from the principal frontage shall not be across the thoroughfare from lots that are intended for the purposes of Single Side Yard Dwellings with primary access from the principal frontage.

c) ADDITIONAL SITE STANDARDS

ii. General Safety	Design elements that allow for casual surveillance, not including digital surveillance, are expected to be included in the design. These elements may include, but are not limited to, door placement, large window areas, high quality interior and exterior lighting, a physical layout that reduces the vulnerability of pedestrians, the placement and use of soft landscaping that limits areas of concealment, and integrating the pedestrian network with building entrances.
iii. Lighting	All permanently installed lighting shall be directed downward, be shielded in a manner to not be directed to adjacent lots, and shall not, in the opinion of the Development Authority adversely impact safety. All permanently installed lighting shall be compliant with International Dark-Sky Association requirements.
iv. Vehicles	Dismantled or wrecked vehicles and commercial vehicles are prohibited from parking in a frontage . All vehicles shall be parked on a parking stall .
v. Solid Waste	All non-residential uses shall provide a solid waste storage area suitable for 2- or 3-stream waste diversion for the intended use and designed to the satisfaction of the Development Authority . All areas shall be located at the side or rear of a lot , screened from view and accessed from a public roadway or lane .

3.4.7 Building Profile Standards

- a) [Principal Building Height](#) to [Eave](#) Max 4 [storeys](#)

- b) [Accessory Building Height](#) to [Eave](#) Max 2 [storeys](#) but in any event, no taller than the [principal building](#).

c) Design Standards	<ul style="list-style-type: none">i. The finish and appearance of all buildings on the lot, including accessory buildings, shall complement the other structures and natural features located on the same lot.ii. The design of dwellings must ensure individuality and a variety of dwellings. This will require consideration of the exterior treatment of materials, textures, rooflines and wall openings on the same side of the public roadway, as well as directly across the public roadway from one another. Design variability for the principal dwelling shall follow an A B C D A pattern along the block.iii. Mechanical equipment shall be screened or incorporated into the roof envelope, where appropriate.iv. Buildings on prominent corner lots shall have the same materials and architectural details on all street exposures. Entrances may be located near the corner.v. No tarpaulin structures.
d) Allowable Projections into Setbacks	Gallery, balcony , sign , awning, accessibility features , eave , cantilever, chimney / fireplace

3.4.8 Frontage Type Standards

Frontage Type Standards shall apply to each principal frontage for all uses except institutional uses where the character of each frontage type shall be maintained, but variations to the entrance feature characteristics do not apply. Entrance features are any pedestrian access / egress to a building.

a) FRONT ATTACHED GARAGE

A frontage wherein a driveway and attached garage are located with a front entrance feature perpendicular to the principal thoroughfare.

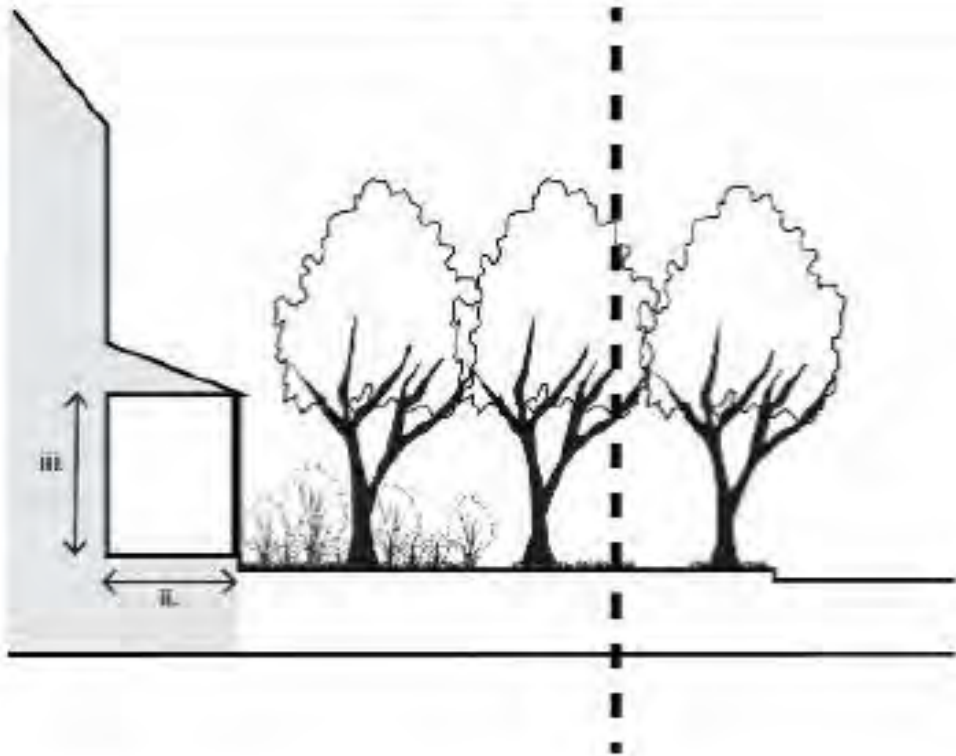

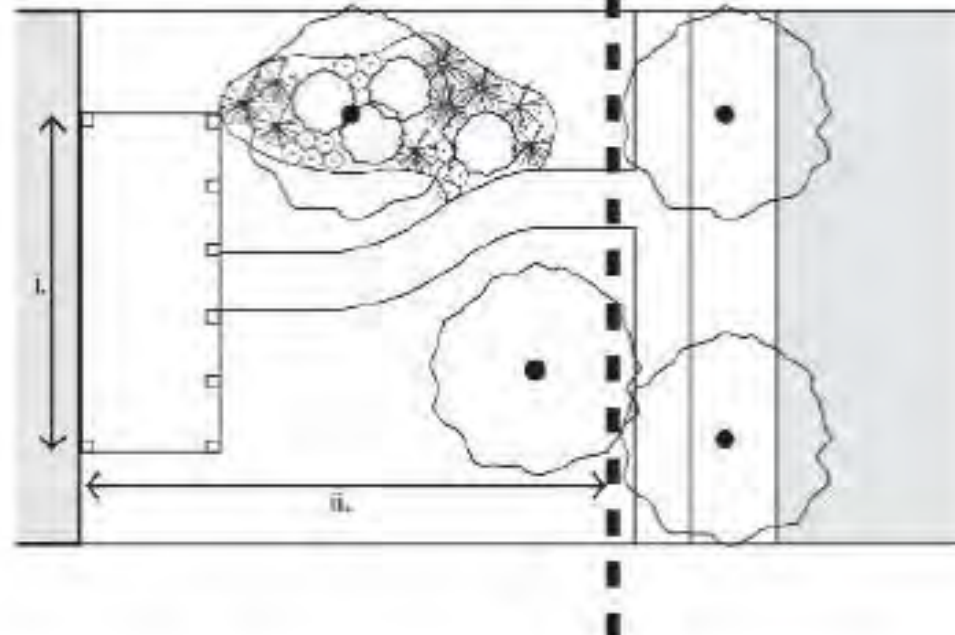

Section View	Plan View	Entrance Feature characteristics:		
		i. Width	ii. Depth	iii. Height
		From outside edge of <u>building</u> element included in the <u>entrance feature</u>	Exterior foundation <u>projection</u> of the <u>entrance feature</u>	From <u>grade</u> to highest point of the <u>entrance feature</u>
		1.2 m min	1.2 m min	-
Additional Standards	<ul style="list-style-type: none"> iv. <u>Entrance features</u> shall be wholly visible from the <u>principal thoroughfare</u>. v. A minimum of 1 tree is required per <u>lot</u>. vi. All driveways shall extend a minimum of 6 m from the <u>lot line</u> to the garage foundation. vii. Driveways shall be no wider than the garage. viii. Where possible, curb cut widths shall be minimized. ix. Where possible, driveways shall be paired. 			

PART 3: LAND USE DISTRICTS

INTEGRATED NEIGHBOURHOOD DISTRICT (IN)

b) COMMON YARD

A planted frontage wherein the façade is set back from the front lot line. The principal frontage remains unfenced and is visually continuous with adjacent yards, supporting a common landscape.

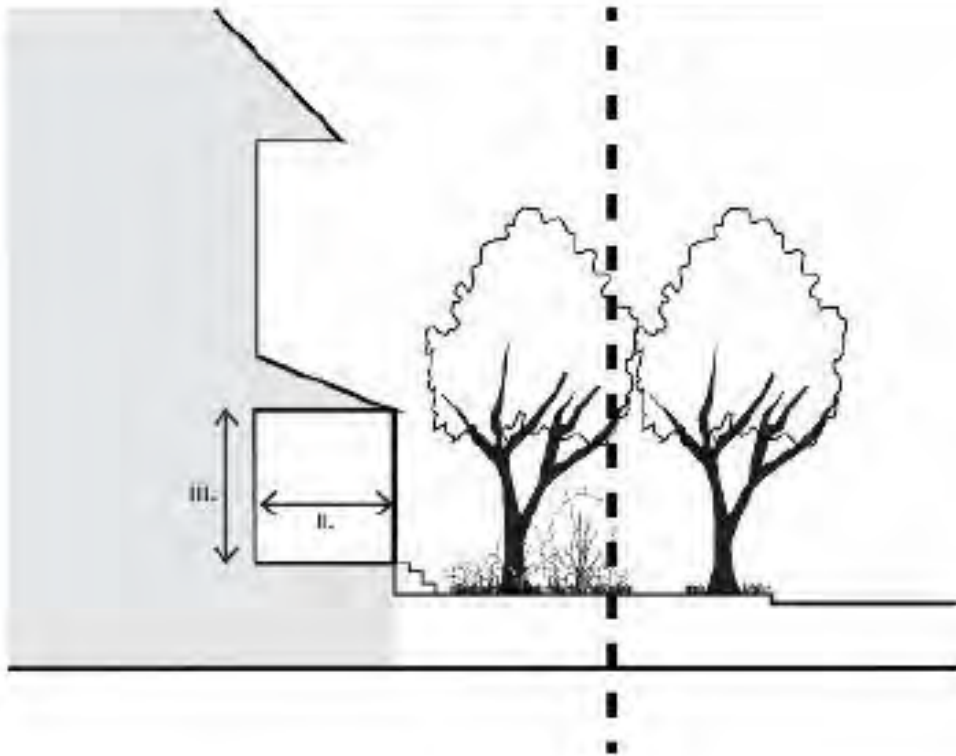

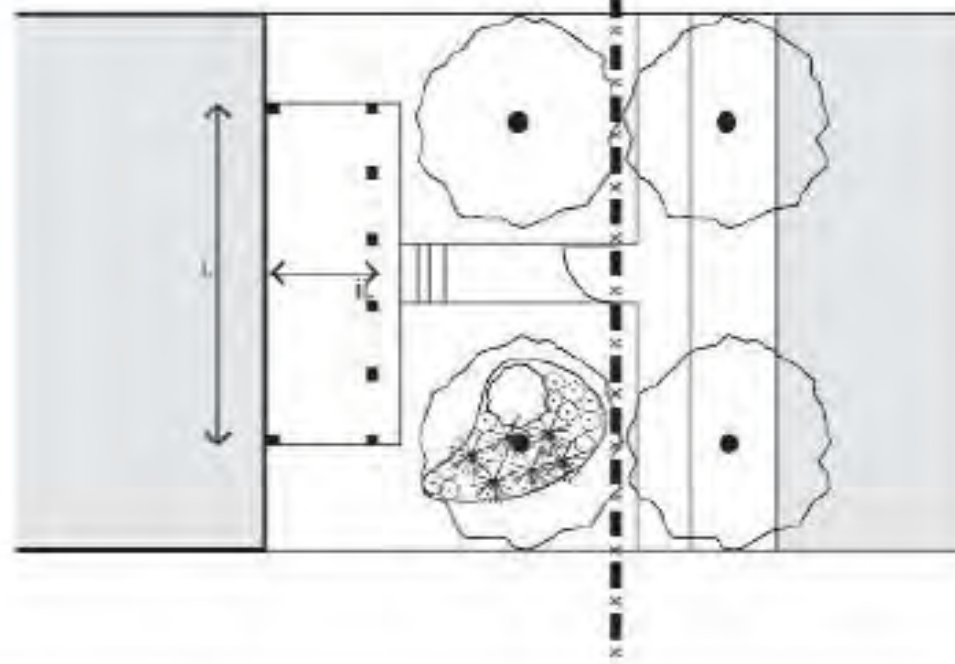

Section View	Plan View	Entrance Feature characteristics:		
<p>LOT ► ◄ R.O.W.</p> <p>PRIVATE FRONTAGE PUBLIC FRONTAGE</p> 	<p>LOT ► ◄ R.O.W.</p> <p>PRIVATE FRONTAGE PUBLIC FRONTAGE</p> 	i. Width	ii. Depth	iii. Height

PART 3: LAND USE DISTRICTS

INTEGRATED NEIGHBOURHOOD DISTRICT (IN)

d) ALTERNATE HEIGHT ENTRANCE

A frontage wherein the façade is setback back from the lot line by an elevated or sunken entrance. This frontage type buffers uses from urban sidewalks and removes the private yard from public encroachment. Entrances may be suitable for conversion to outdoor restaurants / cafés or similar uses. This frontage shall be designed to incorporate accessibility features.

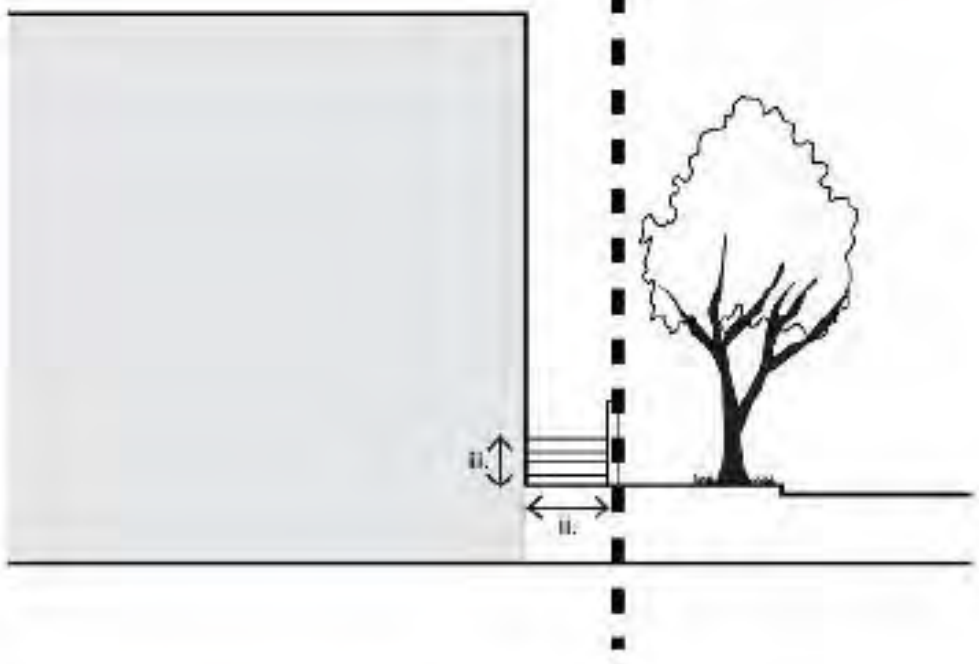

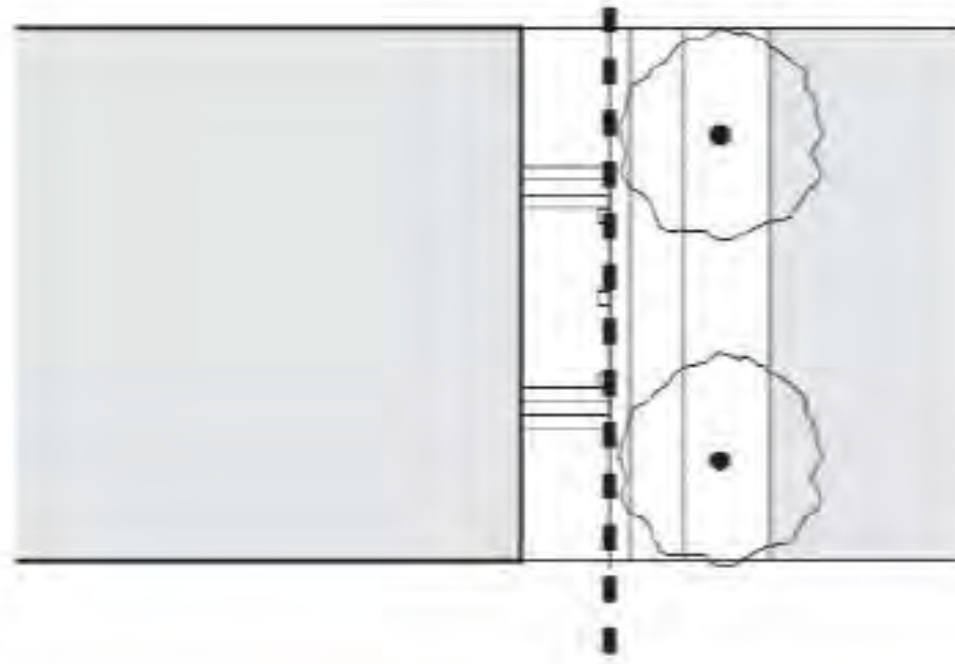

Section View	Plan View	Entrance Feature characteristics:		
		i. Width	ii. Depth	iii. Height
Additional Standards		1.2 m min	2 m max (not including stairs or <u>accessibility features</u>)	Aligned with floor heights
		iv. Fences shall be provided between the <u>thoroughfare</u> and the <u>entrance feature</u> that meets safety code requirements. v. Trees shall be incorporated in any area of the <u>frontage</u> that is not hardscaped. Every effort should be made to accommodate trees, however, where enough space cannot be accommodated alternate <u>soft landscaping</u> may be used, at the discretion of the <u>Development Authority</u> .		

PART 3: LAND USE DISTRICTS

INTEGRATED NEIGHBOURHOOD DISTRICT (IN)

e) STOOP

A frontage where the first storey is elevated from grade. This frontage type is typically used for buildings where the elevation provide additional privacy for windows. As such, the entrance feature should be clearly welcoming and accommodating to reduce the perception of separation as a result of the change in grade.

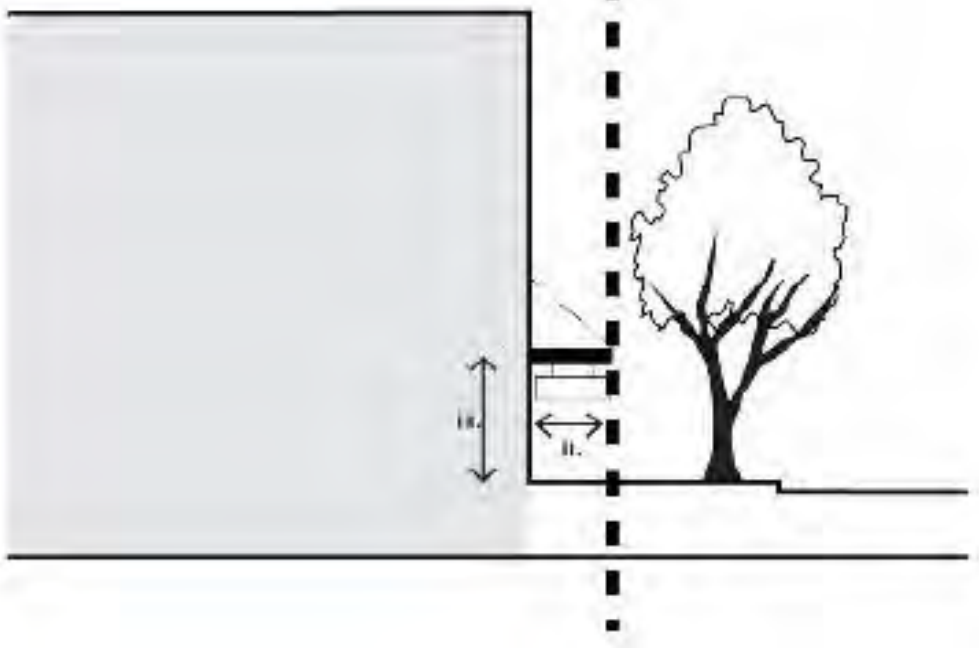

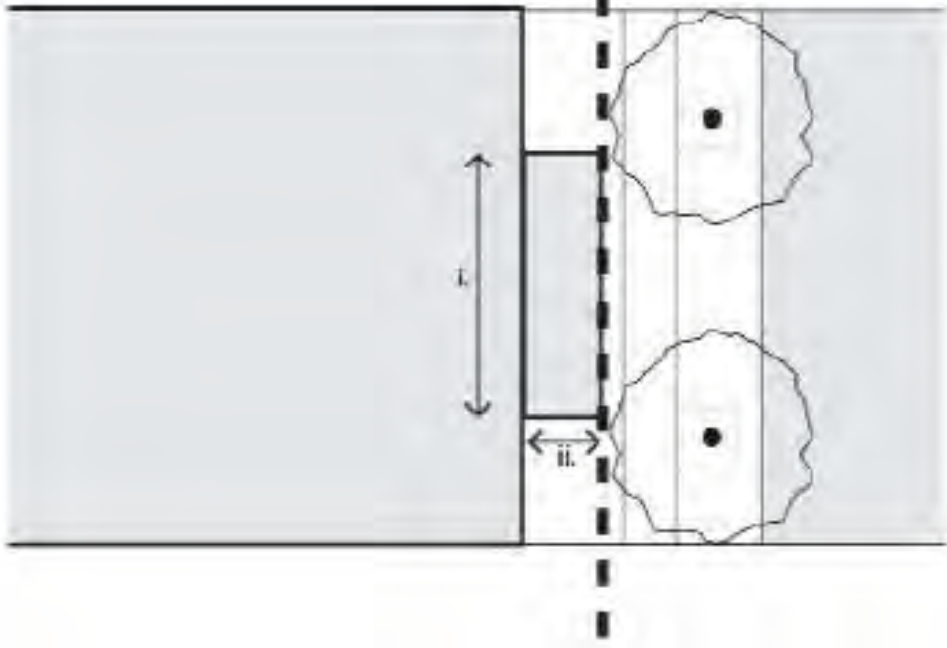

Section View	Plan View	Entrance Feature characteristics:		
<p>LOT ► ◄ R.O.W.</p> <p>PRIVATE FRONTAGE ► ◄ PUBLIC FRONTAGE</p> 	<p>LOT ► ◄ R.O.W.</p> <p>PRIVATE FRONTAGE ► ◄ PUBLIC FRONTAGE</p> 	i. Width	ii. Depth	iii. Height

		1.8 m min (not including stairs or <u>accessibility features</u>)	2 m max	Aligned with floor height
Additional Standards		iv. <u>Projections</u> , such as awnings, that overhang the <u>entrance feature</u> may be considered, but shall not be more than 4 m from the floor height.		

PART 3: LAND USE DISTRICTS

INTEGRATED NEIGHBOURHOOD DISTRICT (IN)

f) SHOPFRONT

A frontage where the entrance feature is at sidewalk grade and where the façade has several windows on the ground floor with an awning or similar structure projecting over the entrance.

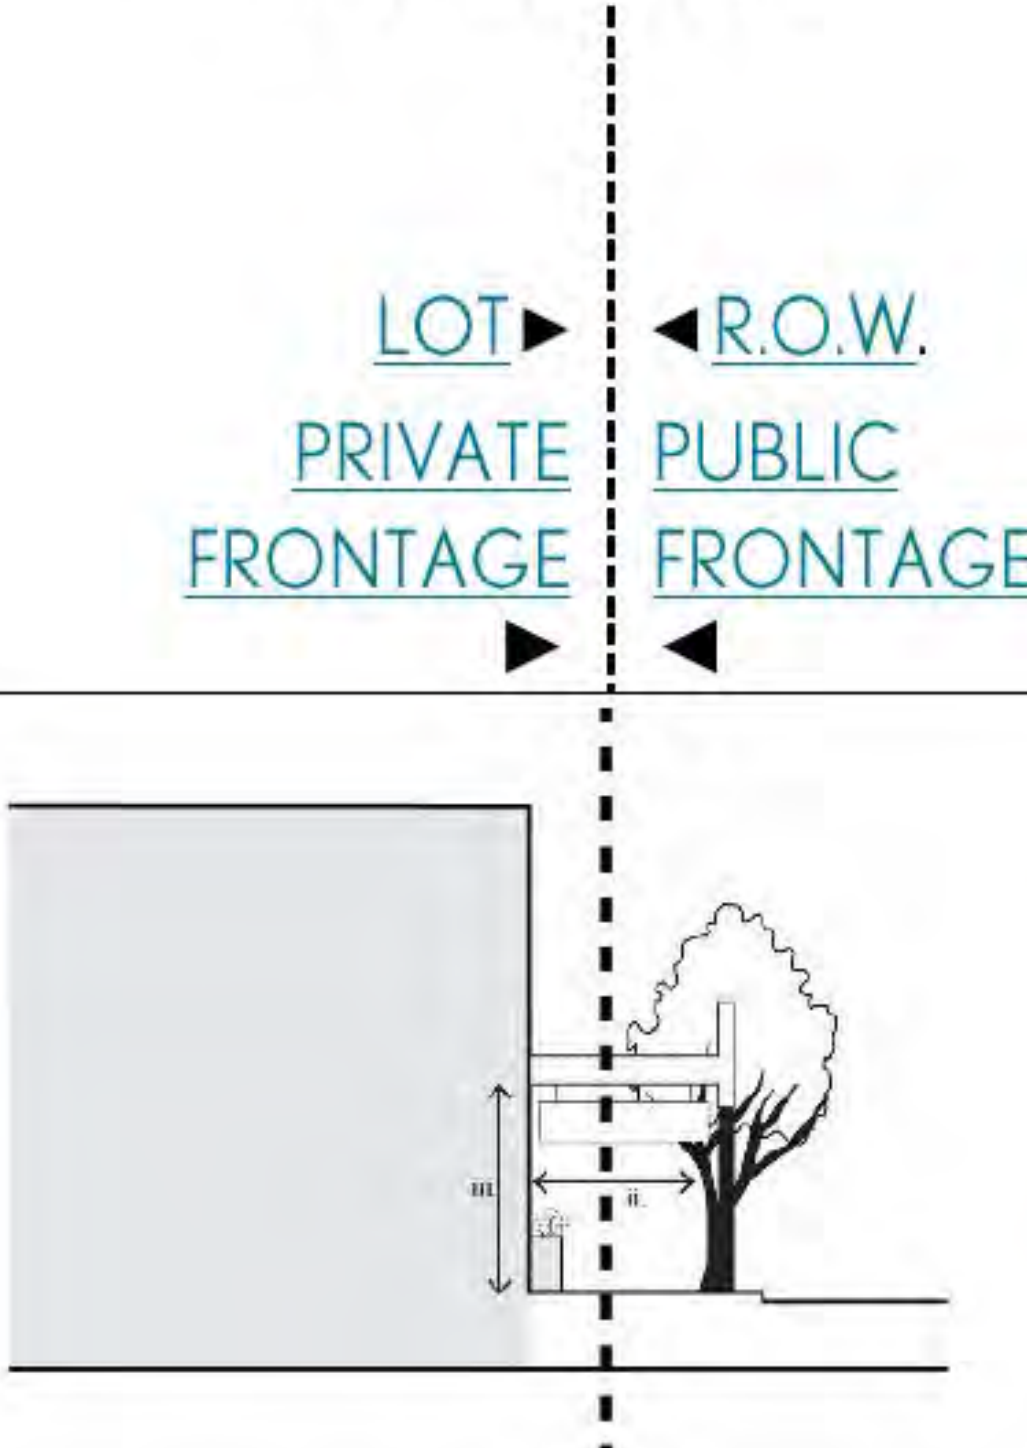

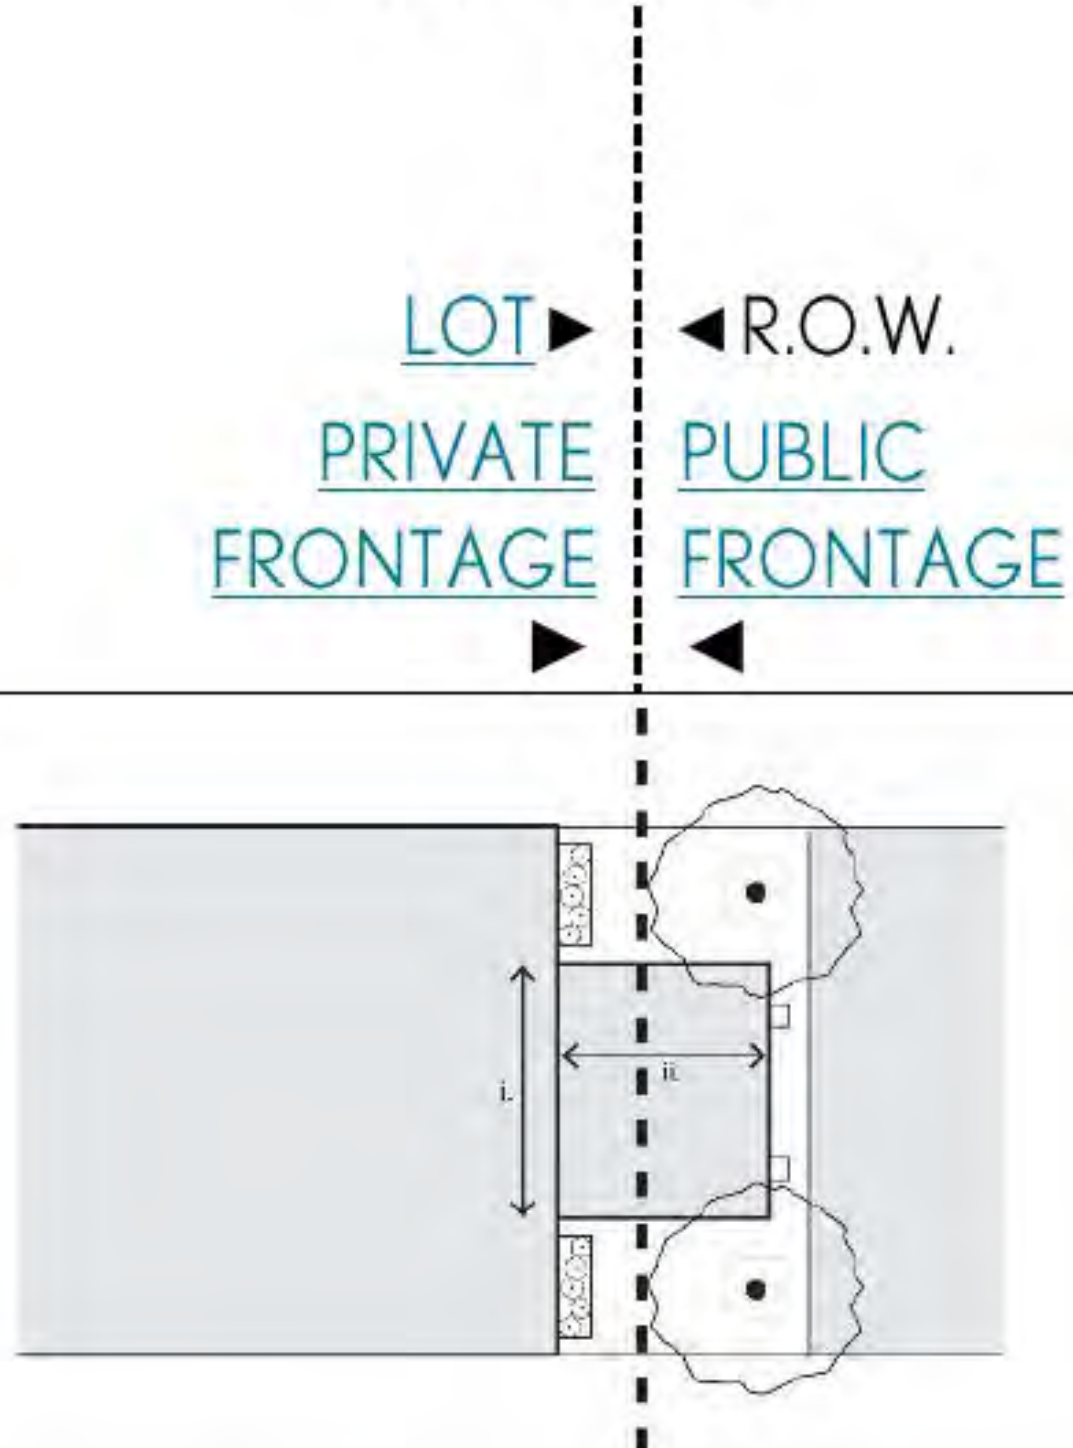

Section View	Plan View	Entrance Feature characteristics:		
		i. Width <i>Percentage of lot width</i>	ii. Depth <i>Exterior foundation projection of the entrance feature</i>	iii. Height <i>From grade to lowest point of the awning or overhang</i>
Additional Standards		30% min	1.5 m min	3.05 m max
		iv. Ground floor <u>uses</u> are limited to lodging, commercial, and institutional <u>uses</u> . v. Where appropriate, a <u>projection sign</u> shall be integrated with the <u>entrance feature</u> . vi. <u>Hard landscaping</u> shall be contiguous and seamlessly integrated with the public sidewalk with no <u>grade</u> adjustments. vii. A minimum of 50% of the ground floor <u>façade</u> shall be composed of non-glazed windows and doors. viii. Sidewalk Cafés may be incorporated as per Beaumont's <i>Sidewalk Café Guidelines</i> .		

PART 3: LAND USE DISTRICTS

INTEGRATED NEIGHBOURHOOD DISTRICT (IN)

g) GALLERY

A frontage where the entrance feature is an attached cantilevered eave or lightweight colonnade overhanging the entrance. The entrance feature may overhang, or encroach on, the lot line where pedestrian movement is not hindered.

Section View	Plan View	Entrance Feature characteristics:		
		i. Width <i>Percentage of <u>lot width</u></i>	ii. Depth <i>Exterior foundation <u>projection of the entrance feature</u></i>	iii. Height <i>From <u>grade</u> to highest point of the <u>entrance feature</u></i>
		30% min	3 m min	3.5 m min
Additional Standards		<ul style="list-style-type: none"> iv. Where appropriate, a <u>projection sign</u> shall be integrated with the <u>entrance feature</u>. v. Where appropriate, the width of the <u>entrance feature</u> may be seamlessly continued to <u>adjacent buildings</u>. vi. <u>Hard landscaping</u> shall be contiguous and seamlessly integrated with the public sidewalk with no <u>grade</u> adjustments. vii. Where any <u>structure</u> encroaches on the <u>public realm</u> all maintenance and upkeep of the <u>structure</u> and surrounding area is the responsibility of the private owner.

3.4.9 Landscaping & Screening Standards

a) Development Standards	All landscaping shall comply with the General Design Standards except where Frontage Type Standards in Section 3.4.8 take precedence. Where possible use plants with seasonal interest. Drought tolerant plants are encouraged.
b) Mandatory Requirement	Any portion of a site not occupied by a structure , parking area, patio , walkway, or storage area shall be landscaped.
c) Number of Trees	All lots greater than 2,500 m ² shall be required to provide a minimum of 1 tree per 35 m ² , based on 10% of the site , where 40% of those trees shall be coniferous, except for municipal reserve land . Unless otherwise provided for by a frontage standard, all lots less than 2,500 m ² shall be required to provide a minimum of 3 trees, except for municipal reserve land .
d) Tree Size	At the time of planting each coniferous tree shall be at least 2.0 m in height and each deciduous tree shall have a caliper of at least 50 mm.
e) Tree Location	Where tree requirements are specified in the Frontage Type Standards, as per Section 3.4.8, the total number of trees required for the remainder of the lot shall be subtracted by those trees to be located in the principal frontage .
f) Number of Shrubs	All lots greater than 2,500 m ² , shall be required to provide a minimum of 1 shrub per 35 m ² , based on 10% of the site , except for municipal reserve land . Unless otherwise provided for by a frontage standard, all lots less than 2,500 m ² shall be required to provide a minimum of 5 shrubs, except for municipal reserve land .
g) Shrub Size	At the time of planting each shrub shall be at least 300 mm deciduous height or 450 mm coniferous spread.
h) Soil Requirements	A minimum of 15 cm of high quality soil and growing material is required for all planting areas.
i) Fencing / Screening	A fence , wall, or screening may not exceed 1.0 m within a principal frontage or 1.8 m in height on any other portion of the lot . A permit is required for a fence exceeding 1.0 m in height on a secondary frontage .

c) PARKING STANDARDS

i.	Development Standards	Any parking area having four or more parking stalls that are visible from an adjoining site , or from a thoroughfare other than a lane , shall have perimeter planting. The location, length, thickness and height of such perimeter planting at maturity shall, in conjunction with a change in grade or other natural or man-made features, be sufficient to provide substantial interruption of the view of the parking area from any adjoining site and enhance the view of the parking area from any adjacent thoroughfare .
ii.	Pedestrian Network Design	Parking lots shall be designed to efficiently, comfortably, and to safely direct pedestrians from parking areas and entrance features . Walking areas shall be a minimum of 2 m wide, be well marked, be separated by grade from driving or parking areas, and be integrated with landscaping. Parking lots shall not be located in the principle frontage .
iii.	Parking Location	All parking stalls shall be provided on- site except where, at the discretion of the Development Authority , street parking may be accommodated. Street parking can be considered where the curb frontage is a minimum of 6.m per stall excluding access locations and appropriate safety distances. Where contiguous curb frontage space is available, street parking may be considered part of the minimum parking requirements as per Section 3.4.10 (a).
iv.	Shared Parking	Where multiple buildings or uses are located on a site , parking minimums in Section 3.4.10 (a) may be reduced to the satisfaction of the Municipality .
v.	Parking Lot Size	A maximum of 50% of the site can be used to accommodate parking. Where parking requirements in Section 3.4.10 (a) exceed this amount, a strategy for reducing the parking need shall be provided.
vi.	Accessible Vehicle Parking	For all lots with 11 or more vehicle parking stalls , accessible parking shall be provided in a location with the easiest pedestrian access to the principal building entrance and shall be provided in accordance with the <i>Barrier Free Design Guide</i> as per the Alberta Safety Codes Council.

PART 3: LAND USE DISTRICTS

INTEGRATED NEIGHBOURHOOD DISTRICT (IN)

c) PARKING STANDARDS

vii.	Parking Structure Design	Accesses shall be designed as an integral part of the building façade so they are in scale and character with the rest of the building . Accesses shall not interfere with pedestrian movement.
viii.	Parking Lot Stall Location	Parking stalls shall be spread out through the site and integrated with buildings and landscaping to provide a comfortable pedestrian network.
ix.	Landscaped Islands	In addition to the landscape requirements in Section 3.4.9 in no case shall there be less than 1 tree and 3 shrubs per landscaped island.
x.	Calculations	Where a fractional figure occurs, the requirement shall be rounded up to the next whole number.

d) BICYCLE PARKING STANDARDS

i.	Development Standards	Bicycle parking structures shall be highly visible and shall include a permanent rack or hook-up system. Creative integration with the development is encouraged.
ii.	Minimum Bicycle Parking	All non-residential buildings less than 4,600 m ² shall provide parking for at least 6 bicycles per building . All non-residential building greater than or equal to 4,600 m ² shall provide parking for 6 bicycles per entrance.
iii.	Bicycle Parking Location	All bicycle parking structures shall be located within 10 m of a public entrance, but shall not impede pedestrian circulation or access to a building .
iv.	Bicycle Parking Access	Where a change in grade occurs in the bicycle parking network, ramps or similar structures shall be used to access all bicycle parking structures .

PART 3: LAND USE DISTRICTS

INTEGRATED NEIGHBOURHOOD DISTRICT (IN)

e) ACCESS STANDARDS

i.	Number of Accesses	All lots require a minimum of 1 access to the site from a legal and physical public roadway and shall be approved by the Municipality . Additional accesses shall have prior approval from the Development Authority .
ii.	Lane Access	Lots fronting an arterial roadway shall be required to have access from a rear lane . Where the site is adjacent to a lane , the lane will be used for all vehicular access unless otherwise authorized by the Municipality , such as where a front attached garage frontage type is used with a lane .
iii.	Shared Access	Shared access between 2 or more adjacent lots may be considered to provide more effective access arrangements, to reduce curb cuts, and / or to reduce any negative impact on the public realm .

f) LOADING STANDARDS

i.	Development Standards	All non-residential uses shall provide sufficient space and access for loading vehicles to the satisfaction of the Development Authority .
ii.	Clearance	All loading areas shall provide a minimum of 5.3 m vertical clearance from grade .
iii.	Loading Space Size	All loading space shall be at least 4 m wide and 8 m long.
iv.	Access	Access shall be from a public road, a lane , or a clearly defined traffic aisle, and shall not obstruct patron / emergency vehicle circulation.
v.	Location	Loading areas shall be located to the side or rear of a lot .

3.5 MATURE NEIGHBOURHOOD DISTRICT (MN)

3.5.1 Intent

General Intent: To provide opportunities for intensification of [uses](#) and new [uses](#) to support a vibrant and successful downtown.

How uses are mixed: The variety of [uses](#) will change over time on an incremental scale that slowly alters the character of the neighbourhood from primarily residential. Redevelopment will encourage additional [dwelling units](#) and new [uses](#) that create a progressive transition from traditional residential neighbourhoods to an integrated and diverse Centre-Ville area.

Form of Development: Redevelopment shall respect the general established pattern of [blocks](#) while adding to the [public realm](#) over time. Additional pedestrian accesses or linkages shall be integrated, if appropriate, where possible. Height, massing, [setbacks](#), landscaping and similar [site](#) features shall respect existing [adjacent](#) lots and [uses](#).

PART 3: LAND USE DISTRICTS

MATURE NEIGHBOURHOOD DISTRICT (MN)

d) ALTERNATE HEIGHT ENTRANCE

A frontage wherein the façade is set back from the lot line by an elevated or sunken entrance. This type buffers uses from urban sidewalks and removes the private yard from public encroachment. Entrances may be suitable for conversion to outdoor restaurants / cafés or similar uses. This frontage shall be designed to incorporate accessibility features.

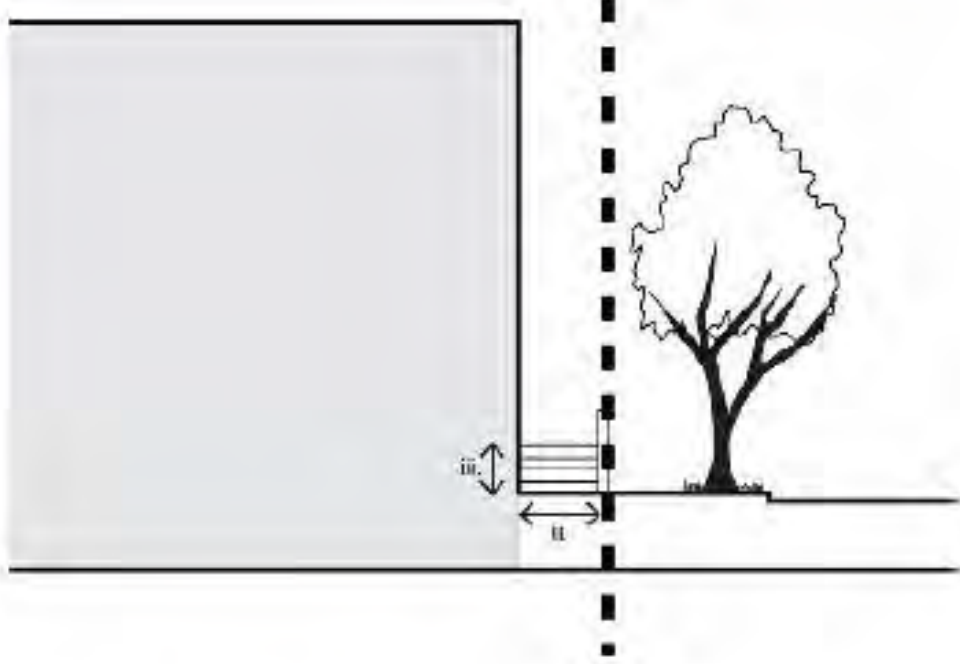

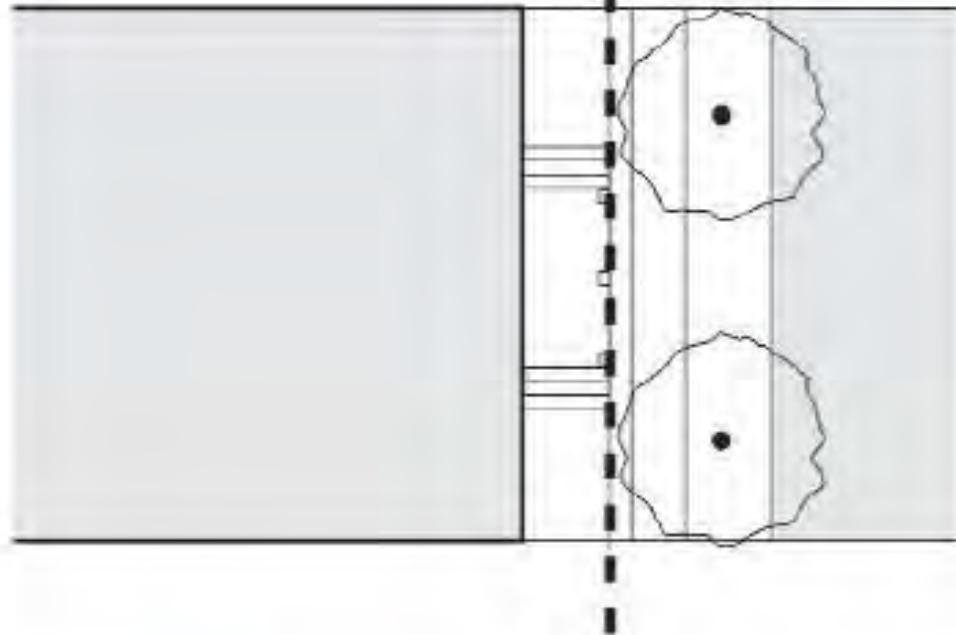

Section View	Plan View	Entrance Feature characteristics:		
		i. Width	ii. Depth	iii. Height
		From outside edge of <u>building</u> element included in the <u>entrance feature</u>	Exterior foundation <u>projection of the entrance feature</u>	From <u>grade</u> to highest point of the <u>entrance feature</u>
		1.2 m min	2m max (not including stairs or <u>accessibility features</u>)	Aligned with floor heights
Additional Standards		iv. Fences shall be provided between the <u>thoroughfare</u> and the <u>entrance feature</u> that meets safety code requirements. v. Trees shall be incorporated in any area of the <u>frontage</u> that is not hardscaped. Every effort should be made to accommodate trees, however, where enough space cannot be accommodated alternate <u>soft landscaping</u> may be used, at the discretion of the <u>Development Authority</u> .		

PART 3: LAND USE DISTRICTS

MATURE NEIGHBOURHOOD DISTRICT (MN)

e) STOOP

A frontage where the first storey is elevated from grade. This frontage type is typically used for buildings where the elevation provides additional privacy for windows. As such, the entrance feature should be clearly welcoming and accommodating to reduce the perception of separation as a result of the change in grade.

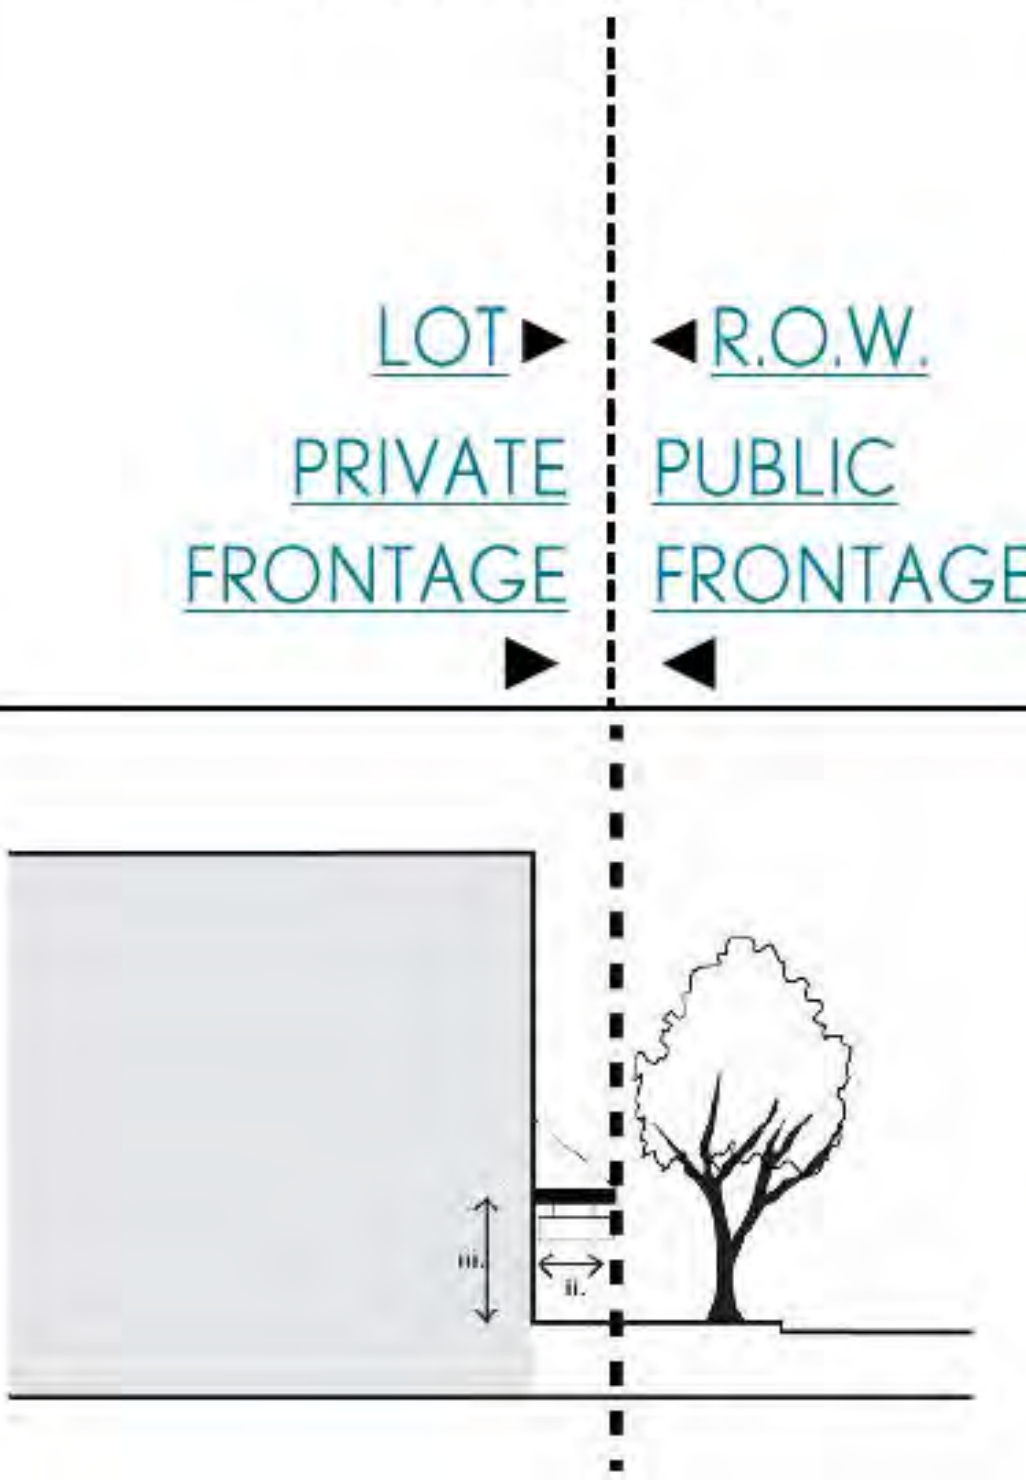

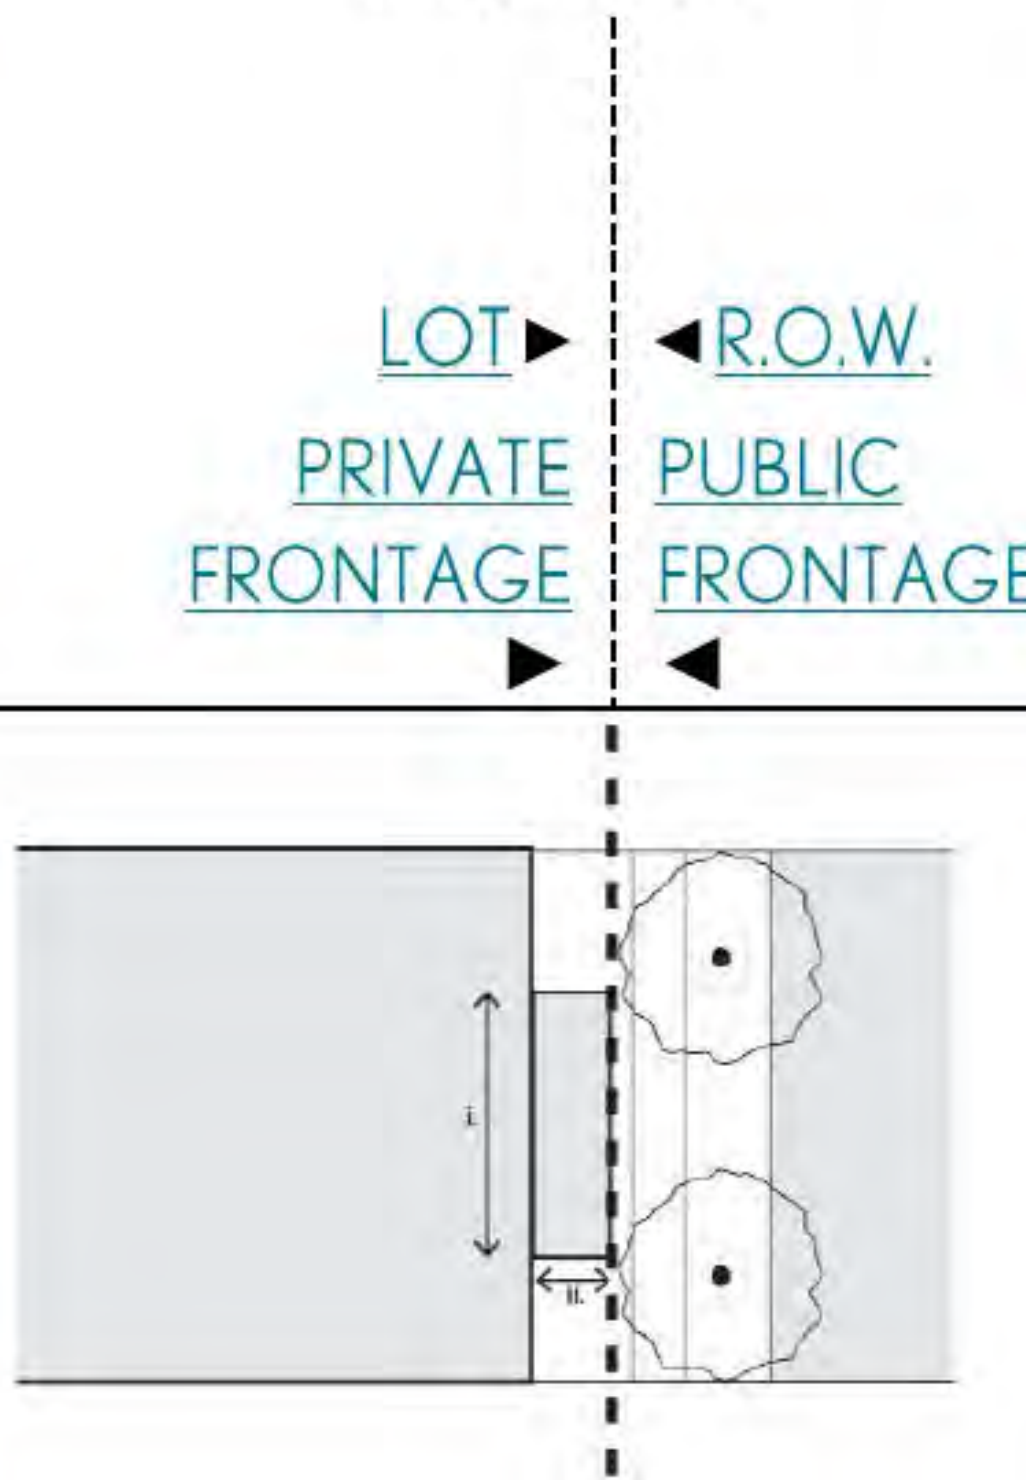

Section View	Plan View	Entrance Feature characteristics:		
<p>LOT ► ◄ R.O.W.</p> <p>PRIVATE FRONTAGE PUBLIC FRONTAGE</p> 	<p>LOT ► ◄ R.O.W.</p> <p>PRIVATE FRONTAGE PUBLIC FRONTAGE</p> 	i. Width	ii. Depth	iii. Height

		1.8 m min (not including stairs or <u>accessibility features</u>)	2 m max	Aligned with floor height
Additional Standards		iv. <u>Projections</u> , such as awnings, that overhang the <u>entrance feature</u> may be considered, but shall not be more than 4 m from the floor height.		

PART 3: LAND USE DISTRICTS

MATURE NEIGHBOURHOOD DISTRICT (MN)

f) SHOPFRONT

A frontage where the entrance feature is at sidewalk grade and where the façade has several windows on the ground floor with an awning or similar structure projecting over the entrance.

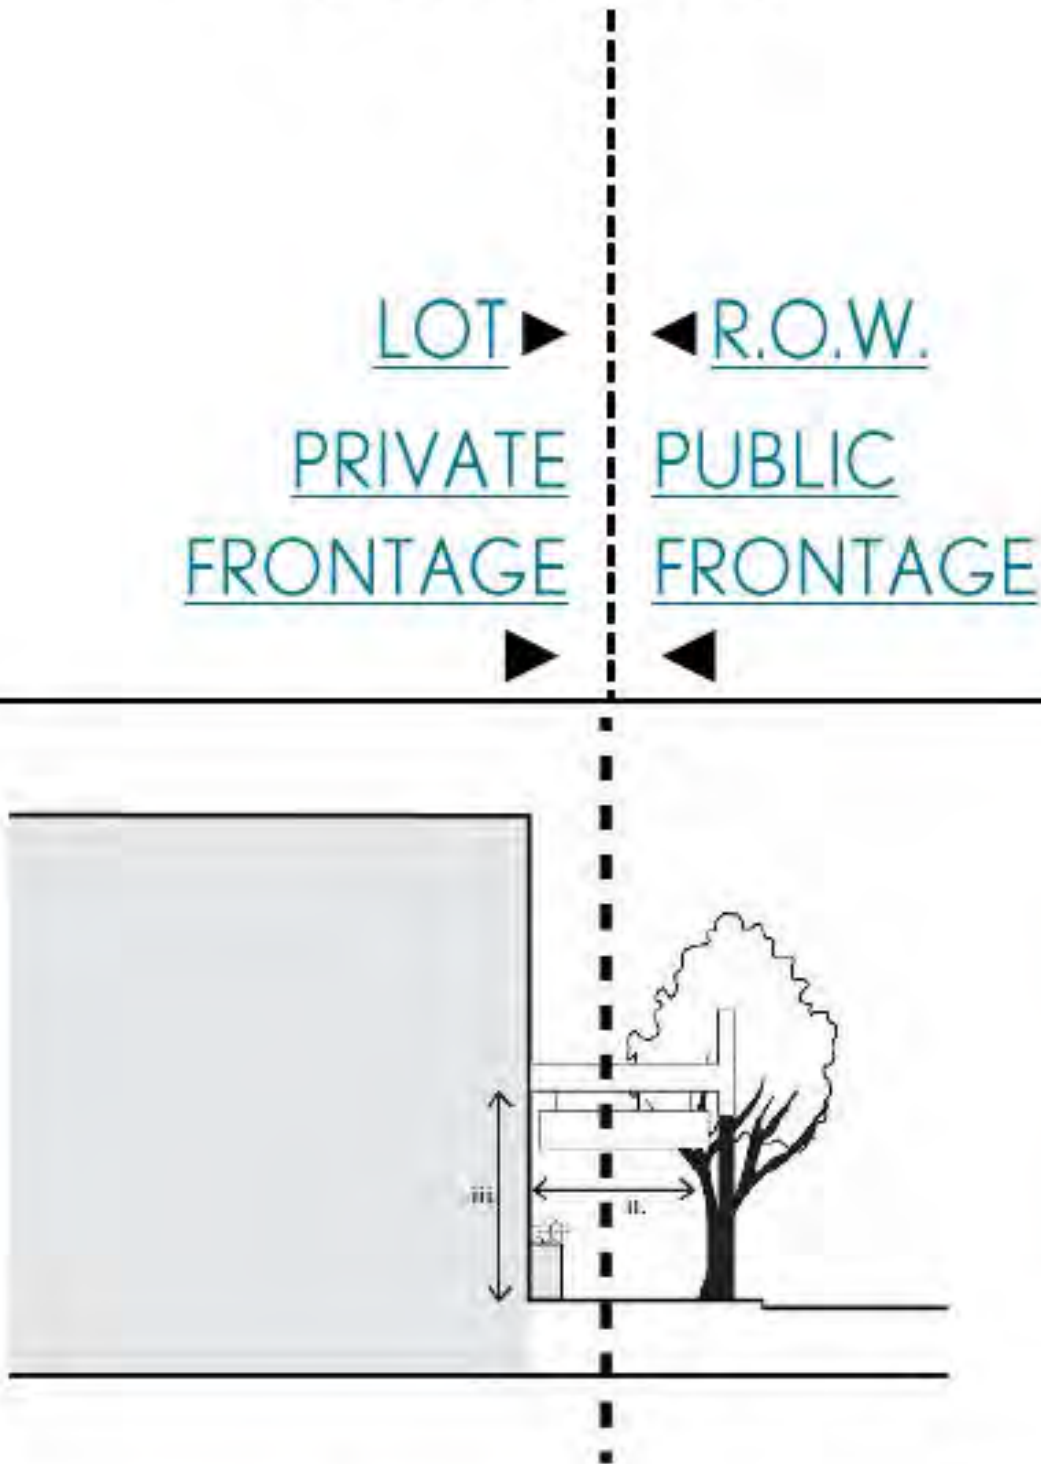

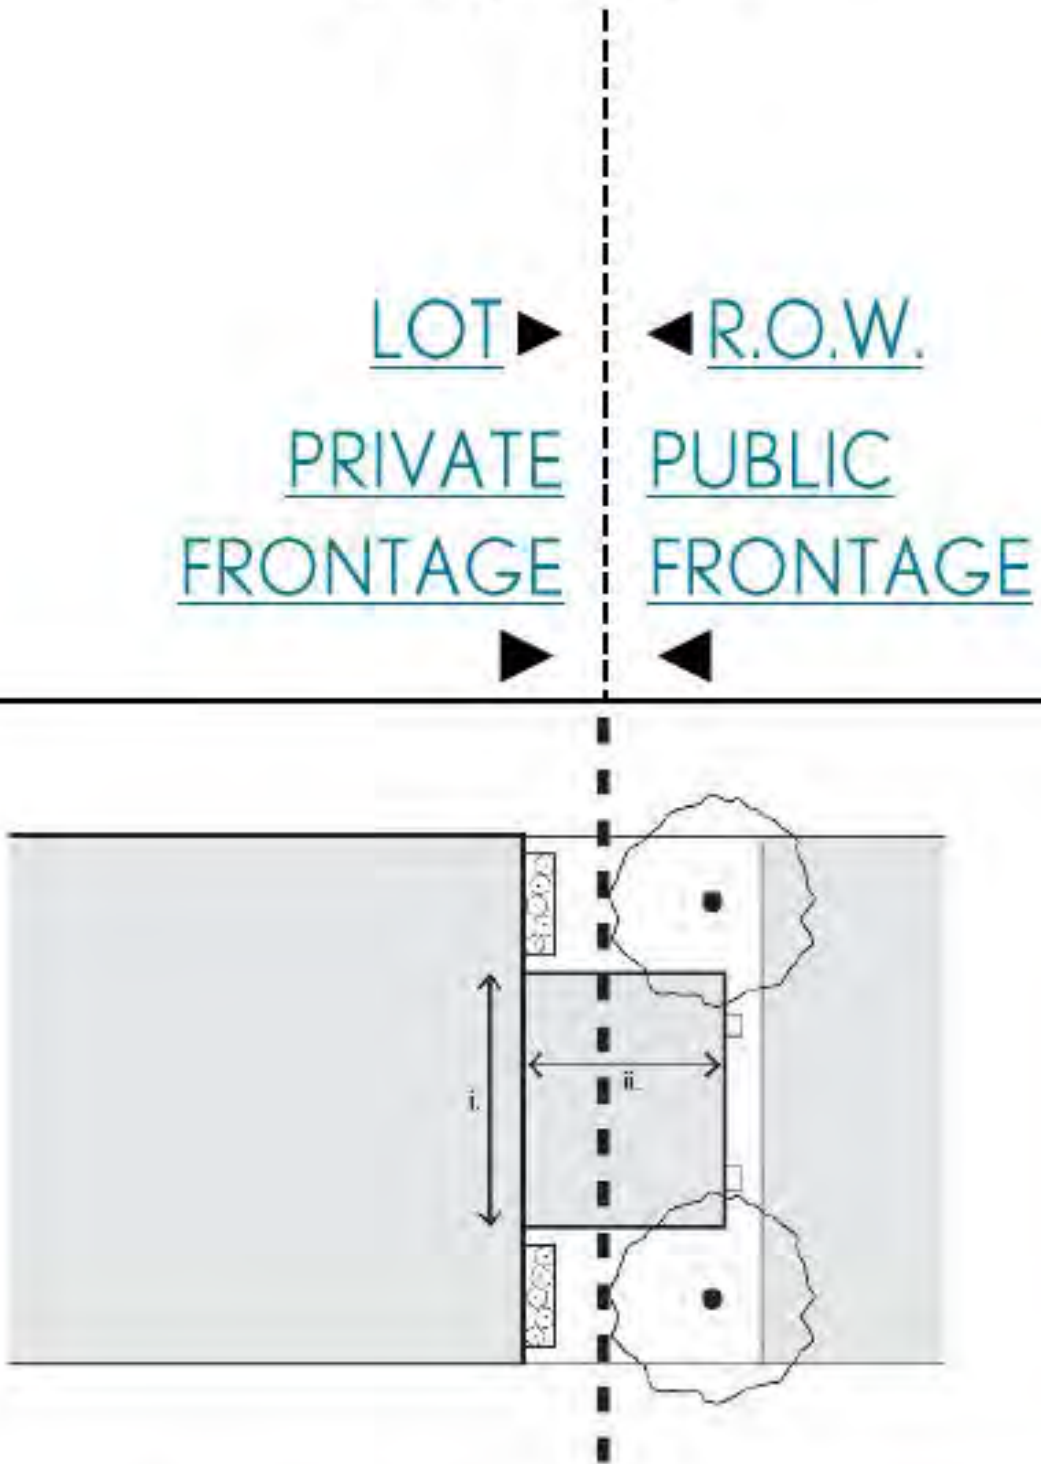

Section View	Plan View	Entrance Feature characteristics:		
		i. Width Percentage of <u>lot width</u>	ii. Depth Exterior foundation <u>projection of</u> the <u>entrance</u> <u>feature</u>	iii. Height From <u>grade</u> to lowest point of the awning or overhang
		30% min	1.5 m min	3.05 m max
Additional Standards		<ul style="list-style-type: none"> iv. Ground floor <u>Uses</u> are limited to lodging, commercial, and institutional <u>uses</u>. v. Where appropriate, a <u>projection sign</u> shall be integrated with the <u>entrance feature</u>. vi. <u>Hard landscaping</u> shall be contiguous and seamlessly integrated with the public sidewalk with no <u>grade</u> adjustments. vii. A minimum of 50% of the ground floor <u>façade</u> shall be composed of non-glazed windows and doors. viii. Sidewalk Cafés may be incorporated as per Beaumont's <i>Sidewalk Café Guidelines</i>. 		

PART 3: LAND USE DISTRICTS

MATURE NEIGHBOURHOOD DISTRICT (MN)

g) GALLERY

A frontage where the entrance feature is an attached cantilevered eave or lightweight colonnade overhanging the entrance. The entrance feature may overhang, or encroach on, the lot line where pedestrian movement is not hindered.

Section View	Plan View	Entrance Feature characteristics:		
		i. Width <i>Percentage of <u>lot width</u></i>	ii. Depth <i>Exterior foundation <u>projection of the entrance feature</u></i>	iii. Height <i>From <u>grade</u> to highest point of the <u>entrance feature</u></i>
		30% min	3 m min	3.5 m min
Additional Standards	<ul style="list-style-type: none"> iv. Where appropriate, a <u>projection sign</u> shall be integrated with the <u>entrance feature</u>. v. Where appropriate, the width of the <u>entrance feature</u> may be seamlessly continued to <u>adjacent buildings</u>. vi. <u>Hard landscaping</u> shall be contiguous and seamlessly integrated with the public sidewalk with no <u>grade</u> adjustments. vii. Where any <u>structure</u> encroaches on the <u>public realm</u> all maintenance and upkeep of the <u>structure</u> and surrounding area is the responsibility of the private owner.

3.5.9 Landscaping & Screening Standards

a) Development Standards	All landscaping shall comply with the General Design Standards except where Frontage Type Standards in Section 3.5.8 take precedence. Where possible use plants with seasonal interest. Drought tolerant plants are encouraged.
b) Mandatory Requirement	Any portion of a site not occupied by a structure , parking area, patio , walkway, or storage area shall be landscaped.
c) Number of Trees	All lots greater than 2,500 m ² shall be required to provide a minimum of 1 tree per 35 m ² , based on 10% of the site , where 40% of those trees shall be coniferous, except for municipal reserve land . Unless otherwise provided for by a frontage standard, all lots less than 2,500 m ² shall be required to provide a minimum of 3 trees, except for municipal reserve land .
d) Tree Location	Where tree requirements are specified in the Frontage Type Standards, as per Section 3.5.8, the total number of trees required for the remainder of the lot shall be subtracted by those trees to be located in the principal frontage .
e) Tree Size	At the time of planting each coniferous tree shall be at least 2.0 m in height and each deciduous tree shall have a caliper of at least 50 mm.
f) Number of Shrubs	All lots greater than 2,500 m ² , shall be required to provide a minimum of 1 shrub per 35 m ² , based on 10% of the site , except for municipal reserve land . Unless otherwise provided for by a frontage standard, all lots less than 2,500 m ² shall be required to provide a minimum of 5 shrubs, except for municipal reserve land .
g) Shrub Size	At the time of planting each shrub shall be at least 300 mm deciduous height or 450 mm coniferous spread.
h) Soil Requirements	A minimum of 15 cm of high quality soil and growing material is required for all planting areas.
i) Fencing / Screening	A fence , wall, or screening may not exceed 1.0 m within a principal frontage or 1.8 m in height on any other portion of a lot . A permit is required for a fence exceeding 1.0 m in height on a secondary frontage .

b) PARKING STANDARDS

i.	Development Standards	Any parking area having four or more parking stalls that are visible from an adjoining site , or from a thoroughfare other than a lane , shall have perimeter planting. The location, length, thickness and height of such perimeter planting at maturity shall, in conjunction with a change in grade or other natural or man-made features, be sufficient to provide substantial interruption of the view of the parking area from any adjoining site and enhance the view of the parking area from any adjacent thoroughfare .
ii.	Pedestrian Network Design	Parking lots shall be designed to efficiently, comfortably, and safely direct pedestrians from parking areas and entrance features . Walking areas shall be a minimum of 2 m wide, be well marked, be separated by grade from driving or parking areas, and be integrated with landscaping. Parking lots shall not be located in the principle frontage .
iii.	Parking Location	All parking stalls shall be provided on- site except where, at the discretion of the Development Authority , street parking may be accommodated. Street parking can be considered where the curb frontage is a minimum of 6.m per stall excluding access locations and appropriate safety distances. Where contiguous curb frontage space is available, street parking may be considered part of the minimum parking requirements as per Section 3.5.10 (a).
iv.	Shared Parking	Where multiple buildings or uses are located on a site , parking minimums in Section 3.5.10 (a) may be reduced to the satisfaction of the Municipality .
v.	Parking Lot Size	A maximum of 50% of the site can be used to accommodate parking. Where parking requirements in Section 3.5.10 (a) exceed this amount, a strategy for reducing the parking need shall be provided.
vi.	Accessible Vehicle Parking	For all lots with 11 or more vehicle parking stalls , accessible parking shall be provided in a location with the easiest pedestrian access to the principal building entrance and shall be provided in accordance with the <i>Barrier Free Design Guide</i> as per the Alberta Safety Codes Council .

PART 3: LAND USE DISTRICTS

MATURE NEIGHBOURHOOD DISTRICT (MN)

b) PARKING STANDARDS

vii.	Parking Lots / Structures	Surface parking lots and / or parking structures shall not be permitted unless associated with a development.
viii.	Parking Structure Design	Accesses shall be designed as an integral part of the building façade so they are in scale and character with the rest of the building . Accesses shall not interfere with pedestrian movement.
ix.	Parking Lot Stall Location	Parking stalls shall be spread out through the site and integrated with buildings and landscaping to provide a comfortable pedestrian network.
x.	Landscaped Islands	In addition to the landscape requirements in Section 3.5.9 in no case shall there be less than 1 tree and 3 shrubs per landscaped island.
xi.	Calculations	Where a fractional figure occurs, the requirement shall be rounded up to the next whole number.

c) BICYCLE PARKING STANDARDS

i.	Development Standards	Bicycle parking structures shall be highly visible and shall include a permanent rack or hook-up system. Creative integration with the development is encouraged.
ii.	Minimum Bicycle Parking	All non-residential buildings less than 4,600 m ² shall provide parking for at least 6 bicycles per building . All non-residential building greater than or equal to 4,600 m ² shall provide parking for 6 bicycles per entrance.
iii.	Bicycle Parking Location	All bicycle parking structures shall be located within 10m of a public entrance, but shall not impede pedestrian circulation or access to a building .
iv.	Bicycle Parking Access	Where a change in grade occurs in the bicycle parking network, ramps or similar structures shall be used to access all bicycle parking structures .

PART 3: LAND USE DISTRICTS

MATURE NEIGHBOURHOOD DISTRICT (MN)

d) ACCESS STANDARDS

i.	Number of Accesses	All lots require a minimum of 1 access to the site from a legal and physical public roadway and shall be approved by the Municipality . Additional accesses shall have prior approval from the Development Authority .
ii.	Lane Access	Where the site is adjacent to a lane , the lane will be used for all vehicular access unless otherwise authorized by the Municipality , such as where a front attached garage frontage type is used with a lane .
iii.	Shared Access	Shared access between 2 or more adjacent lots may be considered to provide more effective access arrangements, to reduce curb cuts, and / or to reduce any negative impact on the public realm .

e) LOADING STANDARDS

i.	Development Standards	All non-residential uses shall provide sufficient space and access for loading vehicles to the satisfaction of the Development Authority .
ii.	Clearance	All loading areas shall provide a minimum of 5.3 m vertical clearance from grade .
iii.	Loading Space Size	All loading space shall be at least 4 m wide and 8 m long.
iv.	Access	Access shall be from a public road, a lane , or a clearly defined traffic aisle, and shall not obstruct patron / emergency vehicle circulation.
v.	Location	Loading areas shall be located to the side or rear of a lot .

MAIN STREET DISTRICT (MS)

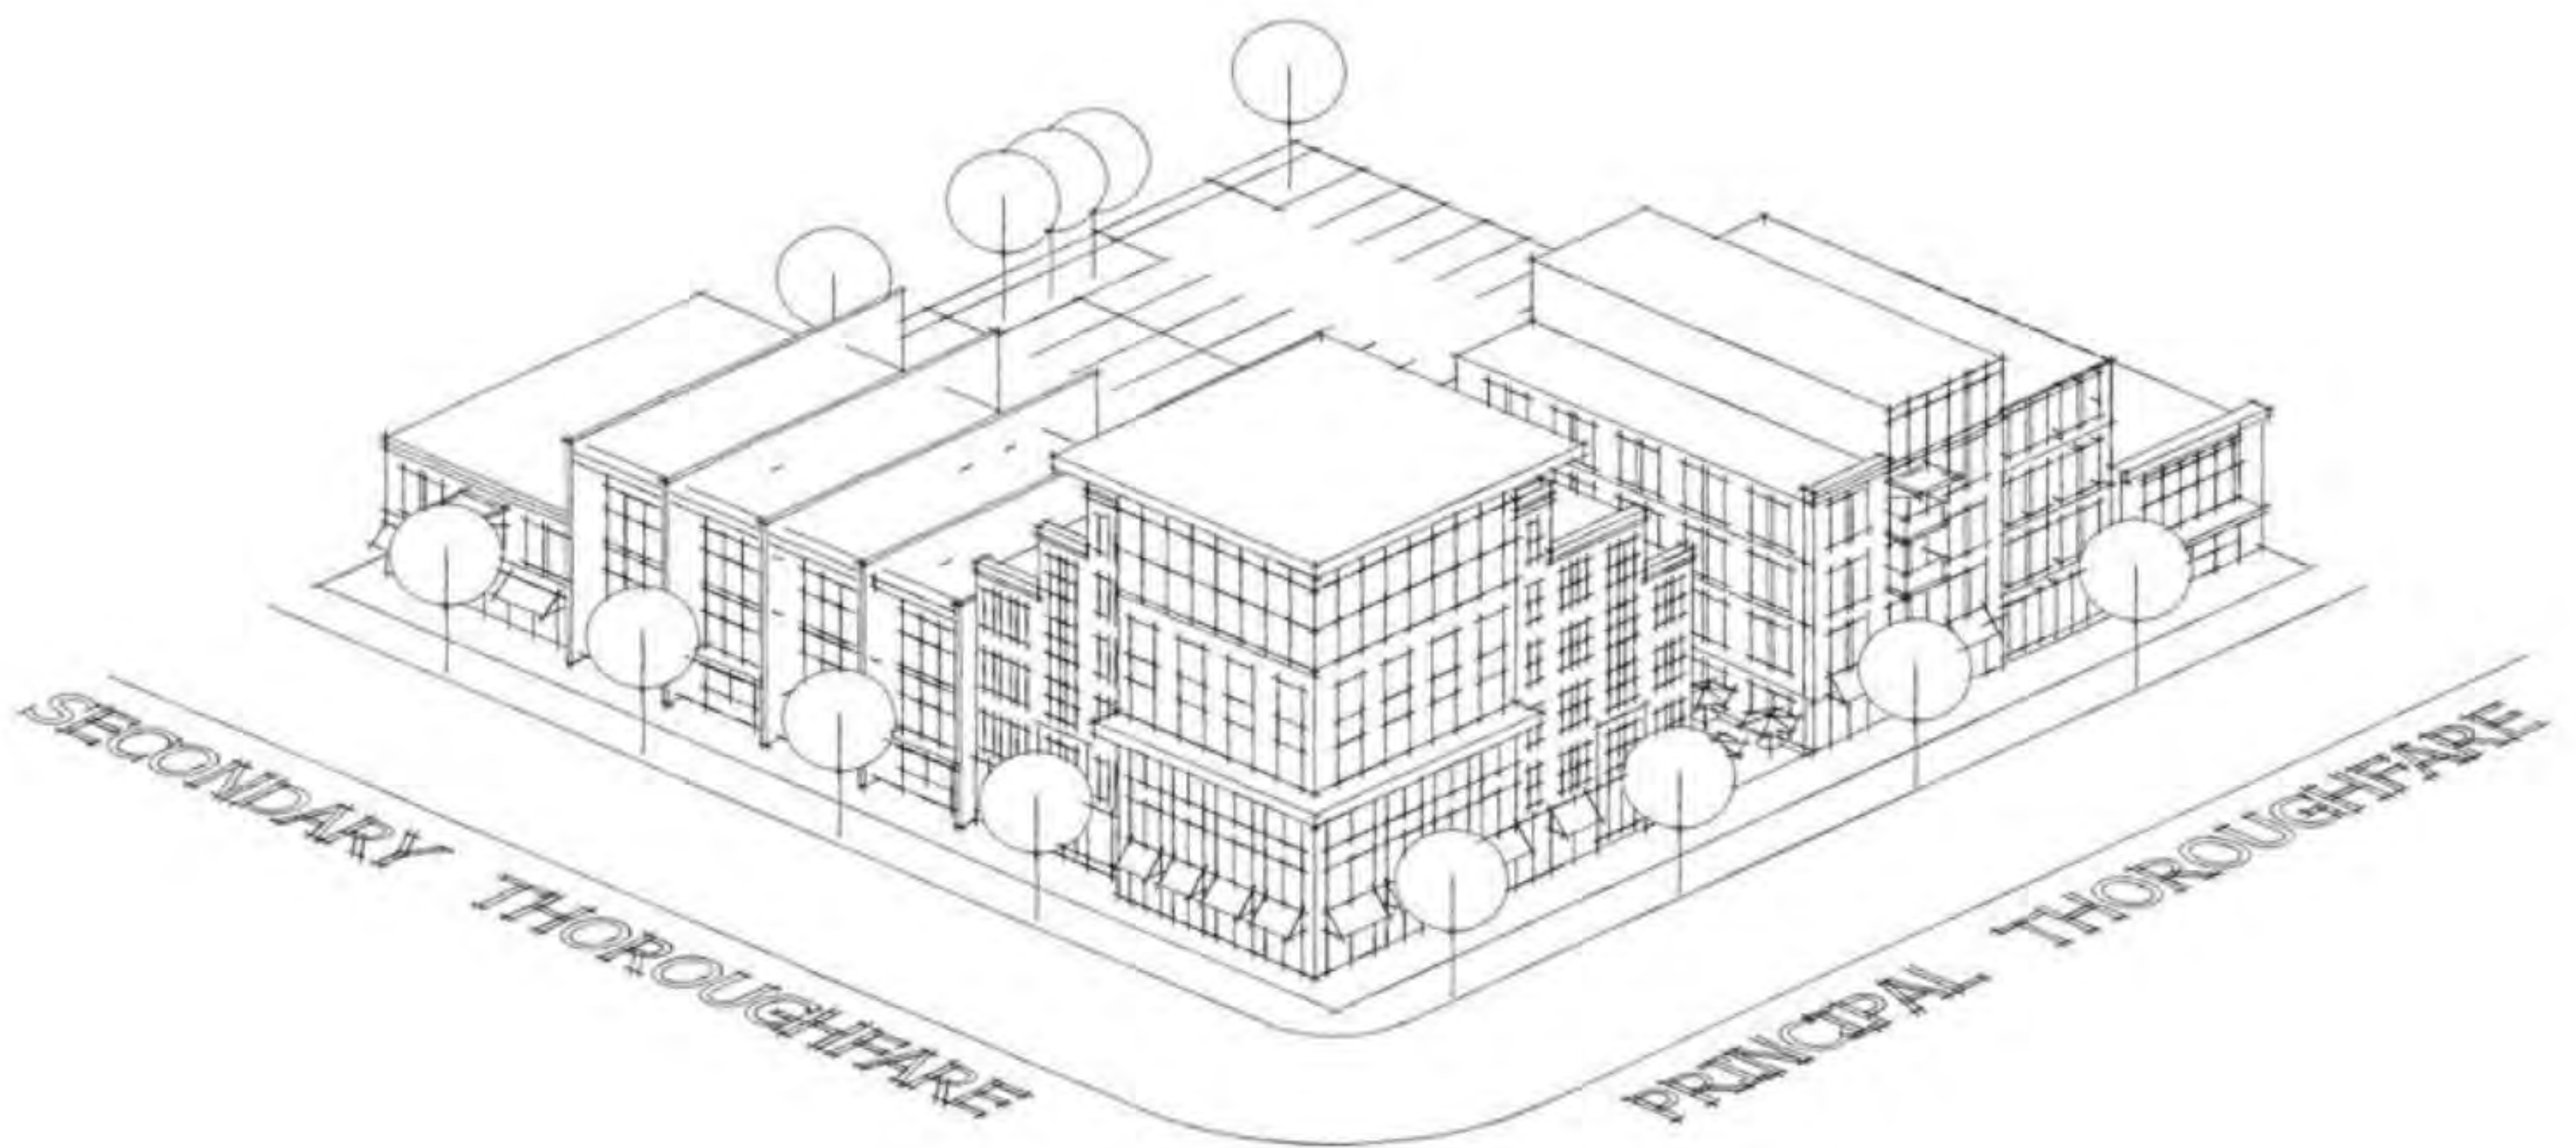

3.6 MAIN STREET DISTRICT (MS)

3.6.1 Intent

General Intent: To enhance the vibrancy and pedestrian orientation of main streets throughout Beaumont, such as 50th Street and 50th Avenue in Centre-Ville. Heritage resources shall be preserved or integrated into the streetscape.

How uses are mixed: Uses on principal thoroughfares shall primarily be mixed-use buildings where commercial uses that activate the street for pedestrians are located on the ground floor with residential and business uses on higher floors, or behind commercial uses if located on the ground floor. Buildings and uses located on secondary thoroughfares can have single uses while still maintaining a strong pedestrian interface.

Form of Development: Lots shall vary in size and configuration to enable a diverse streetscape with a traditional main street character. All building entrances shall be oriented to the street and shall seamlessly integrate with the public realm.

To create a pedestrian network throughout Beaumont a mid-block pedestrian walkway shall be dedicated as a right-of-way or reserved with a permanent easement where the block length exceeds 100 m. The location of the right-of-way cannot be located within 75 m of the ends of the block length. With the addition of the right-of-way, the new block length shall not exceed 100m. At the discretion of the Development Authority, lots adjacent to arterial roads or highways may not be required to include a pedestrian right-of-way, or where the topographic changes, existing buildings or other natural or man-made obstructions prevent such access, and where strict compliance would pose a safety hazard.ii. All vehicular rights-of-way shall terminate at other vehicular rights-of-way to form a network.iii. Subdivision within a block shall be varied to allow for a variety of lot widths.iv. Rear lanes are required for all large new developments or redevelopments such as entire blocks. Blocks with existing lanes shall retain such access.v. Block standards may be varied to conform to natural features, transportation rights-of-way, parks or open space, existing utilities, or other similar constraints.
c) Lot Width	Min 7.5 m

3.6.5 Residential Density

a) Minimum	i. 80 dwelling units per net hectare for planned development
b) Maximum	i. No requirement

3.6.6 Building Placement Standards

a) PRINCIPAL BUILDINGS		
i.	Principal Frontage Setback	2 m
ii.	Secondary Frontage Setback	2 m
iii.	Side Yard Setback	0 m to max 6 m
iv.	Rear Yard Setback	Min 1.2 m
v.	Lot Coverage	Max 80% (including accessory building lot coverage as per Section 3.6.6 (b) (v))

b) ACCESSORY BUILDINGS

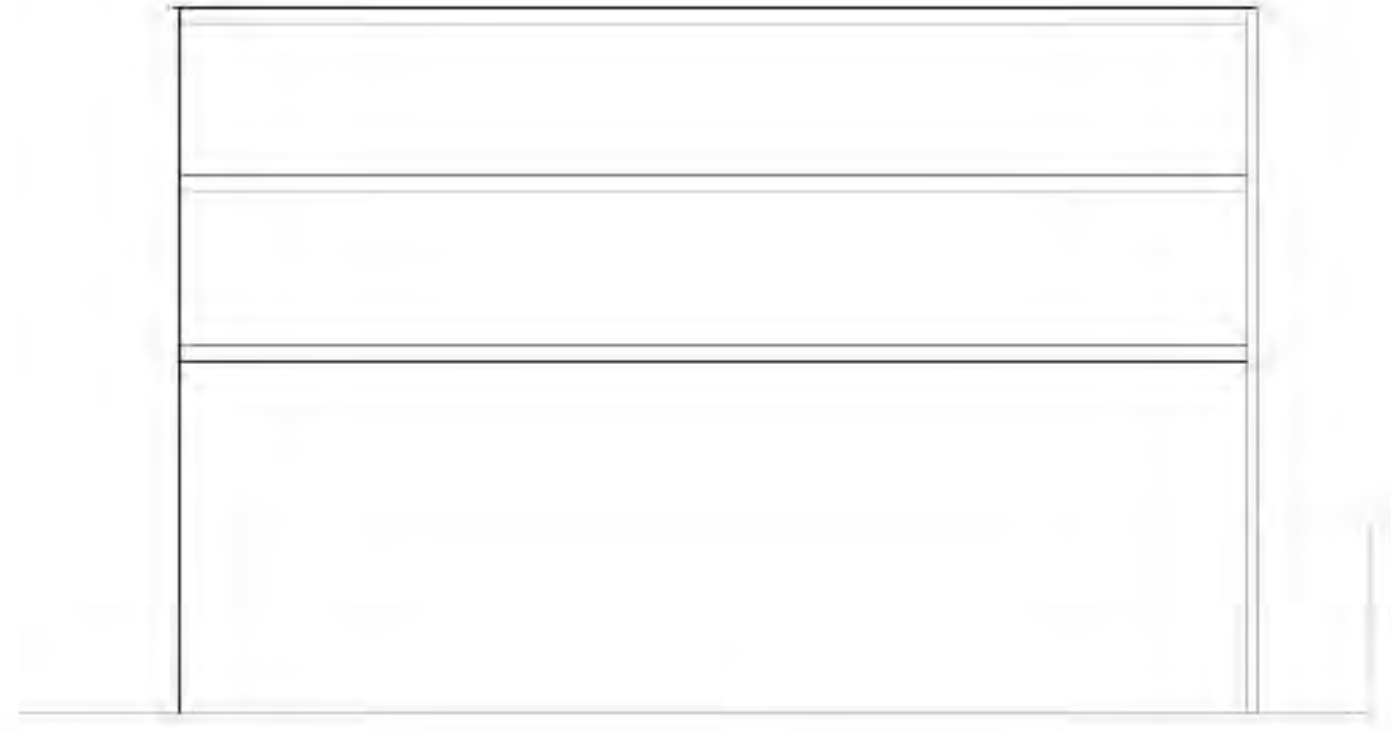

i.	Principal Frontage Setback	Min 2 m and no closer than principal building
ii.	Secondary Frontage Setback	Min 2 m to max 10 m
iii.	Side Yard Setback	Min 2 m to max 10 m
iv.	Rear Yard Setback	Min 2 m to max 10m
v.	Lot Coverage	Max 10%

c) ADDITIONAL SITE STANDARDS

i.	Corner Visibility	No building , structure , fence , or soft landscaping that will obstruct vision above 0.6 m in height shall be located within the corner cut area.
ii.	General Safety	Design elements that allow for casual surveillance, not including digital surveillance, are expected to be included in the design. These elements may include, but are not limited to, door placement, large window areas, high quality interior and exterior lighting, a physical layout that reduces the vulnerability of pedestrians, the placement and use of soft landscaping that limits areas of concealment, and integrates the pedestrian network with building entrances.
iii.	Lighting	All permanently installed lighting shall be directed downward, be shielded in a manner to not be directed to adjacent lots, and shall not, in the opinion of the Development Authority adversely impact safety. All permanently installed lighting shall be compliant with International Dark-Sky Association requirements.
iv.	Large Vehicles	Dismantled or wrecked vehicles, recreational vehicles and commercial vehicles are prohibited from parking in a frontage . All vehicles shall be parked on a parking stall .
v.	Solid Waste	All non-residential uses shall provide a solid waste storage area suitable for 2- or 3-stream waste diversion for the intended use and designed to the satisfaction of the Development Authority . All areas shall be located at the side or rear of a lot , screened from view and accessed from a public roadway or lane .

3.6.7 Building Profile Standards

- c) [Design Standards](#)
- i. All [uses](#) shall meet the standards of the [Beaumont Urban Design Guidelines](#).
 - ii. [Buildings](#) on prominent [corner lots](#) shall have the same materials and architectural details on all street exposures. Entrances may be located near the corner.
 - iii. Side and rear [façades](#) shall have similar colours and materials as front [façade](#).
 - iv. Roof lines and [building façades](#) shall be articulated and varied to reduce perceived mass and linear appearance of large [buildings](#).
 - v. Mechanical equipment shall be screened or incorporated into the roof envelope, where appropriate.
 - vi. Materials including exposed concrete and vinyl are not permitted.
 - vii. [Buildings](#) wider than 10m may have multiple entrances on the [principal thoroughfare](#).

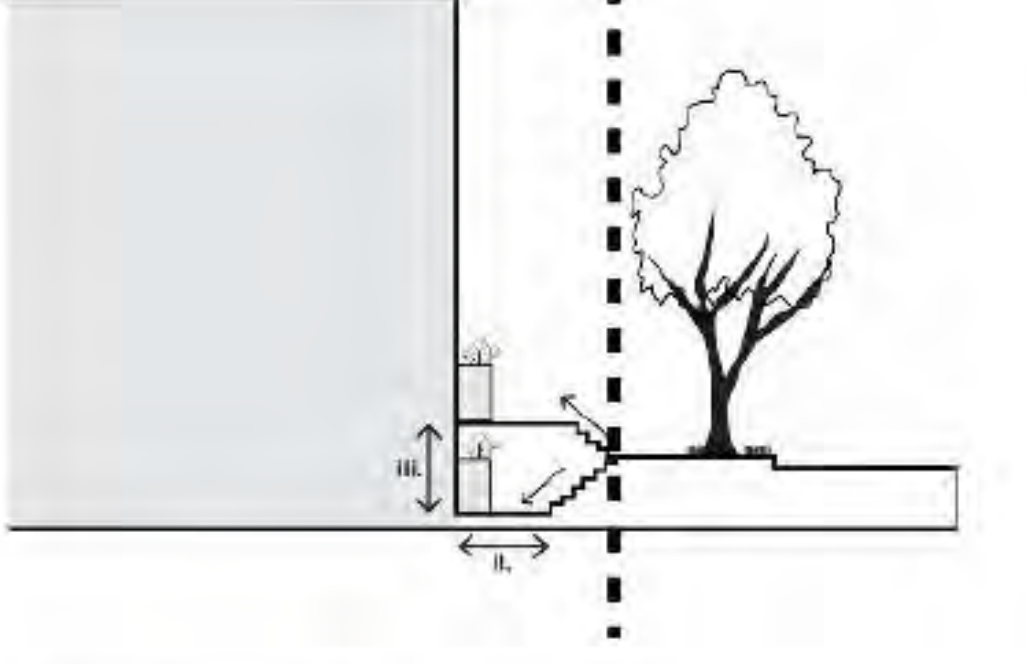

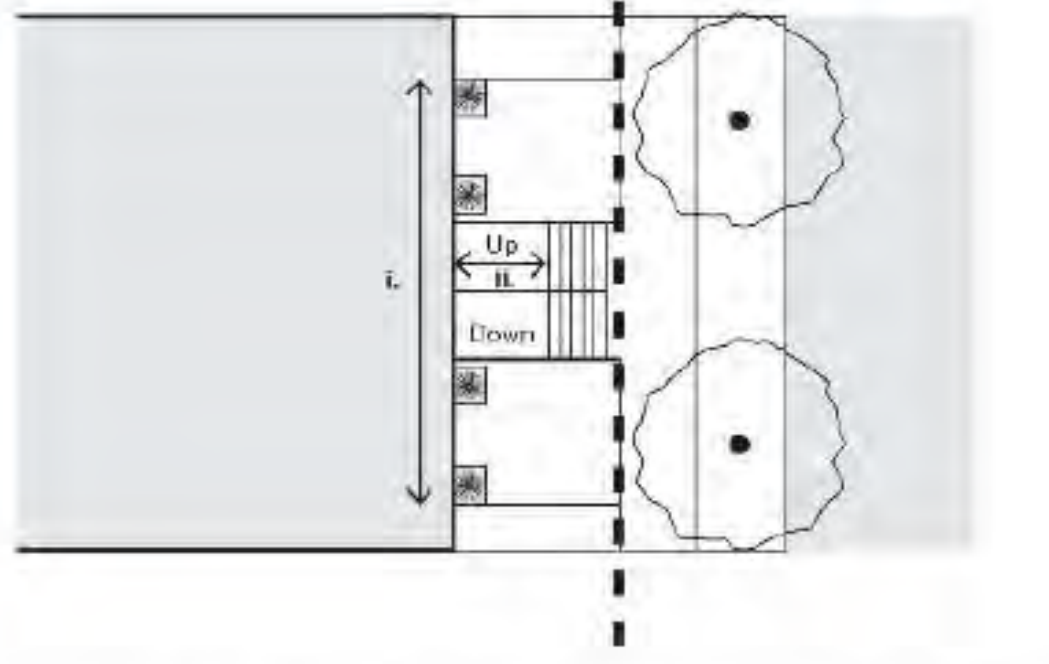

- d) [Allowable Projections](#) into [Setbacks](#) Gallery, shopfront, stoop, alternate height entrance, [balcony](#), [sign](#), awning, [accessibility features](#), [eave](#), cantilever, chimney / fireplace

3.6.8 Frontage Type Standards

Frontage Type Standards shall apply to each principal frontage for all uses except institutional uses where the character of each frontage type shall be maintained, but variations to the entrance feature characteristics do not apply. Entrance features are any pedestrian access / egress to a building.

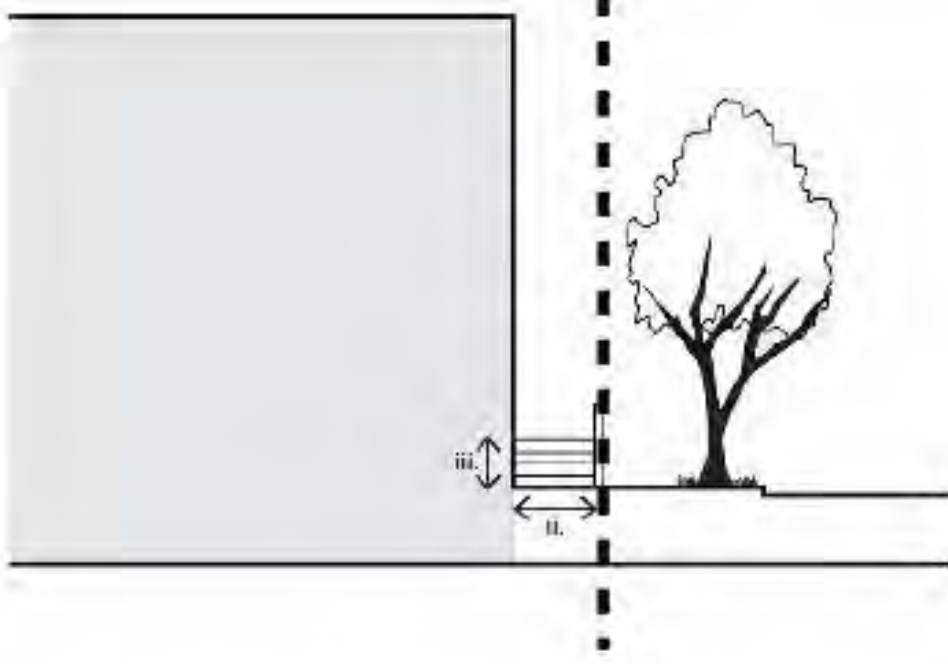

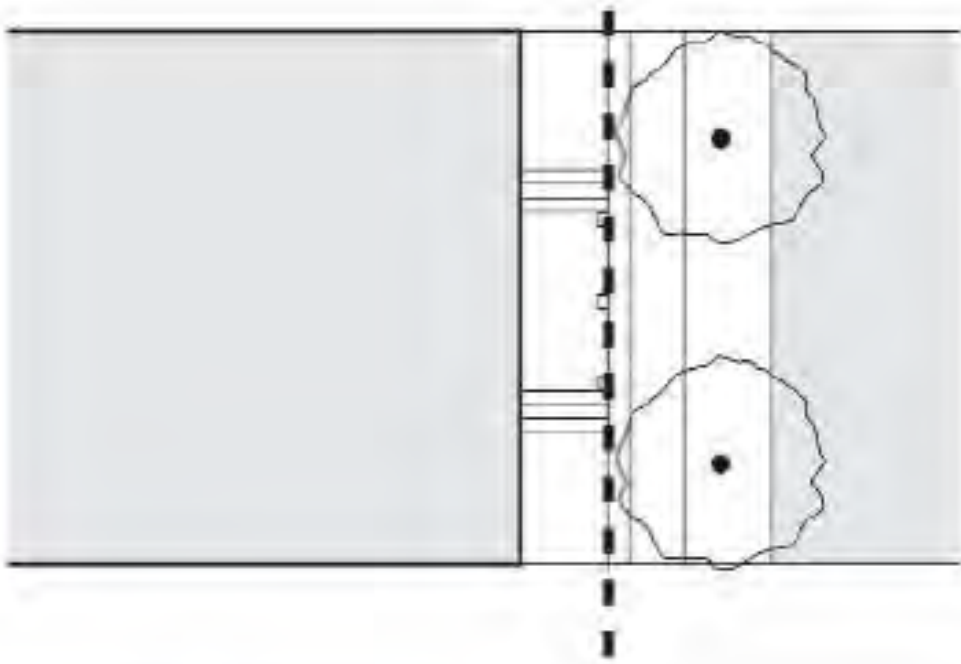

a) ALTERNATE HEIGHT ENTRANCE

A frontage wherein the façade is setback back from the lot line by an elevated or sunken entrance. This frontage type buffers uses from urban sidewalks and removes the private yard from public encroachment. Entrances may be suitable for conversion to outdoor restaurants / cafés or similar uses. This frontage shall be designed to incorporate accessibility features.

		From outside edge of <u>building</u> element included in the <u>entrance feature</u>	Exterior foundation <u>projection</u> of the <u>entrance feature</u>	From <u>grade</u> to highest point of the <u>entrance feature</u>
Additional Standards	iv. Fences shall be provided between the <u>thoroughfare</u> and the <u>entrance feature</u> that meets safety code requirements. v. Trees shall be incorporated in any area of the <u>frontage</u> that is not hardscaped. Every effort should be made to accommodate trees, however, where enough space cannot be accommodated alternate <u>soft landscaping</u> may be used, at the discretion of the <u>Development Authority</u> .	1.2 m min	2 m max (not including stairs or <u>accessibility features</u>)	Aligned with floor heights

b) STOOP

A frontage where the first storey is elevated from grade. This frontage type is typically used for buildings where the elevation provide additional privacy for windows. As such, the entrance feature should be clearly welcoming and accommodating to reduce the perception of separation as a result of the change in grade.

3.6.9 Landscaping & Screening Standards

a) Development Standards	All landscaping shall comply with the General Design Standards except where Frontage Type Standards in Section 3.6.8 take precedence. Where possible use plants with seasonal interest. Drought tolerant plants are encouraged.
b) Mandatory Requirement	Any portion of a site not occupied by a structure , parking area, patio , walkway, or storage area shall be landscaped.
c) Number of Trees	All lots greater than 2,500 m ² , shall be required to provide a minimum of 1 tree per 35 m ² , based on 10% of the site, where 40% of those trees are coniferous except for municipal reserve land . Unless otherwise provided by a front standard , all lots less than 2,500 m ² shall be required to provide a minimum of 3 trees except for municipal reserve land .
d) Tree Size	At the time of planting each coniferous tree shall be at least 2.0 m in height and each deciduous tree shall have a caliper of at least 50 mm.
e) Tree Location	Where tree requirements are specified in the Frontage Type Standards, as per Section 3.6.8, the total number of trees required for the remainder of the lot shall be subtracted by those trees to be located in the principal frontage .
f) Number of Shrubs	All lots greater than 2,500 m ² , shall be required to provide a minimum of 1 tree per 35 m ² , based on 10% of the site, except for municipal reserve land . Unless otherwise provided by a front standard , all lots less than 2,500 m ² shall be required to provide a minimum of 5 shrubs except for municipal reserve land .
g) Shrub Size	At the time of planting each shrub shall be at least 300 mm deciduous height or 450 mm coniferous spread.
h) Soil Requirements	A minimum of 15 cm of high quality soil and growing material is required for all planting areas.
i) Cash in Lieu	At the discretion of the Development Authority , cash-in-lieu may be provided for required trees on sites adjacent to 50 th Avenue and 50 th Street at a replacement cost of \$650 per tree to provide the same level of landscaping in a different location.
j) Fencing / Screening	A fence , wall, or screening may not exceed 1.0 m within a principal frontage , or 1.8 m on any other portion of a lot .

b) PARKING STANDARDS

i.	Development Standards	Any parking area having ten or more parking stalls that are visible from an adjoining site , or from a thoroughfare other than a lane , shall have perimeter planting. The location, length, thickness and height of such perimeter planting at maturity shall, in conjunction with a change in grade or other natural or man-made features, be sufficient to provide substantial interruption of the view of the parking area from any adjoining site and enhance the view of the parking area from any adjacent thoroughfare .
ii.	Pedestrian Network Design	Parking lots shall be designed to efficiently, comfortably, and safely direct pedestrians from parking areas and entrance features . Walking areas shall be a minimum of 2 m wide, be well marked, be separated by grade from driving or parking areas, and be integrated with landscaping. Parking lots shall not be located in the principle frontage .
iii.	Parking Location	All parking stalls shall be provided on- site except where, at the discretion of the Development Authority , street parking may be accommodated. Street parking can be considered where the curb frontage is a minimum of 6.m per stall excluding access locations and appropriate safety distances. Where contiguous curb frontage space is available, street parking may be considered part of the minimum parking requirements as per Section 3.6.10 (a).
iv.	Parking Lot Size	A maximum of 50% of the site can be used to accommodate parking. Where parking requirements in Section 3.6.10 (a) exceed this amount, a strategy for reducing the parking need shall be provided.
v.	Shared Parking	Where multiple buildings or uses are located on a site , parking minimums in Section 3.6.10(a) may be reduced to the satisfaction of the Municipality .
vi.	Accessible Vehicle Parking	For all lots with 11 or more vehicle parking stalls , accessible parking shall be provided in a location with the easiest pedestrian access to the principal building entrance and shall be provided in accordance with the <i>Barrier Free Design Guide</i> as per the Alberta Safety Codes Council.
vii.	Parking Lots / Structures	Surface parking lots and / or parking structures shall not be permitted unless associated with a development.

b) PARKING STANDARDS

viii.	Parking Structure Design	Accesses shall be designed as an integral part of the building façade so they are in scale and character with the rest of the building . Accesses shall not interfere with pedestrian movement.
ix.	Parking Lot Stall Location	Parking stalls shall be spread out through the site and integrated with buildings and landscaping to provide a comfortable pedestrian network.
x.	Landscaped Islands	In addition to the landscape requirements in Section 3.6.9 in no case shall there be less than 1 tree and 3 shrubs per landscaped island.
xi.	Calculations	Where a fractional figure occurs, the requirement shall be rounded up to the next whole number.
xii.	Cash in Lieu	At the option of the Development Authority , and in lieu of providing the number of required parking stalls , an Owner of land proposed for Development shall pay the municipality to provide the equivalent parking area. The amount of money required will be determined by resolution of Council and shall be based on the amount needed to construct the required number of parking stalls on land owned, or proposed to be purchased, by the municipality . Money so received by the municipality shall be used only for the development of a municipal parking lot .

c) BICYCLE PARKING STANDARDS

i.	Development Standards	Bicycle parking structures shall be highly visible and shall include a permanent rack or hook-up system. Creative integration with the development is encouraged.
ii.	Minimum Bicycle Parking	All non-residential buildings less than 4,600 m ² shall provide parking for at least 6 bicycles per building . All non-residential

c) BICYCLE PARKING STANDARDS

		building greater than or equal to 4,600 m ² shall provide parking for 6 bicycles per entrance.
iii.	Bicycle Parking Location	All bicycle parking structures shall be located within 10 m of a public entrance, but shall not impede pedestrian circulation or access to a building .
iv.	Bicycle Parking Access	Where a change in grade occurs in the bicycle parking network, ramps or similar structures shall be used to access all bicycle parking structures .

d) ACCESS STANDARDS

i.	Number of Accesses	All lots require a minimum of 1 access to the site from a legal and physical public roadway and shall be approved by the Municipality . Additional accesses shall have prior approval from the Development Authority .
ii.	Lane Access	Where the site is adjacent to a lane , the lane will be used for all vehicular access unless otherwise authorized by the Municipality .
iii.	Shared Access	Shared access between 2 or more adjacent lots may be considered to provide more effective access arrangements, to reduce curb cuts, and / or to reduce any negative impact on the public realm .

e) LOADING STANDARDS

i.	Development Standards	All non-residential uses shall provide sufficient space and access for loading vehicles to the satisfaction of the Development Authority .
ii.	Clearance	All loading areas shall provide a minimum of 5.3 m vertical clearance from grade .
iii.	Loading Space Size	All loading space shall be at least 4 m wide and 8 m long and no longer than 12 m.
iv.	Access	Access shall be from a public road, a lane , or a clearly defined traffic aisle, and shall not obstruct patron / emergency vehicle circulation.

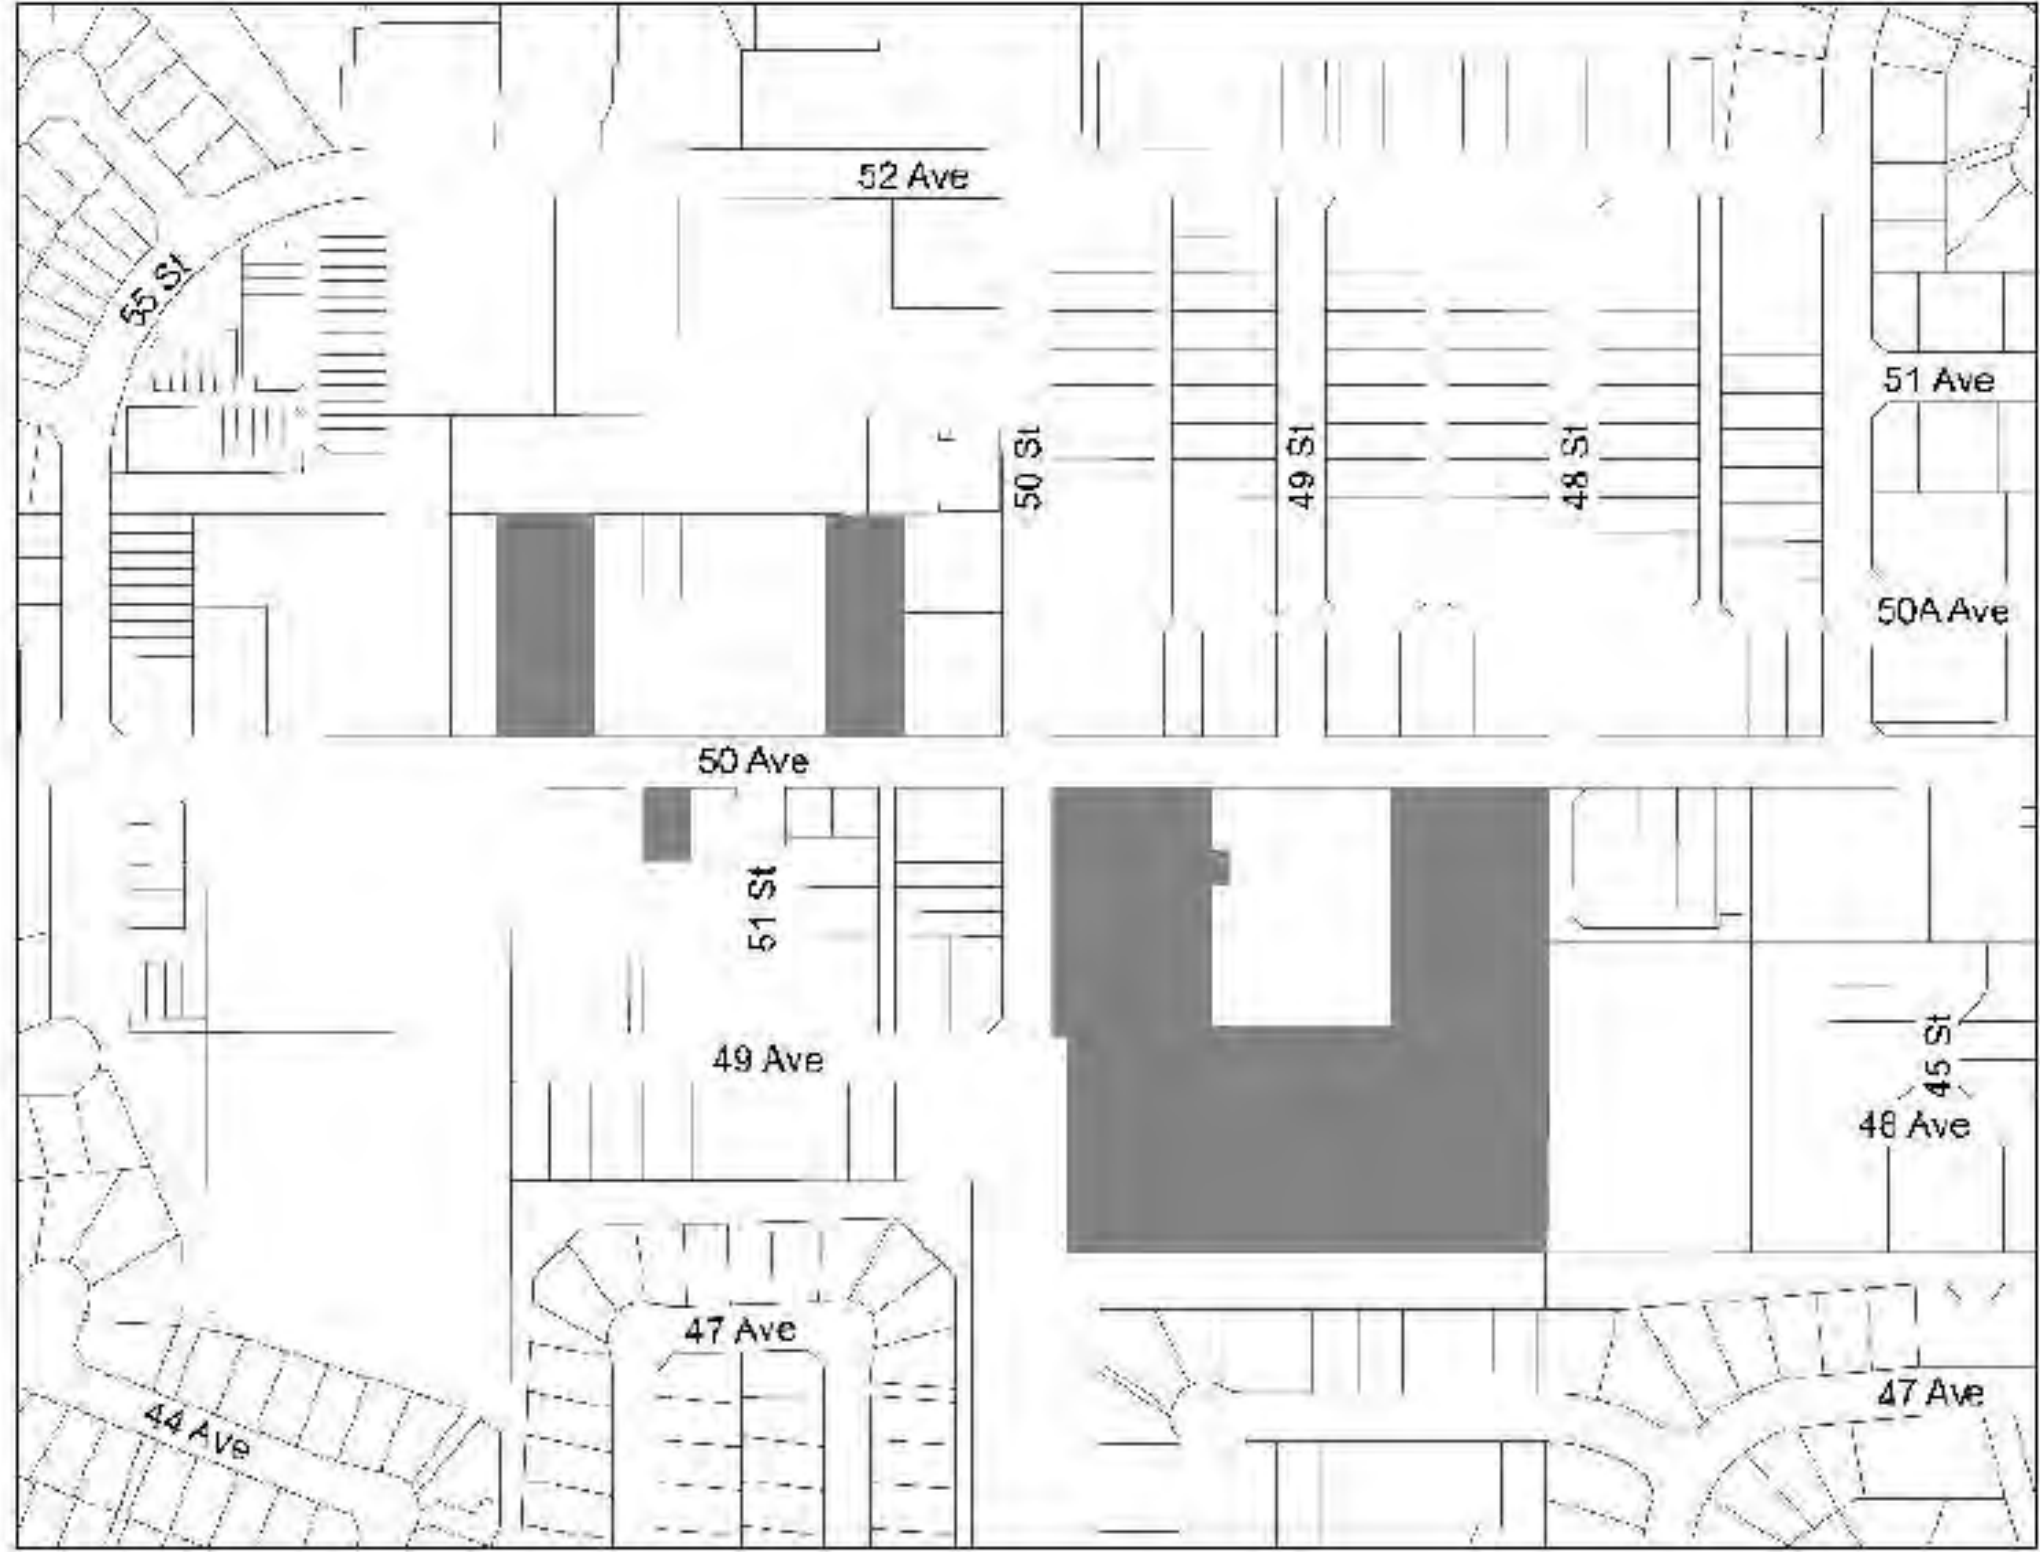

e) LOADING STANDARDS

Where possible, access shall not be located on the principle [thoroughfare](#).

v.	Location
----	----------

Loading areas shall be located to the side or rear of a lot .

3.6.11 Heritage Resources Overlay

a) Intent	The heritage resources overlay is intended to identify, recognize, and support buildings in Beaumont that were constructed prior to 1940, and that add historical value to Beaumont. Principal buildings are permitted in their current form as of the date this bylaw is adopted.
b) Lots Included	<ul style="list-style-type: none">i. 4905 50 Street, NW 26-50-24-W4M, Title 842 182 789, LINC 0023 210 800ii. 5110 50 Avenue, SE 34-50-24-W4M, Title 082 519 085, LINC 0020 716 197iii. 5006 50 Avenue, SE 34-50-24-W4M, Title 042 187 268, LINC 0015 750 169iv. 5101 50 Avenue, Lot 1A, Block 2, Plan 042 4176, Title 142 134 566, LINC 0030 572 706
	
c) Application of Standards	All development standards identified in Section 3.6 for the Main Street District apply to these lots at the discretion of the Development Authority unless stated otherwise in this section (3.6.11).
d) Principal Building(s)	To maintain their heritage value principal buildings shall remain in their current form as of the date of adoption of this bylaw. No external structural changes shall be permitted. External façade changes shall maintain or enhance heritage value and / or design as of the date of adoption of this bylaw.

e) Exceptions	Sections 3.6.3 (b), 3.6.5, 3.6.7 (a) and 3.6.8 shall not apply. All standards may be varied for institutional uses at the discretion of the Development Authority .
f) Projections	In lieu of Section 3.6.7 (d), projections including signs , awnings, accessibility features , eaves , chimneys / fireplaces may be allowed.
g) Signs	Signage related to the historical value may be considered for each lot and shall be in conformity with the <i>Our Centre-Ville Area</i> Redevelopment Plan.

b) PARKING STANDARDS

i.	Development Standards	Any parking area having ten or more parking stalls that are visible from an adjoining site , or from a thoroughfare other than a lane , shall have perimeter planting. The location, length, thickness and height of such perimeter planting at maturity shall, in conjunction with a change in grade or other natural or man-made features, be sufficient to provide substantial interruption of the view of the parking area from any adjoining site and enhance the view of the parking area from any adjacent thoroughfare .
ii.	Pedestrian Network Design	Parking lots shall be designed to efficiently, comfortably, and safely direct pedestrians from parking areas and entrance features . Walking areas shall be a minimum of 2 m wide, be well marked, be separated by grade from driving or parking areas, and be integrated with landscaping. Parking lots shall not be located in the principle frontage .
iii.	Parking Location	All parking stalls shall be provided on- site except where, at the discretion of the Development Authority , street parking may be accommodated. Street parking can be considered where the curb frontage is a minimum of 6.m per stall excluding access locations and appropriate safety distances. Where contiguous curb frontage space is available, street parking may be considered part of the minimum parking requirements as per Section 3.7.10 (a).
iv.	Parking Lot Size	A maximum of 50% of the site can be used to accommodate parking. Where parking requirements in Section 3.7.10 (a) exceed this amount, a strategy for reducing the parking need shall be provided.
v.	Shared Parking	Where multiple buildings or uses are located on a site , parking minimums in Section 3.7.10 (a) may be reduced to the satisfaction of the Municipality .
vi.	Accessible Vehicle Parking	For all lots with 11 or more vehicle parking stalls , accessible parking shall be provided in a location with the easiest pedestrian access to the principal building entrance and shall be provided in accordance with the <i>Barrier Free Design Guide</i> as per the Alberta Safety Codes Council .
vii.	Parking Lots / Structures	Surface parking lots and / or parking structures shall not be permitted unless associated with a development.

b) PARKING STANDARDS

viii.	Parking Structure Design	Accesses shall be designed as an integral part of the building façade so they are in scale and character with the rest of the building . Accesses shall not interfere with pedestrian movement.
ix.	Parking Lot Stall Location	Parking stalls shall be spread out through the site and integrated with buildings and landscaping to provide a comfortable pedestrian network.
x.	Landscaped Islands	In addition to the landscape requirements in Section 3.7.9 in no case shall there be less than 1 tree and 3 shrubs per landscaped island.
xi.	Calculations	Where a fractional figure occurs, the requirement shall be rounded up to the next whole number.

c) BICYCLE PARKING STANDARDS

i.	Development Standards	Bicycle parking structures shall be highly visible and shall include a permanent rack or hook-up system. Creative integration with the development is encouraged.
ii.	Minimum Bicycle Parking	All non-residential buildings less than 4,600 m ² shall provide parking for at least 6 bicycles per building . All non-residential building greater than or equal to 4,600 m ² shall provide parking for 6 bicycles per entrance.
iii.	Bicycle Parking Location	All bicycle parking structures shall be located within 10m of a public entrance, but shall not impede pedestrian circulation or access to a building .
iv.	Bicycle Parking Access	Where a change in grade occurs in the bicycle parking network, ramps or similar structures shall be used to access all bicycle parking structures .

d) ACCESS STANDARDS

i.	Number of Accesses	All lots require a minimum of 1 access to the site from a legal and physical public roadway and shall be approved by the Municipality .
----	--------------------	---

Additional accesses shall have prior approval from the [Development Authority](#).

ii.	Lane Access	Where the site is adjacent to a lane , the lane will be used for all vehicular access unless otherwise authorized by the Municipality .
iii.	Shared Access	Shared access between 2 or more adjacent lots may be considered to provide more effective access arrangements, to reduce curb cuts, and / or to reduce any negative impact on the public realm .

e) LOADING STANDARDS

i.	Development Standards	All non-residential uses shall provide sufficient space and access for loading vehicles to the satisfaction of the Development Authority .
ii.	Clearance	All loading areas shall provide a minimum of 5.3 m vertical clearance from grade .
iii.	Loading Space Size	All loading space shall be at least 4 m wide and 8 m long.
iv.	Access	Access shall be from a public road, a lane , or a clearly defined traffic aisle, and shall not obstruct patron / emergency vehicle circulation.
v.	Location	Loading areas shall be located to the side or rear of a lot .

b) PARKING STANDARDS

i.	General Design Standards	Any parking area having twenty or more parking stalls that are visible from an adjoining site , or from a thoroughfare other than a lane , shall have perimeter planting. The location, length, thickness and height of such perimeter planting at maturity shall, in conjunction with a change in grade or other natural or man-made features, be sufficient to provide substantial interruption of the view of the parking area from any adjoining site and enhance the view of the parking area from any adjacent thoroughfare .
ii.	Pedestrian Network Design	Parking lots shall be designed to efficiently, comfortably, and safely direct pedestrians from parking areas and entrance features . Walking areas shall be a minimum of 2 m wide, be well marked, be separated by grade from driving or parking areas, and be integrated with landscaping. Parking lots shall not be located in the principal frontage .
iii.	Parking Location	All parking stalls shall be provided on- site except where, at the discretion of the Development Authority , street parking may be accommodated. Street parking can be considered where the curb frontage is a minimum of 6m per stall excluding access locations and appropriate safety distances. Where contiguous curb frontage space is available, street parking may be considered part of the minimum parking requirements as per Section 3.8.10 (a).
iv.	Shared Parking	Where multiple businesses or uses are located on a site , parking minimums in Section 3.8.10 (a) may be reduced to the satisfaction of the Municipality .
v.	Parking Lot Size	A maximum of 50% of the site can be used to accommodate parking (not including storage areas). Where parking requirements in Section 3.8.10 (a) exceed this amount, a strategy for reducing the parking need shall be provided.
vi.	Accessible Vehicle Parking	For all lots with 11 or more vehicle parking stalls , accessible parking shall be provided in a location with the easiest pedestrian access to the Principal building entrance and shall be provided in accordance with the <i>Barrier Free Design Guide</i> as per the Alberta Safety Codes Council.

b) PARKING STANDARDS

vii.	Parking Lots / Structures	Surface parking lots and / or parking structures shall not be permitted unless associated with a development.
viii.	Parking Lot Stall Location	Parking stalls shall be spread out through the Site and integrated with Buildings and Landscaping to provide a comfortable pedestrian network.
ix.	Landscaped Islands	In addition to the landscape requirements in Section 3.8.9 in no case shall there be less than 1 tree and 3 shrubs per landscaped island.
x.	Calculations	Where a fractional figure occurs, the requirement shall be rounded up to the next whole number.

c) BICYCLE PARKING STANDARDS

i.	General Design Standards	Bicycle parking structures shall be highly visible and shall include a permanent rack or hook-up system. Creative integration with the development is encouraged.
ii.	Minimum Bicycle Parking	All non-residential buildings less than 9,000 m ² shall provide parking for at least 6 bicycles per building . All non-residential building greater than or equal to 9,000 m ² shall provide parking for 6 bicycles per entrance.
iii.	Bicycle Parking Location	All bicycle parking structures shall be located close to a public entrance, but shall not impede pedestrian circulation or access to a building .
iv.	Bicycle Parking Access	Where a change in grade occurs in the bicycle parking network, ramps or similar structures shall be used to access all bicycle parking structures .

PART 3: LAND USE DISTRICTS

d) ACCESS STANDARDS

- | | | |
|-----|--------------------|---|
| i. | Number of Accesses | All lots require a minimum of 1 access from to the site to from a legal and physical public roadway and shall be approved by the Municipality . More than 2 accesses shall have prior approval from the Development Authority . |
| ii. | Shared Access | Shared access between 2 or more adjacent lots may be considered to provide more effective access arrangements, to reduce curb cuts, and / or to reduce any negative impact on the public realm . |

e) LOADING STANDARDS

- | | | |
|------|--|--|
| i. | General Design Standards | All non-residential uses shall provide sufficient space and access for loading vehicles to the satisfaction of the Development Authority . |
| ii. | Clearance | All loading areas shall provide a minimum of 5.3 m vertical clearance from grade . |
| iii. | Loading Space Size | All loading space shall be at least 4 m wide and 15 m long. |
| iv. | Access | Access shall be from a public road, a lane , or a clearly defined traffic aisle, and shall not obstruct patron / emergency vehicle circulation. |

PART 4: SIGNS

ADMINISTRATION

4.1 SIGN ADMINISTRATION

- 4.1.1 The purpose of this Part of [Our Zoning Blueprint](#) is to balance high quality design with safety and functionality for all [signs](#) within The [Municipality](#).
- 4.1.2 The [Development Authority](#) may issue a [development permit](#) for a [sign](#) as part of the [development permit](#) for the [use](#) or the [building](#) to which the [sign](#) pertains, provided the [development permit](#) application indicates that there is to be a [sign](#) and provided that all information requirements for a [sign](#) are met.
- 4.1.3 A fast track process may be considered at the discretion of the [Development Authority](#) where a [sign](#) meets all requirements as specified in the fast track process requirements for each [sign](#) type in Section 4.2. The [Development Authority](#) may make a decision on a [sign](#) that meets all fast track process requirements within 20 days from the date an application is deemed complete as per Section 5.15. In order for an application to be considered within this timeframe the following are required in addition to the application requirements identified in Sections 5.14 and 5.15:
- a) Drawings shall be completed by a professional and to scale with all measurements shown;
 - b) A [site plan](#) with the dimensions and location of the [sign](#) shall be provided; and
 - c) The [sign](#) shall be capable of classification as only one of the [sign](#) types identified in Section 4.2.
- 4.1.4 No person shall erect, or allow to erect, develop, paint, enlarge, relocate, or alter any [sign](#) within the [Municipality](#) unless a [sign](#) permit has been issued by the [Development Authority](#) or [Our Zoning Blueprint](#) exempts the [sign](#) from a permit.
- 4.1.5 The [Municipality](#) may remove any [sign](#) which has been placed in contravention of [Our Zoning Blueprint](#). The costs associated with such removal and any storage charges shall be paid by the owner prior to the release of the [sign](#) to the owner as well as any permit fees which may be outstanding.
- 4.1.6 No [sign](#) shall be erected so as to obstruct free and clear vision of vehicular or cycling traffic, or be located, or display a light intensity or colour where it may interfere or be confused with any authorized traffic [sign](#), signal or device or otherwise create a potential traffic hazard.
- 4.1.7 Where a [sign](#) may be classified as more than one type of [sign](#) as identified in Section 4.2 (such as a freestanding electronic [sign](#)), the [Development Authority](#) may require the standards for each type. Where the standards may conflict, the [Development Authority](#) will determine which standard applies.

5.1 INTERPRETATION

- 5.1.1 Provisions of [Our Zoning Blueprint](#) shall be interpreted by “shall” when required and “may” when optional.
- 5.1.2 Words and terms used in [Our Zoning Blueprint](#) shall have the same meaning as given to them in the [Municipal Government Act](#) unless otherwise defined in Part 6. Where no definition is provided in the [Municipal Government Act](#), the *Alberta Interpretation Act* or [Our Zoning Blueprint](#), Canadian Oxford Dictionary shall be used.
- 5.1.3 Where in conflict, numerical metrics shall take precedence over graphic metrics. Graphics are to support the standards of [Our Zoning Blueprint](#).
- 5.1.4 For the purpose of confirming compliance with [Our Zoning Blueprint](#), measurements shall be in metric and rounded off to one decimal point. Metric measurements take precedence over imperial measurements.
- 5.1.5 Capitalization, or lack thereof, shall not alter the meaning of words or phrases for which a definition has been provided within [Our Zoning Blueprint](#).
- 5.1.6 Except where the specific context requires otherwise, the following interpretation shall also apply to [Our Zoning Blueprint](#):
- a) Words used in the present tense shall also mean the future tense;
 - b) Words used in the singular shall also mean the plural; and
 - c) Words used in the masculine gender shall include the feminine gender and vice versa.

PART 5: ADMINISTRATION

AMENDMENTS TO OUR ZONING BLUEPRINT

5.2 AMENDMENTS TO OUR ZONING BLUEPRINT

- 5.2.1 [Council](#) may, in accordance with the [Municipal Government Act](#), amend or repeal any portion of [Our Zoning Blueprint](#), without the property owner's consent.
- 5.2.2 An application to amend [Our Zoning Blueprint](#) may be made by any person by submitting the following to the [Development Authority](#):
- a) The prescribed application form, duly completed and signed;
 - b) The required fee, as established by [Council](#);
 - c) In the case of a redistricting amendment:
 - i. Plan(s) showing the lands which are subject to the amendment and the relationship to existing land [use](#) on [adjacent](#) properties. A digital copy is required; and
 - ii. A current copy of the [certificate of title](#) for said lands issued within 30 days of the application.
 - d) A written statement of the applicant's reason for the application on a form satisfactory to the [Municipality](#); and
 - e) Any other supporting information which, at the discretion of the [Development Authority](#), is necessary to assess the application, including but not limited to servicing studies for water, sanitary and storm water, impact assessments for environment or traffic, conceptual plans for future development.
 - f) Where a redistricting amendment does not comply with a statutory plan, the [Development Authority](#) shall require an [applicant](#) to apply for and obtain an amendment to said statutory plan prior to a decision on a redistricting application.
 - g) Where a redistricting amendment is not subject to a statutory plan, the [Development Authority](#) may require a statutory plan to be approved prior to making a decision on a said redistricting application.
- 5.2.3 When the [Municipality](#) initiates a [site](#)-specific change in a [land use district](#) for land which it does not own, the [Municipality](#) shall, in accordance with the [Municipal Government Act](#), give notice to the owners of the land that is subject to the proposed amendment.
- 5.2.4 The analysis by the [Development Authority](#) of an application to amend [Our Zoning Blueprint](#) shall be based upon the full development potential of the [uses](#) and development regulations specified in the proposed district and not on the merit of any particular development proposal.

PART 5: ADMINISTRATION

AMENDMENTS TO OUR ZONING BLUEPRINT

- 5.2.5 The analysis by the [Development Authority](#) may include but is not limited to the following considerations:
- a) The relationship to and compliance with a statutory plan in effect or policies of the [Council](#);
 - b) The relationship to and compliance with any proposed statutory plan or [plan of subdivision](#);
 - c) The review of the intensity of the land [use](#) proposed or implied in a [plan of subdivision](#);
 - d) The compatibility with surrounding development in terms of land [use](#), scale or development and staging;
 - e) The impact on transportation systems including ingress and egress;
 - f) The relationship to existing or proposed engineering systems including surface water drainage, wastewater, water supply and other utilities, with regard to both physical and financial impact;
 - g) The relationship to municipal land requirements including rights-of-way and easement requirements;
 - h) The impact on existing [uses](#) and [buildings](#) in the area with regard to their stability, retention and rehabilitation;
 - i) A statement of the opinions and concerns by area residents regarding the application;
 - j) The amendment application may be referred by the [Development Authority](#) to any municipal department, [adjacent municipality](#), [government](#) agency, or other external agency for comment; and
 - k) Such other land [use](#) planning issues and information which the [Development Authority](#) considers relevant to the application.
- 5.2.6 Notwithstanding anything contained in [Our Zoning Blueprint](#), where an application to amend [Our Zoning Blueprint](#) is refused by [Council](#), another application on the same land for a similar amendment to [Our Zoning Blueprint](#) may not be accepted before a 6 month period has elapsed from the date of refusal of the previous application.

PART 5: ADMINISTRATION

ESTABLISHMENT OF AUTHORITIES & DUTIES

5.3 SUBDIVISION AUTHORITY

- 5.3.1 The [Municipality's](#) Chief Administrative Officer is the [Subdivision Authority](#), with powers and duties as set out in [Our Zoning Blueprint](#) and may delegate in writing any or all of these powers and duties specified to a designated officer or employee of the [Municipality](#).
- 5.3.2 A designated officer may in writing be given the ability to further delegate any or all of the powers and duties they themselves have been given.
- 5.3.3 The [Subdivision Authority](#) shall administer [Our Zoning Blueprint](#) in matters relating to [subdivision](#) and must decide on all [subdivision](#) applications.
- 5.3.4 The [Subdivision Authority](#):
- a) Shall make available for inspection by the public during [office](#) hours and post on the [Municipality's](#) website a list of all decisions for [subdivision](#) approval;
 - b) Shall refer for comment, applications for [subdivision](#) to those authorities and agencies prescribed within the *Subdivision and Development Regulation* and [Our Zoning Blueprint](#);
 - c) Shall request comments from [adjacent](#) property owners on applications for [subdivision](#), except when the proposed [subdivision](#) is within an [Area Structure Plan](#) and a public hearing already has been held;
 - d) Shall refer for comment an application for [subdivision](#) to the City of Edmonton and Leduc County when the [site](#) is within 1,600 metres of the [Municipality's](#) shared boundaries;
 - e) Shall prepare, [sign](#), and transmit all notices of decisions on applications for [Subdivision](#);
 - f) Shall review instruments for land titles registration for conformity with the [Subdivision Authority's](#) decision; and
 - g) May endorse land titles instruments in order to effect the registration of the [subdivision](#) of land.
- 5.3.5 After 30 days from the date of referral to authorities, agencies, or landowners, the application may be dealt with by the [Subdivision Authority](#), whether or not comments have been received.
- 5.3.6 The [Subdivision Authority](#) may refuse to accept an application for [subdivision](#) if the information specified in Section 5.9 has not been provided.

PART 5: ADMINISTRATION

ESTABLISHMENT OF AUTHORITIES & DUTIES

- 5.3.7 In making a decision on a [subdivision](#) application the [Subdivision Authority](#) may:
- Approve the application; or
 - Approve the application subject to conditions considered appropriate or necessary; or
 - Refuse the application.
- 5.3.8 The [Subdivision Authority](#) may approve the application for [subdivision](#) even though the proposed [subdivision](#) does not comply with [Our Zoning Blueprint](#) if, at its sole discretion, the proposed [subdivision](#) would not unduly interfere with the amenities of the neighbourhood, or materially interfere with or affect the [use](#), enjoyment or value of neighbouring parcels of land, and the proposed [use](#) is allowed in the applicable [land use district](#).
- 5.3.9 The [Subdivision Authority](#) may extend the time for endorsement of [subdivision](#) plans and for registration of [subdivision](#) plans in accordance with the [Municipal Government Act](#).
- 5.3.10 Prior to endorsement of a [subdivision](#) plan, the [Subdivision Authority](#) is authorized to accept minor modifications as an amendment to the approved design provided:
- No more than one (1) additional [lot](#) is created;
 - The size, amount or location of municipal reserve, school reserve, municipal and school reserve, or environmental reserve does not change;
 - Roadway infrastructure standards of the [Municipality](#) are not compromised;
 - Staging amendments within the [subdivision](#) are appropriate; and
 - Such adjustments comply with Municipal bylaws and adopted statutory plans, with the exception that minor changes to the [Land Use bylaw](#) standards may be included as provided for in the [Municipal Government Act](#).
- 5.3.9 The [Subdivision Authority](#) may, as a condition of issuing a [subdivision](#) approval, require with respect to the [subdivision](#) that the [applicant](#) pay an [off-site levy](#) or any other levy imposed by a bylaw or, that the [applicant](#) enter into an agreement with the [Municipality](#) to pay any such levy and/or to construct or pay for the construction of all or any of the following:
- A public roadway required to give access or egress to the [subdivision](#);
 - A pedestrian walkway system to serve the [subdivision](#);
 - Pedestrian walkways that will connect the pedestrian walkway system that serves or is proposed to serve an [adjacent](#) development or [subdivision](#);
 - Utilities that are necessary to serve the [subdivision](#);
 - Off-street parking or other parking facilities;

PART 5: ADMINISTRATION

ESTABLISHMENT OF AUTHORITIES & DUTIES

- f) Landscaping;
- g) Loading facilities;
- h) New or expanded community recreation facilities, fire hall facilities, police station facilities, or libraries.

5.3.10 The [Subdivision Authority](#) shall appear at [appeal](#) hearings of the [Municipal Government Board](#) and the [Subdivision and Development Appeal Board](#) to explain decisions relating to applications for [subdivision](#).

PART 5: ADMINISTRATION

ESTABLISHMENT OF AUTHORITIES & DUTIES

5.4 DEVELOPMENT AUTHORITY

- 5.4.1 The [Municipality's](#) Chief Administrative Officer is the [Development Authority](#), with powers and duties as set out in [Our Zoning Blueprint](#) and may delegate in writing any or all of these powers and duties specified to a designated officer or employee of the [Municipality](#).
- 5.4.2 A designated officer may in writing be given the ability to further delegate any or all of the powers and duties they themselves have been given.
- 5.4.3 The [Development Authority](#) shall administer and enforce [Our Zoning Blueprint](#) and decide upon all [development permit](#) applications, except those in direct control districts where [Council](#) is identified as the [Development Authority](#).
- 5.4.4 The [Development Authority](#):
- a) Shall keep, and maintain for inspection by the public during [office](#) hours, a copy of [Our Zoning Blueprint](#) and all amendments thereto and ensure that copies are available to the public at reasonable charge;
 - b) Shall maintain an up-to-date version of [Our Zoning Blueprint](#) on the [Municipality's](#) website;
 - c) Shall keep a register of all [development permit](#) applications including the decisions rendered on them and the reasons therefor for a minimum period of 7 years.
 - d) Shall make available for inspection by the public during [office](#) hours and post on the [Municipality's](#) website a list of all decisions for [development permits](#);
 - e) May require the [applicant](#) to post a notice on the [site](#) of an application for a [development permit](#) to request comments from persons who may be affected, prior to rendering a decision;
 - f) Shall consider and decide on applications for [development permits](#) within 40 days of the application being deemed complete or within such time as may be agreed to, in writing, by the [applicant](#);
 - g) Shall approve all [development permit](#) applications for a "[permitted use](#)" with or without conditions, if the application conforms in all respects to the provisions of [Our Zoning Blueprint](#);
 - h) Shall make a decision on a [development permit](#) application for a "[discretionary use](#)," whereby the [Development Authority](#) may:
 - i. Approve the application; or
 - ii. Approve the application subject to conditions and restrictions considered appropriate or necessary; or
 - iii. Refuse the application.

PART 5: ADMINISTRATION

ESTABLISHMENT OF AUTHORITIES & DUTIES

- i) Shall not approve any [development permit](#) application for the [use](#) of land or a [building](#) not listed as a "[permitted use](#)" or "[discretionary use](#)" in the district in which the [building](#) or land is situated;
- j) Shall not approve an application for a [development permit](#) that is not in conformity with the [Municipality's](#) Statutory Plans.
- k) Shall issue orders, where appointed, with regard to contravention of the [Municipal Government Act](#) and enforcing regulations, bylaws, or permit conditions;
- l) Shall [sign](#) and issue all valid [development permits](#), certificates of compliance, notices of decisions, and notices.

5.5 VARIANCE POWERS

- 5.5.1 Notwithstanding any other section of [Our Zoning Blueprint](#), the [Subdivision Authority](#) or [Development Authority](#) may allow a [Variance](#) of any or all of the requirements of [Our Zoning Blueprint](#), where at the discretion of the [Subdivision Authority](#) or [Development Authority](#), the [subdivision](#) or development would not unduly interfere with the amenities of the neighbourhood or materially interfere with or affect the [use](#), enjoyment, or value of the neighbouring parcels of land and the [use](#) proposed is allowed by [Our Zoning Blueprint](#).
- 5.5.2 A [variance](#) may be refused for any encroachment on a [lot line](#) or easement that is not permitted in [Our Zoning Blueprint](#).
- 5.5.3 All requests for a [variance](#) shall be accompanied by a [variance](#) request form from the [applicant](#) clearly stating the reasons for the [variance](#) and outlining the applicable criteria identified in Section 5.5.1.
- 5.5.4 If a [variance](#) is granted pursuant to this section, the [Subdivision Authority](#) or [Development Authority](#) shall specify its nature in the [subdivision](#) or [development permit](#) approval.
- 5.5.5 In granting a [variance](#), the [Subdivision Authority](#) or [Development Authority](#) may request written acceptance of the proposed [variance](#) from affected landowners.

5.6 SUBDIVISION AND DEVELOPMENT APPEAL BOARD

- 5.6.1 The [Subdivision and Development Appeal Board](#) shall perform such duties as specified in [Our Zoning Blueprint](#), the [Subdivision and Development Appeal Board Bylaw](#), and pursuant to the [Municipal Government Act](#).

PART 5: ADMINISTRATION

ESTABLISHMENT OF AUTHORITIES & DUTIES

5.7 APPEALS

- 5.7.1 Development and [subdivision](#) appeals shall be in accordance with the [Municipal Government Act](#).

PART 5: ADMINISTRATION

ESTABLISHMENT OF AUTHORITIES & DUTIES

5.8 FORMS, NOTICES OR ACKNOWLEDGEMENTS

- 5.8.1 Any form, notice or acknowledgment issued by the [Municipality](#) shall include:
- a) The date of issuance of the notice or acknowledgment;
 - b) Contact information for the [Municipality](#);
 - c) The municipal address of the property subject to the application;
 - d) The municipal file number for the application; and
 - e) Any other information at the discretion of the [Municipality](#).
- 5.8.2 Any form, notice or acknowledgment may be sent by electronic means pursuant to Section 608 of the [Municipal Government Act](#).

PART 5: ADMINISTRATION

SUBDIVISION APPLICATIONS

5.9 SUBDIVISION APPLICATIONS

- 5.9.1 An application for [subdivision](#) shall be made using the prescribed form and required checklist signed by the owner or the agent and accompanied by:
- a) The required fees, as established by [Council](#);
 - b) A letter of authorization when an application is made by a person other than the registered landowner;
 - c) A current copy of the [certificate of title](#) for said lands issued within 30 days of the application;
 - d) A [real property report](#) for any [lot](#) with [buildings](#) that will remain;
 - e) A shadow plan for all future phases of development that demonstrate how overall [density](#) minimum, and rear [lane](#) percentage is achieved; and
 - f) 3 copies of a sketch or plan drawn to scale, to the satisfaction of the [Subdivision Authority](#), in metric dimensions which show the following:
 - i. The location, dimensions and boundaries of the [lot\(s\)](#) to be subdivided;
 - ii. The proposed [lot\(s\)](#) to be registered in a [land titles office](#);
 - iii. The location, dimensions, and boundaries of each new [lot](#) to be created and any [reserve land](#);
 - iv. Existing rights-of-way of each [public utility](#) or other rights-of-way;
 - v. The location, [use](#), and dimensions of [buildings](#) on the parcel that is the subject of the application and specifying those [buildings](#) that are proposed to be demolished or moved;
 - vi. The location and boundaries of the bed and shore of any river, stream, watercourse, lake, or other body of water that is contained within or bounds the proposed or existing [Lot\(s\)](#);
 - vii. The location of any existing or proposed wells, any private sewage disposal systems, and the distance from these to existing or proposed [buildings](#) and existing or proposed [lot lines](#);
 - viii. All accesses, existing and proposed, to all [lot\(s\)](#), existing and proposed; and
 - ix. The location of any tree stands or wetlands on the existing and proposed [lot\(s\)](#).

PART 5: ADMINISTRATION

SUBDIVISION APPLICATIONS

- 5.9.2 In addition to the information required under Section 5.9.1, the following information may be required by the [Subdivision Authority](#) considering whether such information has previously been submitted, and depending on the scale, type, and location of the proposed development:
- a) Number of [dwelling units](#);
 - b) Statistics showing calculations of the gross area of land in the [site plan](#) and the allocation of the land to streets, lanes, lots, and [reserve lands](#) as per the [Municipal Government Act](#);
 - c) A geotechnical assessment, stamped by a qualified professional, on the subsurface characteristics of the [site](#);
 - d) Shadow plans to demonstrate the integration of the proposed [subdivision](#) on [adjacent](#) lots and / or land to be developed in the future;
 - e) A plan showing resources, such as trees, ravines, views, and other similar natural features which are influential to the [site](#);
 - f) An appraisal of the market value of the land when money in place of land dedication for municipal reserve is proposed;
 - g) Biodiversity study, if needed;
 - h) [Pedestrian circulation plan](#);
 - i) An historical resources impact assessment on lands that have been identified or suspected as containing a registered [historical resource](#) or within 60 metres of public lands set aside for [use](#) as historic [site\(s\)](#);
 - j) A statement clearly describing how the positive and / or negative potential impacts of the proposed [subdivision](#) on [adjacent](#) lands will be dealt with and how the proposed facilities have been designed to address those impacts;
 - k) Ground water information regarding the supply of potable water if the intended [use\(s\)](#) are not served by a piped municipal system. All lands subdivided pursuant to an approved [Area Structure Plan](#) or [Neighbourhood Structure Plan](#) require connection to piped municipal services;
 - l) A [pedestrian circulation plan](#);
 - m) Methods to control traffic, dust, and noise; and
 - n) Any other information required by the [Subdivision Authority](#), at their sole discretion, with respect to the [site](#) or [adjacent](#) lands, including but not limited to, an environmental screening of the [site](#), geotechnical study, and/or a traffic impact analysis prepared by qualified professionals.

PART 5: ADMINISTRATION

SUBDIVISION APPLICATIONS

- 5.9.3 When an application for [subdivision](#) has been refused or, ultimately, after [appeal](#), the submission of another application for [subdivision](#) on the same [site](#), for the same or similar [use\(s\)](#) by the same or any other [applicant](#), may not be accepted by the [Subdivision Authority](#) for at least 6 months after the date of refusal.
- 5.9.4 Where notification is required, the [applicant](#) must bear the costs of publishing the notification in a newspaper circulating in the area.
- 5.9.5 Where, in the opinion of the [Subdivision Authority](#), an application is substantially revised or altered, the [Subdivision Authority](#) may require the [applicant](#) to pay an additional fee as determined by [Council](#).
- 5.9.6 In the event that any work, including excavation, has been commenced prior to the conditional approval of the [subdivision](#), the [applicant](#) shall be required to pay a fee double that of the base application fee and/or a fine set out in Section 5.24.

5.10 DETERMINING A COMPLETE SUBDIVISION APPLICATION

- 5.10.1 Unless extended by an agreement in writing between the [applicant](#) and the [Subdivision Authority](#), the [Subdivision Authority](#) shall within 20 days after receipt of an application for the [subdivision](#) of land or a [development permit](#):
- a) Issue a written acknowledgement to the [applicant](#) advising that the application is complete; or
 - b) Issue a written notice to the [applicant](#) advising that the application is incomplete, listing the documentation and information that is still required and setting a date by which the required documentation and information must be submitted.
- 5.10.2 Upon receipt of the required documentation and information pursuant to Section 5.10.1(b) the [Subdivision Authority](#) shall issue a written acknowledgement to the [applicant](#) advising that the application is complete.
- 5.10.3 If the [applicant](#) fails to submit any requested outstanding documents or information by the date set out, the application shall be deemed refused and the [Subdivision Authority](#) shall inform the [applicant](#) in writing that the application has been refused and the reason for the refusal.
- 5.10.4 The approval of an application or drawing, or the conditional approval of a [subdivision](#) shall not prevent the [Subdivision Authority](#) from thereafter requiring the correction of errors and omissions, nor from prohibiting the [subdivision](#) being carried out when the same is in violation of [Our Zoning Blueprint](#).
- 5.10.5 Where an application for a [subdivision](#) is determined to contain incorrect information, the [Subdivision Authority](#) is not required to make a decision until such information is corrected by the [applicant](#).

PART 5: ADMINISTRATION

SUBDIVISION APPLICATIONS

- 5.10.6 Any [subdivision](#) approval granted on the basis of incorrect information contained in the application may be revoked or suspended by the [Subdivision Authority](#).

5.11 DEVELOPMENT AGREEMENT FOR SUBDIVISION

- 5.11.1 The [Subdivision Authority](#) may approve a [subdivision](#) application subject to conditions.
- 5.11.2 If a [development agreement](#) is required it shall be entered into between the [Municipality](#) and the owner, as per Section 655(1) (b) of the [Municipal Government Act](#). The [development agreement](#) may be registered on certificate(s) of title to the satisfaction of the [Municipality](#).
- 5.11.3 A [development agreement](#) may contain provisions requiring a letter(s) of credit or other [security](#) in an amount and in a form to be determined by the [Municipality](#) to guarantee the execution of the items listed in the [development agreement](#).

5.12 SUBDIVISION DECISIONS

- 5.12.1 The decision of the [Subdivision Authority](#) on an application shall be given to the [applicant](#) in the form prescribed by the [Municipality](#), which may include correspondence by electronic means pursuant to Section 608 of the [Municipal Government Act](#). The notice shall include a description of the proposed [subdivision](#), the decision, and shall advise of the right of [appeal](#) and will be sent to:
- a) The [applicant](#);
 - b) The owner(s) of the [lot\(s\)](#);
 - c) Any other agency, organization, or landowner impacted by the decision, at the discretion of the [Municipality](#)
- 5.12.2 A [subdivision](#) approval is not a [development permit](#) and, notwithstanding that plans and specifications for [buildings](#) may have been submitted as part of an application for [subdivision](#), work or construction shall neither commence nor proceed until a [development permit](#) has been issued, pursuant to applicable bylaws and regulations.
- 5.12.3 An application for [subdivision](#) shall, at the option of the [applicant](#), be deemed to be refused when the decision of the [Subdivision Authority](#) is not made within 60 days of being deemed complete unless the [applicant](#) has entered into an agreement with the [Subdivision Authority](#) to extend the 60 day period. The [applicant](#) may [appeal](#) in writing, as provided in the [Municipal Government Act](#), as though they had received a decision of refusal.

PART 5: ADMINISTRATION

DEVELOPMENT PERMIT APPLICATIONS

5.13 DEVELOPMENT PERMITS NOT REQUIRED

- 5.13.1 The following developments do not require a [development permit](#) provided the development complies with all other requirements of [Our Zoning Blueprint](#):
- a) Those [uses](#) and development exempted under Section 618 of the [Municipal Government Act](#);
 - b) Those [uses](#) specifically listed as exempt from requiring a [development permit](#) in [Our Zoning Blueprint](#);
 - c) [Stripping, site](#) grading or excavation that is part of a development for which a [development permit](#) or [development agreement](#) has been issued;
 - d) Uncovered [patios](#) or [decks](#) no more than 0.6 metres above [grade](#);
 - e) Construction and maintenance of a gate or [fence](#) where they meet the requirements of [Our Zoning Blueprint](#);
 - f) Towers, flag poles, and other poles not exceeding 4.5 metres in height from [grade](#) in all [land use districts](#) except the industrial district;
 - g) Painting, decorating, repairs, and non-structural [alterations](#), provided the development does not result in a change of [use](#) or intensity of [use](#), and meets all other obligatory legislation, regulations, and / or standards;
 - h) Murals or similar public art, providing that no advertising is included, or any content which may contain intolerance, hatred or ridicule of any race, religion or other segment of society, or which otherwise would not comply with the requirements set out in the *Canadian Code of Advertising Standards*;
 - i) A single [storey accessory building or structure](#) not greater than 10 square metres in floor area with no utility connections, no permanent foundation and is not to be used for residential purposes;
 - j) The temporary [use](#) of an existing [building, structure](#), or part thereof for municipal, provincial, or federal [government](#) purposes;
 - k) A temporary [building](#) associated with construction and not to be used for residential purposes such as a construction trailer, where the sole purpose of the [building](#) is incidental to the erection or [alteration](#) of a permanent [building](#) for which a [development permit](#) has been issued under [Our Zoning Blueprint](#). The temporary [building](#) shall be removed within 30 days of substantial completion of the development. This does not include a sales [office, show home](#) or similar facility.
 - l) Municipally sanctioned [special events](#) held on municipal property;

PART 5: ADMINISTRATION

DEVELOPMENT PERMIT APPLICATIONS

- m) A [pergola](#), trellis, or arbour;
- n) Signs not requiring a [development permit](#) as per Part 4 of [Our Zoning Blueprint](#);
- o) Soft and/or [hard landscaping](#) not located in a [frontage](#) and where the proposed grades will not adversely affect the [lot](#) or [adjacent](#) lands, except where landscaping forms part of a development that requires a [development permit](#);
- p) Retaining walls lower than 1 metre in height;
- q) The completion of any development which was lawfully under construction at the date of approval of [Our Zoning Blueprint](#) does not require a new [development permit](#), provided that the [building](#) is completed in accordance with the terms of any [development permit](#) granted with respect to it, and subject to the conditions on which such [development permit](#) was granted, and provided also that the [building](#), whether or not a [development permit](#) was granted in respect to it, is completed within a period of 12 months from the said date of said approval.
- r) A [structure](#) with a rigid frame supporting exterior fabric with windows and doors shall be permitted in the agricultural holdings district.

5.14 DEVELOPMENT PERMIT APPLICATIONS

- 5.14.1 Except as provided in Section 5.13 (when no permit is required), no development shall be undertaken in the [Municipality](#) unless an application has been approved and a [development permit](#) has been issued.
- 5.14.2 An application for a [development permit](#) for development shall be made using the prescribed form and required checklist signed by the owner or the agent and accompanied by:
 - a) The required fees, as established by [Council](#);
 - b) Authorization when an application is made by a person other than the registered landowner;
 - c) A current copy of the [certificate of title](#) for said lands issued within 30 days of the application; and
 - d) 3 copies of the [site](#), floor, elevation, and landscaping plans in accordance with the checklist, drawn to a minimum scale of 1:1000, or to the satisfaction of the [Development Authority](#), in metric dimensions which show the following:
 - i. Legal description of the [site](#) with north arrow;
 - ii. Area and dimensions of the land to be developed including [lot coverage](#), thoroughfares, and [setbacks](#);

PART 5: ADMINISTRATION

DEVELOPMENT PERMIT APPLICATIONS

- iii. Exterior finishing materials, architectural design features and all locations and dimensions of [frontage](#) elements including transparency, entrances, and landscaping;
- iv. The height, dimensions, and relationship to [lot lines](#) of all existing and proposed [buildings](#) and [structures](#) including retaining walls, trees, landscaping, and other physical features;
- v. The removal of trees if applicable;
- vi. Existing and proposed access to and from the [site](#);
- vii. [Site](#) drainage, finished [lot](#) grades, and the grades of the roads, streets, and utilities servicing the property;
- viii. Locations and distances of on-[site](#) existing or proposed water, wastewater and storm water connections, septic tanks, disposal fields, water wells, culverts, and crossings;
- ix. Location of all registered utility easements and rights-of-way;
- x. Information on the method to be used for the supply of potable water and disposal of waste along with supporting documentation.
- xi. Estimated construction value of the proposed work.

5.14.3 In addition to the information required under Section 5.14.2, the following information may be required by the [Development Authority](#) depending on the scale, type, and location of the proposed development:

- a) Number of [dwelling units](#);
- b) Proposed [use](#) for each floor;
- c) Loading and parking provisions, including electric charging stations;
- d) [Bicycle parking](#) provisions;
- e) Solid waste and storage provisions and screening provisions of same;
- f) Landscaping plan prepared by a landscape architect registered with the Alberta Association of Landscape Architects, identifying location, dimensions and design of all existing and proposed soft and [hard landscaping](#), including health, identification and planting methods;
- g) Lighting plan;
- h) [Pedestrian circulation plan](#);
- i) Crime Prevention Through Environmental Design (CPTED) assessment prepared by a qualified [security](#) professional;

PART 5: ADMINISTRATION

DEVELOPMENT PERMIT APPLICATIONS

- j) A statement clearly describing how the positive and / or negative potential impacts of the proposed development on [adjacent](#) lands will be dealt with and how the proposed facilities have been designed to address those impacts;
 - k) Information describing any noxious, toxic, radioactive, flammable, or explosive materials that may be included in the proposed development;
 - l) In relation to a special event or temporary [Use](#), the duration and time periods for the operation of the development, facility or event;
 - m) Methods to control traffic, dust, odour, and noise;
 - n) Method(s) for providing on-[site security](#); and
 - o) Any other information required by the [Development Authority](#), at their sole discretion, with respect to the [site](#) or [adjacent](#) lands, including but not limited to, an environmental screening of the [site](#), geotechnical study, and/or a traffic impact analysis prepared by qualified professionals.
- 5.14.4 A [development permit](#) shall not be issued for an accessory [use](#) prior to the approval of a primary [use](#).
- 5.14.5 When an application for a [development permit](#) has been refused pursuant to [Our Zoning Blueprint](#) or, ultimately, after [appeal](#), the submission of another application for a [development permit](#) on the same [site](#), for the same or similar [use](#) by the same or any other [applicant](#), may not be accepted by the [Development Authority](#) for at least 6 months after the date of refusal.
- 5.14.6 Where notification is required, the [applicant](#) must bear the costs of publishing the notification in a newspaper circulating in the area.
- 5.14.7 Where, in the opinion of the [Development Authority](#), an application is substantially revised or altered, the [Development Authority](#) may require the [applicant](#) to pay an additional fee as stated in the *Fees and Charges Bylaw*, as amended.
- 5.14.8 In the event that any work, including excavation, has been commenced prior to the issuance of the [development permit](#), the [applicant](#) shall be required to pay a fee double that of the base application fee, or a fine set out in Section 5.24.

5.15 DETERMINING COMPLETE DEVELOPMENT PERMIT APPLICATIONS

- 5.15.1 Unless extended by an agreement in writing between the [applicant](#) and the [Development Authority](#), the [Development Authority](#) shall within 20 days after receipt of an application for a [development permit](#):
- a) Issue a written acknowledgement to the [applicant](#) advising that the application is complete; or

PART 5: ADMINISTRATION

DEVELOPMENT PERMIT APPLICATIONS

- b) Issue a written notice to the [applicant](#) advising that the application is incomplete, listing the documentation and information that is still required and setting a date by which the required documentation and information must be submitted.
- 5.15.2 If the [applicant](#) fails to submit any requested outstanding documents or information by the date set out, the application shall be deemed refused and the [Development Authority](#) shall inform the [applicant](#) in writing that the application has been refused and the reason for the refusal.
- 5.15.3 Upon receipt of the required documentation and information listed in the notice issued pursuant to Section 5.15.1(b), the [Development Authority](#) shall issue a written acknowledgement to the [applicant](#) advising that the application is complete.
- 5.15.4 The approval of an application or drawing, or the issuing of a [development permit](#) shall not prevent the [Development Authority](#) from thereafter requiring the correction of errors and omissions, nor from prohibiting the development being carried out when the same is in violation of [Our Zoning Blueprint](#).
- 5.15.5 Where an application for a [development permit](#) is determined to contain incorrect information, the [Development Authority](#) is not required to make a decision until such information is corrected by the [applicant](#).
- 5.15.6 Any [development permit](#) issued on the basis of incorrect information contained in the application shall be revoked or suspended by the [Development Authority](#).

5.16 APPLICATION NOTIFICATION REQUIREMENTS

- 5.16.1 Prior to approving an application for a [development permit](#) which is a [discretionary use](#), or for a [permitted use](#) requiring a [variance](#), the [Development Authority](#) may require the [applicant](#) to post a notice on the property in a location and format determined by the [Municipality](#) describing the proposed development and advising any interested parties where further information regarding the application may be obtained. Such notice shall be posted for a minimum of 10 calendar days prior to the issuance of a notice of decision.
- 5.16.2 Notifications shall be a minimum size of 0.5 square metres and shall contain information on the proposed development and contact information for the [applicant](#) and the [Municipality](#).

PART 5: ADMINISTRATION

DEVELOPMENT PERMIT APPLICATIONS

5.17 DEVELOPMENT AGREEMENT

- 5.17.1 The [Development Authority](#) may conditionally approve any [development permit](#), subject to a [development agreement](#).
- 5.17.2 If a [development agreement](#) is required, it must be entered into between the [Municipality](#) and the [applicant](#) as per Section 650 of the [Municipal Government Act](#). The [development agreement](#) may be registered on the [certificate of title](#) to the satisfaction of the [Municipality](#).
- 5.17.3 A [development agreement](#) may contain provisions requiring a letter(s) of credit or other [security](#) in an amount and form to be determined by the [Municipality](#) to guarantee the execution of the items listed in the [development agreement](#).

5.18 CONDITIONS OF A DEVELOPMENT PERMIT

- 5.18.1 The [Development Authority](#) may impose such conditions on the approval of an application as, in their opinion, are necessary to:
- a) Uphold the intent and objectives of [Our Complete Community](#) under preparation or as adopted;
 - b) Uphold the intent and objectives of an [area structure plan](#), [neighbourhood structure plan](#), or area redevelopment plan under preparation or as adopted, that is applicable to the [site](#);
 - c) Meet the applicable requirements of [Our Zoning Blueprint](#); and
 - d) Ensure the orderly and economic development of land within the [Municipality](#).
- 5.18.2 The [Development Authority](#) may, as a condition of issuing a [development permit](#), require with respect to the development that the [applicant](#) pay an [off-site levy](#) or any other levy imposed by a bylaw or, that the [applicant](#) enter into a [development agreement](#) with the [Municipality](#) to pay any such levy and/or to construct or pay for the construction of all or any of the following:
- a) A public road required to give access or egress to the development;
 - b) A pedestrian walkway system to serve the development;
 - c) Pedestrian walkways that will connect the pedestrian walkway system that serves or is proposed to serve an [adjacent](#) development;
 - d) Utilities that are necessary to serve the development;
 - e) Off-street parking or other parking facilities;
 - f) Landscaping;

PART 5: ADMINISTRATION

DEVELOPMENT PERMIT APPLICATIONS

- g) Loading facilities; or
- h) New or expanded community recreation facilities, fire hall facilities, police station facilities, or libraries.

5.18.3 The [Development Authority](#) may, as a condition of issuing a [development permit](#), require the [applicant](#) to:

- a) Make satisfactory arrangement for the supply of water, wastewater service, storm water drainage, electrical power, supply of natural gas, telephone service, vehicular and pedestrian access, or any of them, including payment of the costs of installing or constructing any such utility or facility by the [applicant](#);
- b) Repair or reinstate, or pay for the repair or reinstatement, to its original condition any street furniture, curb, sidewalk, landscaping or tree planting, which may be damaged, destroyed or otherwise harmed by development or [building](#) operations upon the [site](#);
- c) Perform such surface levelling, grading or swaling on the [site](#) as may be required to ensure compliance with a surface drainage plan for the [site](#), which work shall be ratified upon completion by a grading certificate prepared by an Alberta Land Surveyor for approval by the [Municipality](#);
- d) Provide proof of insurance in an amount satisfactory to the [Municipality](#) which shall include liability coverage for completed operations and the course of construction;
- e) Provide [security](#) to ensure the [applicant](#)'s compliance with, or performance of, any of the conditions of a [development permit](#), and/or damages to municipal installations;
- f) The [applicant](#) shall prevent excess soil or debris from being spilled on public streets, lanes and sidewalks, and shall not place soil or any other materials on [adjacent](#) properties without permission in writing from [adjacent](#) property owners;
- g) The [Development Authority](#) may require a [real property report](#) relating to the [building](#) for which a permit has been applied;
- h) No [building](#) shall be occupied or [use](#) shall be used and no change in the existing occupancy classification of a [building](#) shall be made until the [Development Authority](#) is satisfied that the project is substantially complete in accordance with the [development permit](#) issued;
- i) Development will be required to connect to public and water services. No private sewer and water systems will be permitted unless approved by the appropriate municipal and provincial departments. Temporary construction trailers shall not connect to municipal services; and /or

PART 5: ADMINISTRATION

DEVELOPMENT PERMIT APPLICATIONS

- j) The [Development Authority](#) may attach whatever conditions it considers appropriate to a [development permit](#) for either a permitted or [discretionary use](#), including, but not limited to, the following:
- i. Landscaping requirements;
 - ii. Noise attenuation;
 - iii. Special parking provisions;
 - iv. Location, appearance and character of a [building](#);
 - v. Grading of a [site](#) to protect [adjacent](#) properties;
 - vi. Conditions specified elsewhere in [Our Zoning Blueprint](#);
 - vii. Any other condition to ensure that the proposed development is compatible with surrounding land [uses](#); or
 - viii. On-[site](#) water, sanitary or storm servicing requirements.

5.19 NOTICE OF DECISION

- 5.19.1 The decision of the [Development Authority](#) on an application shall be given to the [applicant](#) on the same day the decision is made in the form prescribed by the [Municipality](#), which may include correspondence by electronic means pursuant to Section 608 of the [Municipal Government Act](#).
- 5.19.2 If the [Development Authority](#) refuses an application for a [development permit](#), the notice of decision shall contain the reasons for the refusal.
- 5.19.3 When an application for a [development permit](#) is approved for a [discretionary use](#), or for a [permitted use](#) in which a [variance](#) has been granted, the [Development Authority](#) shall send notice of the decision that will include a description of the proposed development, state the decision, advise of the right of [appeal](#), and will be sent to:
- a) The [applicant](#);
 - b) The owner(s) of the [lot\(s\)](#);
 - c) Each owner of [adjacent](#) land at the name and address shown for that owner; or
 - d) Each owner at such additional distance and direction from the boundaries of the proposed development as, in the opinion of the [Development Authority](#), may be materially impacted by the development,

PART 5: ADMINISTRATION

DEVELOPMENT PERMIT APPLICATIONS

- 5.19.4 A [development permit](#) for a [discretionary use](#) or for a [permitted use](#) in which a [variance](#) has been granted comes into force and effect:
- a) Only after the time for an [appeal](#) to the [Subdivision and Development Appeal Board](#) has expired; or
 - b) If an [appeal](#) has been filed, once a decision has been made by the [Subdivision and Development Appeal Board](#) in favour of the issuance of the [development permit](#) subject to any [variance](#) other change to conditions of approval directed by the [Subdivision and Development Appeal Board](#).
- 5.19.5 A [development permit](#) issued pursuant to [Our Zoning Blueprint](#) is not a [building permit](#) and, notwithstanding that plans and specifications for [buildings](#) may have been submitted as part of an application for a [development permit](#), work or construction shall neither commence nor proceed until a [building permit](#) has been issued, pursuant to applicable bylaws and regulations.
- 5.19.6 An application for a [development permit](#) shall, at the option of the [applicant](#), be deemed to be refused when the decision of the [Development Authority](#) is not made within 40 days of being deemed complete unless the [applicant](#) has entered into an agreement with the [Development Authority](#) to extend the 40 day period. The [applicant](#) may [appeal](#) in writing, as provided in the [Municipal Government Act](#), as though they had received a decision of refusal.

5.20 PERMIT VALIDITY

- 5.20.1 A [development permit](#) shall lapse and be revoked when no development has been commenced on the [site](#) within a 12 month period after the date on which the [development permit](#) was issued, unless an extension of up to 6 months to this period has been granted by the [Development Authority](#) making the decision on the original application.
- 5.20.2 When a development, once commenced, has been discontinued for a period or periods totalling 6 months, the [Development Authority](#) may require the [applicant](#) and / or owner of the [development permit](#) in respect of the development, provide in writing the reasons for the discontinuance of the development; and either
- a) Permit the discontinuance of the development for a further specified period of time; or
 - b) Notify the [applicant](#) and/or owner of the [development permit](#) that the [development permit](#) has lapsed and is revoked.
- 5.20.3 When a [development permit](#) that has previously been issued for a [site](#) is in effect, the [Development Authority](#), in their consideration of an application for another [development permit](#) for the same [site\(s\)](#), may revoke the previous permit and issue a new [development permit](#).

5.21 NON-CONFORMING USES, BUILDINGS AND LOTS

- 5.21.1 A [non-conforming use](#) of land or a [building](#) may be continued, but if that [use](#) is discontinued for a period of 6 consecutive months or more, any future [use](#) of the land or [building](#) must conform to [Our Zoning Blueprint](#).
- 5.21.2 A [non-conforming use](#) of part of a [building](#) may be extended throughout the [building](#), but the [building](#), whether or not it is a [non-conforming building](#), may not be enlarged or added to and no structural [alterations](#) may be made thereto or therein.
- 5.21.3 A [non-conforming use](#) of part of a [lot](#) or [site](#) may not be extended or transferred in whole or in part to any other part of the [lot](#) or [site](#) and no additional [buildings](#) may be constructed upon the [lot](#) or [site](#) while the [non-conforming use](#) continues.
- 5.21.4 A [non-conforming building](#) may continue to be used but the [building](#) may not be enlarged, added to, rebuilt or structurally altered except:
- a) To make it a conforming [building](#); and
 - b) For the routine maintenance of the [building](#), if the [Development Authority](#) considers it necessary.
- 5.21.5 If a [non-conforming building](#) is damaged or destroyed to the extent of more than 75 percent of the value of the [building](#) above its foundation, the [building](#) may not be repaired or rebuilt except in accordance with [Our Zoning Blueprint](#).
- 5.21.6 The land [use](#) or the [use](#) of a [building](#) is not affected by a change of ownership, tenancy, or occupancy of the land or [building](#).

PART 5: ADMINISTRATION

ENFORCEMENT

5.22 OFFENCES AND PENALTIES

- 5.22.1 No person shall fail to comply with a [development permit](#) or the plans and conditions forming part of said permit, or make [use](#) of land, or allow any [use](#) of land, in a manner contrary to the provisions of [Our Zoning Blueprint](#).
- 5.22.2 No person shall contravene or permit a contravention of this [Our Zoning Blueprint](#). No person shall commence or undertake a development, [use](#), or [sign](#) that is not permitted by [Our Zoning Blueprint](#).
- 5.22.3 No person shall contravene a condition of a [development permit](#) or [subdivision](#) approval issued under [Our Zoning Blueprint](#).
- 5.22.4 No person shall authorize or undertake any development that is not compliant with the description, specifications or plans that were the basis for a [subdivision](#) approval or the issuance of a [development permit](#).
- 5.22.5 No person shall modify any description, specifications, or plans that were the basis for the issuance of any permit by the [Subdivision Authority](#) or [Development Authority](#).
- 5.22.6 Every person who contravenes any of the provisions of [Our Zoning Blueprint](#) by doing any act or thing which the person is prohibited from doing is guilty of an offence.
- 5.22.7 The [Development Authority](#) may suspend or revoke a [development permit](#) which has not been complied with.

5.23 VIOLATION TAGS

- 5.23.1 A Designated Officer may issue a written warning for offences by outlining the nature of the violation, corrective measures that may be taken, and the deadline for corrective measures.
- 5.23.2 In accordance with the *Provincial Offences Procedures Act*, a Designated Officer or Peace Officer may issue a [violation tag](#) to a person where there is reasonable and probable grounds to believe there is a contravention of [Our Zoning Blueprint](#).
- 5.23.3 A [violation tag](#) may be issued to a person either personally or by registered mail.
- 5.23.4 The [violation tag](#) shall be in a form approved by the [Municipality](#) and shall include the name of the person thought to have created the contravention, the offence, the penalty for the offence, a requirement that the penalty be paid within 30 days of issuance of the [violation tag](#), the method by which the tag may be paid, and other information as may be required by the [Municipality](#).

PART 5: ADMINISTRATION

ENFORCEMENT

- 5.23.5 Where a contravention is of a continuing nature, further [violation tags](#) may be issued.
- 5.23.6 The person to whom the [violation tag](#) is issued may, in lieu of being prosecuted, [sign](#) the plea of guilty on the [violation tag](#) and pay the specified fine to the location indicated on the [violation tag](#).
- 5.23.7 If payment is not made within the time specified on the tag, a Peace Officer may issue a violation ticket requiring the person to whom the violation ticket is issued to appear in court on the date specified in the summons portion of the ticket.
- 5.23.8 Nothing in [Our Zoning Blueprint](#) shall prevent a Peace Officer from immediately issuing a violation ticket for the mandatory court appearance of any person who contravenes any provision of [Our Zoning Blueprint](#).

5.24 FINES

- 5.24.1 The fines for an offence against [Our Zoning Blueprint](#) will be subject to the minimum penalty amount, as specified as follows:
- a) Failure to comply with [development permit](#) conditions, \$500;
 - b) Failure to obtain a [development permit](#) for a [sign](#) when required, \$200;
 - c) Failure to comply with [development permit](#) conditions for a [sign](#) when required or failure to comply with regulations regarding a [sign](#) when a [development permit](#) is not required, \$200;
 - d) Failure to comply with regulations in Conventional Neighbourhood District, the Integrated Neighbourhood District, or the Mature District, \$250
 - e) Failure to comply with regulations in the Main Street District or Commercial District, \$1000; or
 - f) Any other contraventions of [Our Zoning Blueprint](#) not specifically listed herein, \$500.
- 5.24.2 If a person is convicted twice of the same offence of [Our Zoning Blueprint](#) within a 12 month period, the minimum penalty for the second conviction will be double the minimum penalty of the first offence.
- 5.24.3 If a person is convicted three or more times of the same offence of [Our Zoning Blueprint](#) within a 12 month period, the minimum penalty for the third and subsequent conviction will be three times the minimum penalty of the first offence.
- 5.24.4 The [Development Authority](#) is authorized and directed to take whatever action is required to collect fines levied for offences of [Our Zoning Blueprint](#).

PART 5: ADMINISTRATION

ENFORCEMENT

5.25 RIGHT OF ENTRY

- 5.25.1 After reasonable notice (generally to mean 2 business days) to the owner or occupant of land or a [building](#), a Designated Officer is hereby authorized to enter upon or into any land or [building](#) within the [Municipality](#), at reasonable times (generally to mean 8:00a.m. to 10:00p.m.), pursuant to Section 542 of the [Municipal Government Act](#), for the purpose of ensuring compliance with [Our Zoning Blueprint](#).
- 5.25.2 A person shall not prevent or obstruct a Designated Officer from carrying out any official duty under [Our Zoning Blueprint](#). If consent is not given, the [Municipality](#) may apply to the Court of Queen's Bench for an authorizing order.

5.26 STOP ORDERS

- 5.26.1 If the [Development Authority](#) finds that a development or [use](#) of land or [buildings](#) is not in accordance with:
- a) Any municipal, provincial, and/or federal legislation
 - b) The [Municipal Government Act](#) or the regulations thereunder; or
 - c) Is contrary to a [development permit](#) that has been issued, a [subdivision](#) approval that has been given or a condition of the [development permit](#) or approval; or
 - d) Contravenes, or does not comply with, the provisions of [Our Zoning Blueprint](#),
- the [Development Authority](#) may issue a [stop order](#), pursuant to Section 645 of the [Municipal Government Act](#), in writing on the date the [stop order](#) is made to the registered owner, the person in possession of the land or [buildings](#) or the person responsible for the contravention of all or any of them to:
- i. Stop the development or [use](#) of the land or [buildings](#) in whole or part as directed by the notice; or
 - ii. Demolish, remove or replace the development; or
 - iii. Take such other measures as are specified in the notice so that the development or [use](#) of the land or [buildings](#) is in accordance with the [Municipal Government Act](#), and the regulations thereunder, a [development permit](#), [subdivision](#) approval or [Our Zoning Blueprint](#), as the case may be; or
 - iv. The option to launch an [appeal](#) to the [Subdivision and Development Appeal Board](#);
- within the time specified by the [stop order](#).

PART 5: ADMINISTRATION

ENFORCEMENT

- 5.26.2 If a person fails or refuses to comply with a [stop order](#), the [Municipality](#) may, in accordance with the [Municipal Government Act](#):
- a) Obtain an injunction from an Alberta Court to enforce [Our Zoning Blueprint](#);
 - b) Register a caveat under the *Land Titles Act* in respect of the order;
 - c) Enter upon the land or [building](#) and take such action as is necessary to carry out the order; and
 - d) Charge the landowner and collect, in like manner as taxes owing against a property, the cost of the measure.

5.27 SITE CLEANLINESS

- 5.27.1 All sites must be kept clean of all construction waste and all other waste (the “debris”) by removing or containing the debris in a manner satisfactory to the [Development Authority](#).
- 5.27.2 Failure to keep the sites clean of debris is an offence under [Our Zoning Blueprint](#). The Peace Officers may issue offence tickets to any person who has committed or is committing an offence respecting this infraction and may be subject to the following penalties:
- a) First offence – a written warning or a stop work order shall be issued, and a bin will be required onsite;
 - b) Second offence (on same [lot](#)) – a minimum fine of \$1,000.00 and a stop work order shall be issued;
 - c) Third (and Subsequent) offence(s) (on same [lot](#)) – a minimum fine of \$5,000.00 and a stop work order shall be issued.
- 5.27.3 It is the responsibility of the owner to ensure that the [site](#) is kept clear of all debris.
- 5.27.4 Excavation, storage, or piling up of materials required during construction shall be prohibited unless all necessary safety measures are undertaken to the satisfaction of the [Development Authority](#) and to the timeframe agreed to with the [Development Authority](#). The owner shall assume all responsibility and liability for the situation. Under no circumstances shall the materials or excavation encroach on [adjacent lot\(s\)](#).

PART 5: ADMINISTRATION

GENERAL PROVISIONS

5.28 CERTIFICATE OF COMPLIANCE

- 5.28.1 Upon application, the [Development Authority](#) may endorse a [certificate of compliance](#) provided that:
- a) The [real property report](#) is prepared by a registered Alberta Land Surveyor and all costs associated with the [certificate of compliance](#) have been paid;
 - b) The development on the property is in full compliance with the provisions of [Our Zoning Blueprint](#);
 - c) The [applicant](#) has applied for and received a [development permit](#) granting a [variance](#) of one or more provisions of [Our Zoning Blueprint](#);
 - d) Approval of a [subdivision](#) has resulted in a [variance](#) of one or more provisions of [Our Zoning Blueprint](#); and / or
 - e) A development is considered an existing [non-conforming building](#) or [use](#) as a result of the adoption of [Our Zoning Blueprint](#).
- 5.28.2 The [Development Authority](#) shall not be liable for any damages arising from the [use](#) of a letter respecting compliance containing errors where the errors are the result of incorrect or incomplete information on the [real property report](#).
- 5.28.3 The [Development Authority](#) may only endorse a [certificate of compliance](#) which is attached to, or forms part of, a [real property report](#) that is no more than 5 years old.

5.29 COMMUNICATION FACILITIES

- 5.29.1 Industry Canada is responsible for regulating telecommunications facilities in Canada. The participation of the [Municipality](#) in the approval process is part of the consultation process mandated by Industry Canada and is not a delegation of a federal decision-making authority, nor does it confer a right on the [Municipality](#) to refuse the location of a communication facility.
- 5.29.2 As part of the consultation, the [Municipality](#) may request the following:
- a) Mitigation of the visual effect of the antenna and supporting [structure](#) through the integration of [soft landscaping](#);
 - b) Protective fencing around the [structure](#); or
 - c) Limitations to illumination and advertising unless required by Transport Canada regulations, and except for a manufacturer's logo.

PART 5: ADMINISTRATION

GENERAL PROVISIONS

5.30 DEMOLITION OF BUILDINGS

- 5.30.1 All pre-conditions, as determined by the [Municipality](#), for a demolition permit must be satisfied prior to an application being made.
- 5.30.2 Where a [development permit](#) is to be approved for the demolition of a [building](#), the [Development Authority](#) may require the [applicant](#) to provide a performance bond to cover costs of reclamation and damage to public and quasi-public utilities, public roadways and sidewalks, and to carry sufficient comprehensive liability insurance naming the [Municipality](#) as an insured party in all public liability policies.
- 5.30.3 The [applicant](#) shall keep sidewalks and public road clear of spilled dirt and debris.
- 5.30.4 Provisions shall be made at all times for the safe [passage](#) of both pedestrian and vehicular traffic around the property. Material or equipment shall not be placed on any public roadway or other public property that will hinder the [passage](#) of pedestrians and vehicles except as authorized by the [Municipality](#).
- 5.30.5 The [applicant](#) shall agree to indemnify and save the [Municipality](#) harmless from all costs, expenses, and charges of, and incidental to, the repair and replacement of sidewalks, curbs, gutters, land and other surface utilities, and improvements [adjacent](#) to the [site](#) and necessitated by damage done by the [applicant](#), its agents or employees in the demolition of this property.
- 5.30.6 It is the responsibility of the [applicant](#) to apply for a final inspection after the work is complete. All sidewalks, curbs, gutters, Lanes and other surface infrastructure must be completely clear of snow, soil, mud or other debris prior to the inspection being performed.
- 5.30.7 The [applicant](#) shall provide fencing around open basements or excavations to protect the general public.
- 5.30.8 The [applicant](#) shall level the basement area if new construction does not start immediately after removal of the [building](#).
- 5.30.9 The [applicant](#) shall remove debris from the [site](#). The [applicant](#) shall excavate down and abandon existing water, wastewater and storm services at point of connection to the main lines, and remove existing curb cock box and rod; or abandon at property line depending on future plans for the [site](#).
- 530.10 It is the responsibility of the [applicant](#) to advise the [Municipality](#) within 2 business days before the date of commencement of the demolition or moving of the [building](#) and [structures](#) from the [site](#). If there is damage to the sidewalks, curbs, gutters and other surface infrastructure after this date, the repair will be the responsibility of the owner.

PART 5: ADMINISTRATION

GENERAL PROVISIONS

5.31 LANDSCAPING COMPLIANCE

- 5.31.1 Except for the planting of a lawn, no hard or [soft landscaping](#) shall be permitted near a curb cock, fire hydrant, or utility pedestal.
- 5.31.2 All development shall be graded in accordance with the *Surface Drainage Bylaw 732-08*, as amended. With regard to grading a [Lot](#), no slope shall be designed that is less than 2% or more than 20%. Where slopes exceed 20%, a retaining wall shall be required. Where a retaining wall exceeds 1.0 metre in height, an engineer's stamped drawing, including a proposed [lot](#) drainage plan, shall be submitted.
- 5.31.3 Every owner or occupant of land shall be responsible for maintaining and controlling the weeds on public property [adjacent](#) to said [lot](#) except [reserve land](#).
- 5.31.4 Any person removing or causing to be removed from public property any hard or [soft landscaping](#) or [structure](#) without authorization from the [Development Authority](#), may be, at the discretion of the [Development Authority](#), liable for the cost of replacing the hard or [soft landscaping](#) or [structure](#) and associated works necessary to restore the public property to its original condition.
- 5.31.5 Where a tree or shrub planted on private property is broken, uprooted or encroaches onto public property, the owner of the tree or shrub shall be liable for the removal of the broken, uprooted or encroaching material from the public property.

5.32 DIRECT CONTROL GENERAL PROVISIONS

- 5.32.1 The purpose of a direct control district is to provide for development(s) that, because of its unique characteristics, innovative ideas or unusual [site](#) constraints require specific regulation unavailable in other [land use districts](#).

PART 5: ADMINISTRATION

GENERAL PROVISIONS

- 5.32.2 An [applicant](#) for a direct control district must provide a written statement indicating why, in the [applicant's](#) opinion, a direct control district is necessary and why the same result cannot be achieved through the [use](#) of a [land use district](#) in [Our Zoning Blueprint](#).
- 5.32.3 In evaluating an application for a direct control district, [Council](#) shall take into account the objectives and policies contained in [Our Complete Community](#) and any statutory plans that relate to the area.
- 5.32.4 [Council](#) shall establish appropriate development standards in the bylaw approving a direct control district and shall also identify whether [Council](#) or the Chief Administrative Officer will be the [Development Authority](#) to decide on subsequent [development permit](#) applications.
- 5.32.5 In a direct control district where [Council](#) is the [Development Authority](#), decisions on minor [development permit](#) applications are hereby delegated to the Chief Administrative Officer or his / her delegate. For the purposes of this Section, minor [development permits](#) shall be:
- a) Signs;
 - b) Home based businesses; and
 - c) Changes of [use](#) that comply with the direct control bylaw and require no [variance](#).
- 5.32.6 Where a [site](#) is designated a direct control district:
- a) Pursuant to [Our Zoning Blueprint](#), a reference to a Section of [Our Zoning Blueprint](#) within the direct control bylaw is deemed to be a reference to the Section as amended from time to time, unless a contrary intent is stated in the direct control bylaw;
 - b) Pursuant to a previous [land use bylaw](#) and where such designation is continued pursuant to [Our Zoning Blueprint](#), the direct control bylaw, as approved by [Council](#) at the time such designation was made, will continue to apply, unless a contrary intent is set out in the bylaw designating the direct control.

PART 6: DEFINITIONS

A

Access	the place, means or way by which pedestrians and / or vehicles shall have adequate ingress and egress to a lot .
Accessory	a structure or use that provides support to the principal structure or principal use and can include small urban greenhouses or swimming pools. Where an accessory structure is attached to a principal structure by a roof or an open or enclosed structure , it is considered to be part of the principal structure , and shall comply with all requirements applicable to the principal structure .
Accessibility Features	features of a building or structure that make it accessible by everyone, regardless of their ability, including but not limited to ramps, railings or other similar feature.
