

Council Policy #C52

AMENDED MUNICIPAL GRANT FUNDING POLICY

Approved by Council Resolution #28/04/19

1. PURPOSE:

The purpose of this policy is to establish the City of Beaumont's Municipal Grant Funding Program and to provide Council, Administration, and the public with a framework by which municipal grants will be applied for, reviewed, and awarded.

The policy:

- Ensures an equitable, fair, and transparent framework is in place for the consideration of municipal grant applications and disbursement of public funds.
- Increases the effectiveness of grant program funding, by better linking the grant program to municipal and departmental strategic objectives.
- Reduces the risk inherent in grants by standardizing the applicant disclosure requirements and setting parameters for receiving grants from multiple grant funds.

2. POLICY STATEMENT:

The City provides grants that support individuals, ad hoc groups, collectives, and non-profit organizations, whose efforts and mandates align with City's strategic objectives. Further, the delivery of the Municipal Grant Funding Program is based on sound and defensible administrative and risk management practices reflected in processes that are timely, consistent, equitable, and transparent for all grant applicants.

The City recognizes and values the contributions that community non-profit organizations and their volunteers make to the community. Moreover, in addition to the direct services they provide, non-profit organizations generate recreational and leisure activity, develop leadership, and empower citizens to build strong and caring communities.

While efforts and contributions of community groups and non-profits are significant, Beaumont's taxpayers cannot fund every worthwhile project. As such, organizations are encouraged to create long-term funding sustainability plans suitable to their mandates and initiatives.

The City may provide financial assistance (in-cash or in-kind) for projects, programs, and/or services that enhance quality of life and contribute the long-term development of the community, in the following areas:

- Arts
- Culture
- Heritage

- Leisure/Recreation/Sport
- Environment
- Social services and wellbeing
- Community spirit

This policy outlines broad eligibility criteria, identifies the types of grants and funding streams that may be available and the general terms for each funding type.

A review of this policy will occur every three (3) years or upon such earlier date as may be requested by Council.
