

Q1 Do you live in Beaumont?

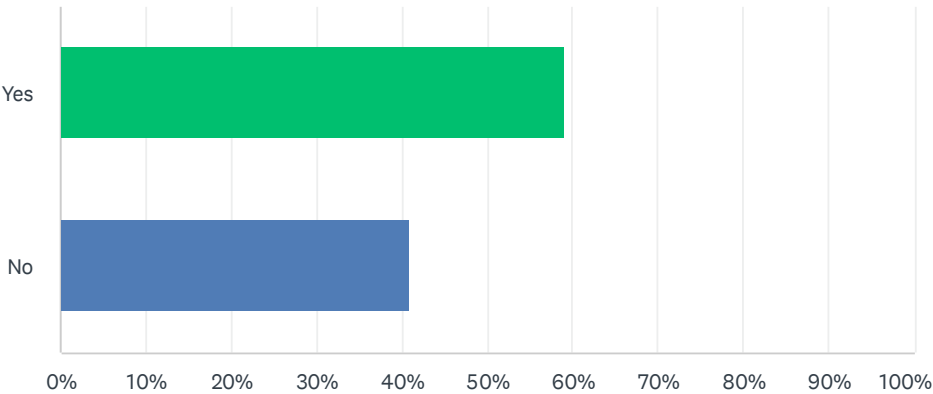

Answered: 282 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	97.87%	276
No	2.13%	6
TOTAL		282

Q2 Have you used an e-scooter before?

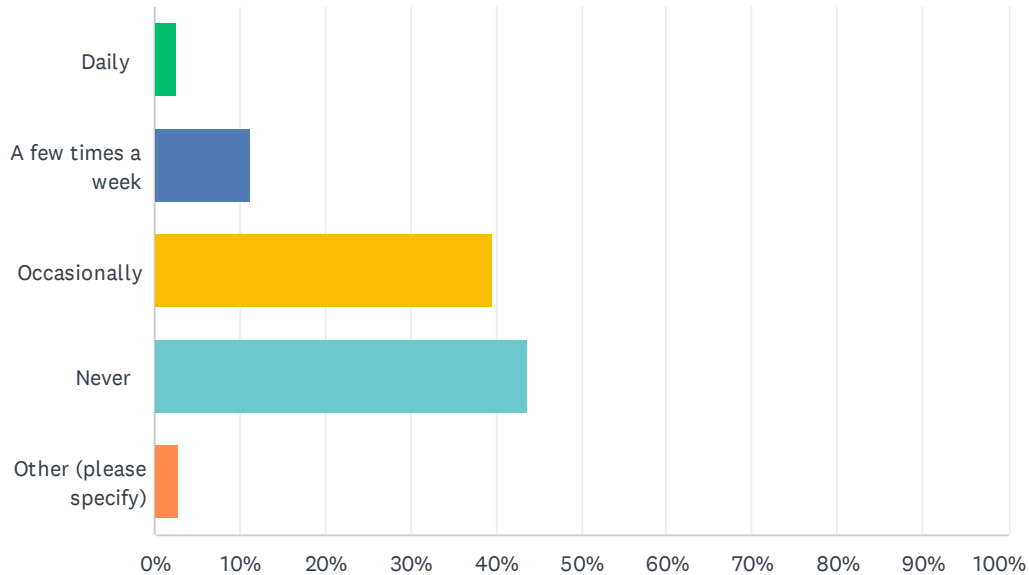

Answered: 281 Skipped: 1

ANSWER CHOICES		RESPONSES	
Yes		59.07%	166
No		40.93%	115
TOTAL			281

Q3 How often do you think you or a family member would use an e-scooter this year?

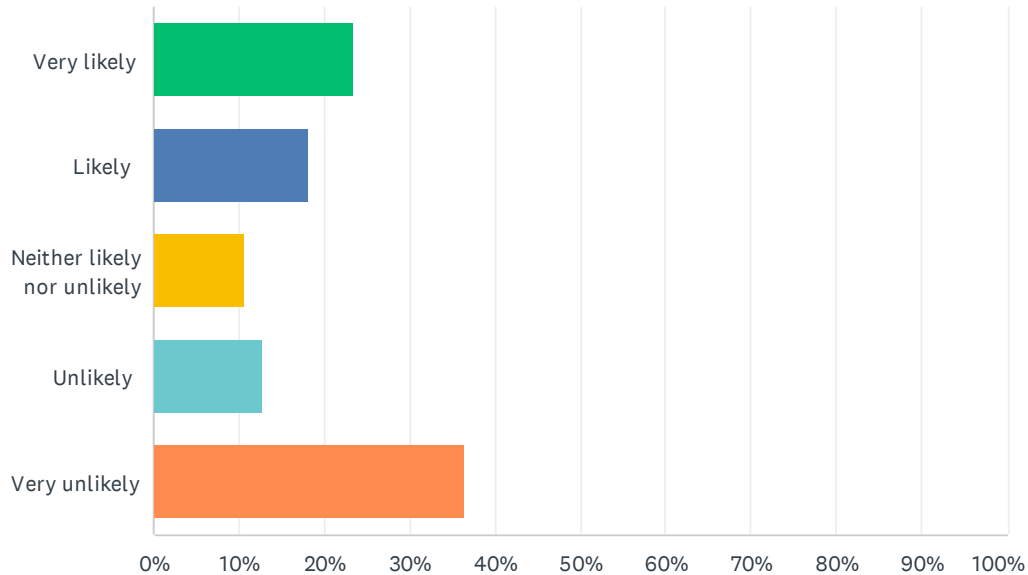

Answered: 282 Skipped: 0

ANSWER CHOICES	RESPONSES	
Daily	2.48%	7
A few times a week	11.35%	32
Occasionally	39.72%	112
Never	43.62%	123
Other (please specify)	2.84%	8
TOTAL		282

Q4 What is the likelihood that you or a family member would use an e-scooter in Beaumont this summer?

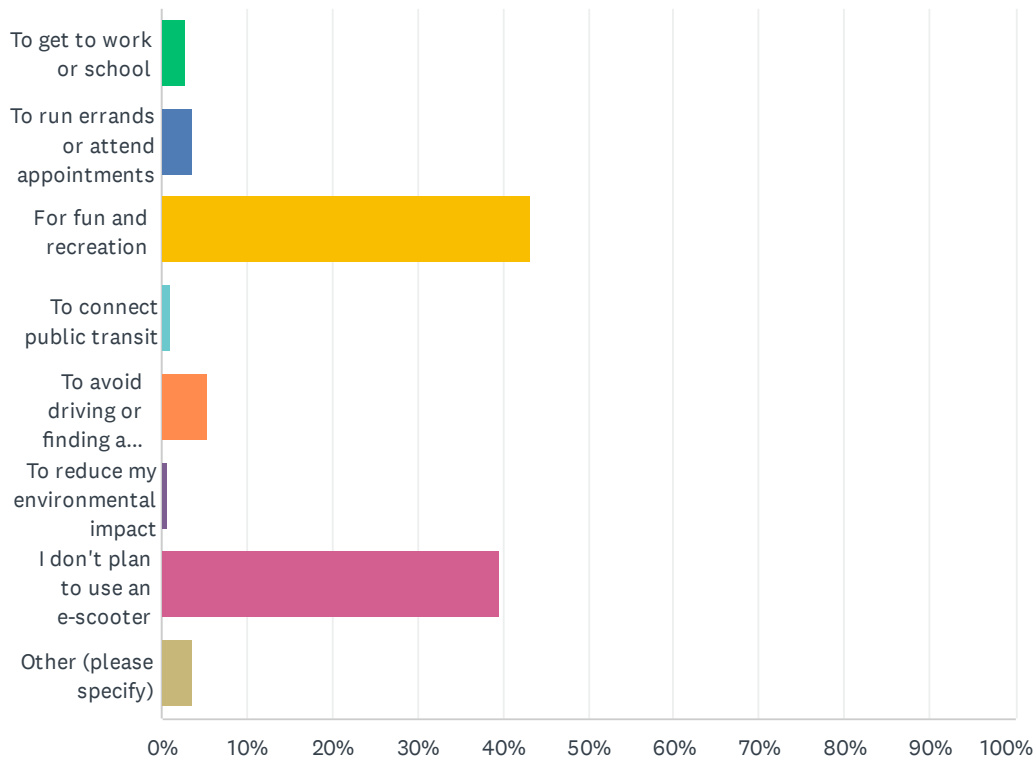

Answered: 282 Skipped: 0

ANSWER CHOICES	RESPONSES	
Very likely	23.40%	66
Likely	18.09%	51
Neither likely nor unlikely	10.64%	30
Unlikely	12.77%	36
Very unlikely	36.52%	103
Total Respondents: 282		

Q5 What would be the main reason for using an e-scooter? (select one)

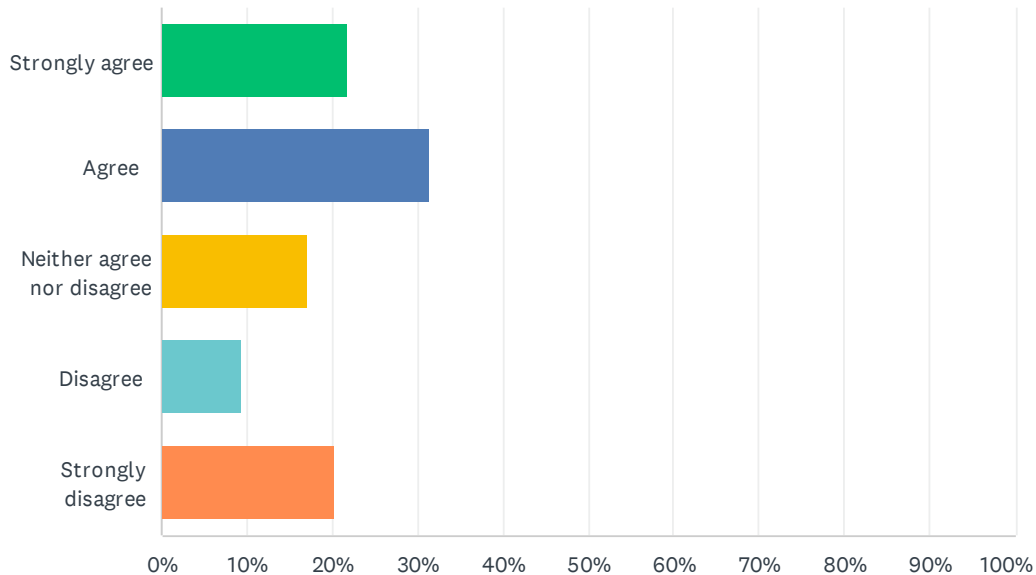

Answered: 282 Skipped: 0

ANSWER CHOICES	RESPONSES	
To get to work or school	2.84%	8
To run errands or attend appointments	3.55%	10
For fun and recreation	43.26%	122
To connect public transit	1.06%	3
To avoid driving or finding a parking space	5.32%	15
To reduce my environmental impact	0.71%	2
I don't plan to use an e-scooter	39.72%	112
Other (please specify)	3.55%	10
TOTAL		282

Q6 The City of Beaumont is using the same speed limits and safety rules as our neighbouring municipalities. Do you agree with the 20 km/hr speed limit in most areas, with speed reductions in high traffic areas around Centre-Ville and Four Seasons Park?

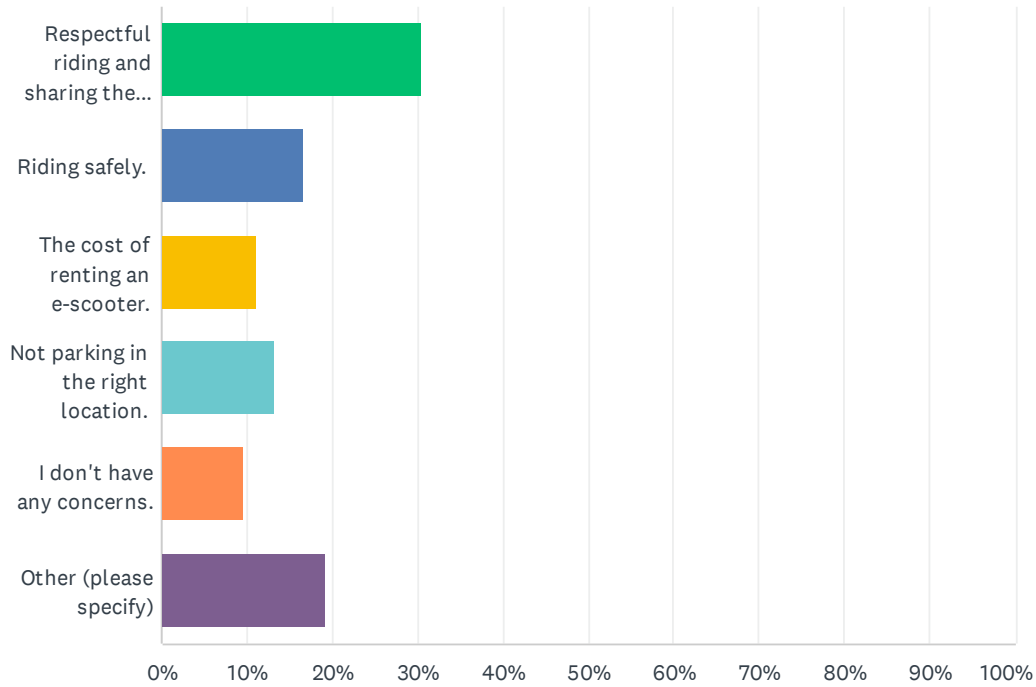

Answered: 280 Skipped: 2

ANSWER CHOICES	RESPONSES	
Strongly agree	21.79%	61
Agree	31.43%	88
Neither agree nor disagree	17.14%	48
Disagree	9.29%	26
Strongly disagree	20.36%	57
TOTAL		280

Q7 My greatest concern about the e-scooter pilot program is (choose from the following)

Answered: 282 Skipped: 0

ANSWER CHOICES	RESPONSES	
Respectful riding and sharing the trails.	30.50%	86
Riding safely.	16.67%	47
The cost of renting an e-scooter.	10.99%	31
Not parking in the right location.	13.12%	37
I don't have any concerns.	9.57%	27
Other (please specify)	19.15%	54
TOTAL		282

Q8 Do you have any other comments or suggested modifications to the program that you wish to provide?

Answered: 119 Skipped: 163

Q8 Do you have any other comments or suggested modifications to the program that you wish to provide?

Answered: 119 Skipped: 163

#	RESPONSES	DATE
1	I think they are a good resource for those who need transportation	5/30/2025 4:41 PM
2	I do not wish for Beaumont to have e scooters.	5/30/2025 1:18 PM
3	This survey has directions, questions that will lead to skewed results in favour of e-scatters. Make a real survey or don't bother at all.	5/30/2025 8:01 AM
4	Please do not use taxpayer dollars for this	5/29/2025 8:50 PM
5	This council is pathetic	5/29/2025 7:49 PM
6	This is an unnecessary program and a waste of taxpayer money	5/29/2025 4:20 PM
7	Not necessary at this time6	5/29/2025 3:40 PM
8	I'm hoping that e-scooters will be allowed on sidewalks. I think forcing them to drive on the road is a huge hazard.	5/29/2025 1:42 PM
9	Don't do it. People of Beaumont are not supporting it.	5/29/2025 1:26 PM
10	I'm a first responder who has dealt with e-scooter collisions resulting in serious injury and even death. These can be extremely dangerous, not just for riders but also pedestrians in their path. I'd suggest a speed limit reduction below 20kph, mandatory head protection and the requirement to yield to pedestrians.	5/29/2025 1:07 PM
11	Sweep the roads to make it safer.	5/29/2025 7:55 AM
12	Stop wasting tax payers money on ridiculous suggestions	5/29/2025 5:17 AM
13	How do you plan to enforce the speed limit?	5/28/2025 10:03 PM
14	I strongly object to the use of e -scooters	5/28/2025 9:12 PM
15	Very excited for this	5/28/2025 9:08 PM
16	Scooters have limited weight capacity making them unsuitable for heavier riders. Cold weather and poor conditions can impact the battery performance. High risk of accidents, especially with the range of riders. There will be issues such as abandoned scooters littering private property (homeowners, public spaces, etc) vandalism, theft, etc.	5/28/2025 8:42 PM
17	Yeah People will be leaving these devices all over the city and on my lawn.	5/28/2025 8:30 PM
18	We should not have e scooters in Beaumont.	5/28/2025 7:15 PM
19	The young adults in Thai community using scoots I fear that they will end up in ponds and damaged plus damaging peoples property.	5/28/2025 6:34 PM
20	They are unregulated, rules not enforced, helmets not required > they are dangerous!! There is so much evidence of injuries (mostly head injuries) - I'd definitely NOT recommend bringing them into Beaumont. Enough people have their own personal ones - usually going fast, with no helmets, sometimes riding double with small kids. The potential for serious injury is HIGH!!	5/28/2025 4:59 PM
21	Not only the parking and the clutter they bring to where ever they are used it's also the irresponsible drivers and users for kids Saftey on trails and around town	5/28/2025 4:02 PM
22	Don't need them. This is a veil of misconception to make people believe that they help the environment	5/28/2025 6:21 AM
23	This is a waste of time and resources	5/27/2025 8:28 PM

Roll with Us, Beaumont. Tell Us What You Think.

24	they are often left all over the place so this needs to be mitigated . The sidewalks in many places are also narrow and in bad shape. For example the sidewalk on west side of the church hill in 50th is narrow and close to traffic. Sidewalks need to be also addressed for this to be well managed. Another example is the absolutely deplorable condition of the sidewalk on 49 ave near bellevue which is high traffic and is already inaccessible to those with disabilities and presents a hazard to scooters travelling at speed	5/27/2025 8:27 PM
25	Yes. Don't do this for the love of god! Whatever they are paying you it's not worth it.	5/27/2025 8:23 PM
26	They are not recommended by the top ER doctors in Edmonton. Risk of injury too high.	5/27/2025 8:20 PM
27	Why? This is not something the city should be spending tax payer dollars on! 14,000 could be used elsewhere. How about. A plan to reduce property taxes? Every year for the past 10 they have gone up, substantially. Use the money to attract light industrial or more commercial instead of wasting it on programs like this!	5/27/2025 6:52 PM
28	make em fast in 4 seasons	5/27/2025 6:39 PM
29	Do my tax dollars go to support this in anyway, I hope not	5/27/2025 3:58 PM
30	This would be fantastic.	5/27/2025 3:43 PM
31	Public image of all scooters laying around in the ground, and lack of respect for pedestrians and cyclists	5/27/2025 3:37 PM
32	Rental scooters are not a good idea ... too many just left around on lawns , etc	5/27/2025 1:30 PM
33	Will helmets be provided	5/27/2025 1:27 PM
34	No	5/27/2025 1:04 PM
35	N	5/27/2025 12:42 PM
36	More waste of money by the town of Beaumont. When property taxes go up this much, we don't want b***** Programs like this That's going to cost us money like the cricket field	5/27/2025 7:15 AM
37	An e-scooter program seems incompatible with the city's infrastructure and layout. What purpose would it serve for adult residents beyond adolescent joyriding? The town council's expectations for user demographics in this program appear questionable.	5/27/2025 6:48 AM
38	I hate what this town has become its congested, full of East Indians that park seven cars in a cul de sac, and if I wanted an e-scooter, I would buy one! Keep these eye sores out of this town.	5/27/2025 6:36 AM
39	Also the scattered mess everywhere of scooters laying around. Kids or intoxicated people tossing them across sidewalks or road ways creating significant safety risks. I work as a paramedic here and in the city, at night you see this so much and causes injuries and looks like a bunch of vagrant children live here.	5/26/2025 10:08 PM
40	I worry about kids on sidewalks and scooters	5/26/2025 9:19 PM
41	These have proven to be a menace in Edmonton and other communities. I am not in favor of bringing these hwr	5/26/2025 9:08 PM
42	Age restrictions for riders and strict policy enforcement for all regulations	5/26/2025 9:04 PM
43	As someone who walks regularly I don't want to have to dodge scooter and have them lying around town.	5/26/2025 8:54 PM
44	Maybe a riders survey separate from general residents at the autumn reviews.	5/26/2025 6:14 PM
45	Concerns that scooters will be left all over, that kids will use them and destroy them and not wear safety equipment, etc.	5/26/2025 6:08 PM
46	Don't do it, more injuries for sure	5/26/2025 6:05 PM
47	Stop spending our VERY HIGH tax dollars on this nonsense	5/26/2025 3:35 PM
48	These will be left in inappropriate places and will be an eye sore	5/26/2025 1:54 PM
49	Allow all scooters	5/26/2025 1:52 PM

Roll with Us, Beaumont. Tell Us What You Think.

50	I question if this is a good addition to our community. Beaumont is already a nice walkable size and most residents have scooters and bicycles already anyway.	5/26/2025 1:35 PM
51	I am pro scooter. While riding safe.	5/26/2025 1:09 PM
52	It's another trial that isn't necessary and a waste of tax payer dollars, just like ELA.	5/26/2025 12:56 PM
53	In a small city I don't see the need to introduce this program.	5/26/2025 7:57 AM
54	Unless you are significantly increasing enforcement - this is doomed to fail. The wild behaviour of current privately owned e-scooter operators has shown they do not respect bylaws and are willing to put people at risk just for their own thrills	5/26/2025 7:21 AM
55	no	5/26/2025 7:06 AM
56	This will result in significant injuries to the users	5/25/2025 6:40 PM
57	E-scooters should not be allowed in this town until the parked cars volume is under control and the visibility risks are handled. Beaumont has too much traffic as it is, adding in these scooters to anyone and in abundance will impede traffic flow, traffic safety and unnecessary risks.	5/25/2025 5:39 PM
58	Being able to use the scooters will be contingent upon scanning a QR code or using the app - can a person use the app ahead of time before getting to the scooter? If a person doesn't have data it would be beneficial to have free public wifi in areas where scooters are popular	5/25/2025 5:37 PM
59	Waste of city money if they are planning to invest in it	5/25/2025 5:11 PM
60	My concern is most of people and young drivers don't respect the speed limit and the pedestrians. I think there will be some accidents.	5/25/2025 5:10 PM
61	I wish beaumont adopts this program it would be great.	5/25/2025 4:42 PM
62	Bylaw that helmets are mandatory	5/25/2025 4:36 PM
63	Not sure if question 6 in regards to all vehicles or just the e-scooter... if for e-scooter only then yes 20km per hour is good. If it is for all road vehicles, then no 20km is too slow for cereal traffic in this town	5/25/2025 4:18 PM
64	Hopefully users will use caution and respect when using.	5/25/2025 12:40 PM
65	They should be treated as motor vehicles and only going on the streets not trails	5/25/2025 11:50 AM
66	Don't do it. We are not that type of town	5/25/2025 11:16 AM
67	All fun and games when they are left in peoples properties	5/25/2025 11:01 AM
68	Nit necessary. They will be used by young people to have fun on and they will never be respectful of where they leave them.	5/25/2025 10:08 AM
69	This is going to be a disaster. Kids are going to be using these, drunk entitled "adults" they're going to wreck them, be a nuisance. Centreville is already too congested. This is going to make it worse if anything keep them in four seasons.	5/25/2025 9:44 AM
70	Majority of people that ride these are usually intoxicated or do not respect other road users or sidewalks.	5/25/2025 9:35 AM
71	Whatever company you use you have to make sure they're on top of where the scooters are left and making sure they don't get dumped all over	5/25/2025 9:35 AM
72	Don't do this pilot program. I don't agree and it will make our community a problem for tax paying citizens.	5/25/2025 9:32 AM
73	Waste of tax payers money	5/25/2025 9:05 AM
74	The speed limit for scooters has to be kept down	5/25/2025 9:01 AM
75	Beaumont should have gone with a recognized brand name for the trial. Like Lime or Bird.	5/25/2025 8:12 AM
76	I am excited about this	5/25/2025 8:12 AM
77	None	5/25/2025 8:06 AM

Roll with Us, Beaumont. Tell Us What You Think.

78	Far more important things to govern than this	5/25/2025 7:22 AM
79	How will helmet usage be monitored with users? Specifically underage riders	5/24/2025 11:27 PM
80	E-scooters use increase chances of injury. More specifically head injury. There is already limited helmet use in bike riders. Introducing E-scooters is inviting more challenges. The steep church hill , with e-scooters would be a disaster. Why invite this chaos into the city?	5/24/2025 10:39 PM
81	There is no need for e-scooters in Beaumont	5/24/2025 10:26 PM
82	Scoters are gay and should be left in the gay cities they're in.	5/24/2025 9:50 PM
83	The scooters need to be restricted to the speed limit.	5/24/2025 9:44 PM
84	I am not excited about this as a mom with school aged children. Our paths are already busy and I don't want unruly riders endangering the city's kids. It's a no for me	5/24/2025 8:59 PM
85	I have to deal with a ootwra left on city sidewalks in the most ridiculous places impeding access to businesses. I dislike them and dislike the nussance they are.	5/24/2025 8:48 PM
86	When asked before most people were against this idea and for some reason town council is deciding to go against the majority again. Not happy	5/24/2025 6:57 PM
87	Make them slower. It's hard enough to watch for crazy kids while driving in Beaumont. We should not be making them faster. Also, motorized vehicles, excluding wheelchairs and assisted mobility scooters, should be kept out of the parks. I don't want to have kids screaming by at +20Km/hr while I'm out for a walk or run.	5/24/2025 6:40 PM
88	I'd love to see this program not be available in Beaumont. With the use of e scooters should come mandatory helmet use.	5/24/2025 6:28 PM
89	I think that the e-scooter program is not something town council should be bringing to Beaumont. Scooters are an eye sore in other municipalities, being left in the middle of side walks, street corners etc. The city staff that have to mow and trim the lawns will have to also deal with these eye sores!! I am very disappointed the city is bringing this to town. And also the safety and speed issues that are going to occur because of these e-scooters. We back on to a major trail in town and people with e bikes and scooters are always speeding and not being courteous with no enforcement that we have ever witnessed. I hope this program is discounted	5/24/2025 6:22 PM
90	I see what other municipalities have and these scooters occupy the side walk, get strewn across the grass and look bad.	5/24/2025 6:11 PM
91	This pilot should not cost tax payers anything. If the scooter company sees Beaumont as an emerging market they should invest themselves. I would prefer no scooters at all. They are an increased fire risk during charging, aesthetically unappealing scattered about town, and a major driver of ER visits (of which Beaumont has none).	5/24/2025 4:57 PM
92	I think if you are doing this tho then regulations would need to be in place for other off the market e-scooters or e-bikes	5/24/2025 4:52 PM
93	Horrible idea. Every municipality that has e-scooters have issues with people disrespecting them and leaving them all over the place including throwing them in ponds, lying them on the street, etc. No thank you!!	5/24/2025 3:42 PM
94	Designate proper trails for it.	5/24/2025 3:15 PM
95	don't let little kids/teens ride them.	5/24/2025 2:41 PM
96	No	5/24/2025 2:05 PM
97	Proof read your questions - the speed limit is 40 Km/hr. I agree with the speed in some areas, but think an assessment needs to be done. There are areas that are playground zones that don't make sense, and some stretches where the speed goes up and down 5 times in less than 2 km	5/24/2025 12:44 PM
98	Fix the sidewalks	5/24/2025 12:39 PM
99	The roads are for vehicle traffic. Do not reduce speed limits.	5/24/2025 12:24 PM
100	Do not allow in residential areas.	5/24/2025 12:15 PM

Roll with Us, Beaumont. Tell Us What You Think.

101	I am very concerned that pedestrians- especially children and seniors will get hurt and that riders of e scooters risk being hit by cars as they dart out to fast to respond to.	5/24/2025 11:47 AM
102	I don't want to see these things dumped all over the city	5/24/2025 8:07 AM
103	We need to make sure that kids aren't riding on these things and tearing up and down the trails.	5/23/2025 10:57 PM
104	Promote safety more. E-Scooters are dangerous and the injuries are major. At least Promote wearing a helmet	5/23/2025 6:56 PM
105	There are far too many people riding e-bikes on sidewalks as it is with little or no respect for the people walking. There have been serious accidents as well as fatalities due to this. More speed without monitoring of the traffic on these sidewalks and trails will create additional safety problems and concerns	5/23/2025 6:40 PM
106	If you're going to let a corporation rent out escooters, then you should let people with personal escooters ride legally as well	5/23/2025 5:55 PM
107	None	5/23/2025 5:34 PM
108	Race a staff member, larger geofence	5/23/2025 5:33 PM
109	We shouldn't have them here. They're an eyesore.	5/23/2025 1:17 PM
110	Why is the speed reduced in Four season park, it offers wide open space and little traffic on the trails, I don't see the point of reducing the speed here.	5/23/2025 6:38 AM
111	Co-worker's adult daughter used a e-scooter in Edmonton 3 years ago. She suffered a life altering brain injury. She was extremely close to death. She wasn't riding erratically she simply fell and her head hit on the curb. I would never use or have a family member use one of those scooters.	5/23/2025 12:36 AM
112	I feel there will probably be a lot of misuse and safety issues with the e-scooters.	5/22/2025 10:49 PM
113	I think that 20km in Four Seasons where people ride their bikes is perfectly fine. No need for 15km. I also really hope that they are evenly dispersed around Beaumont so that they're easy to access for neighborhoods.	5/22/2025 9:39 PM
114	How are you going to keep the city clean? They are going to be left everywhere	5/22/2025 9:07 PM
115	Whatca waste of money. This cotton is turning into an absolute joke. Taxed to the max. I pay 500\$ a month on property tax alone, never mind all the utility taxes etc etc. These are also very unsafe. Ask any orthopedic or emergency room doctor, they would never let their kids ride these. Especially with no helmet. Cities with these look like trash, scooters strewn about everywhere. Do some safety research, especially with youth. Terrible idea	5/22/2025 7:35 PM
116	I can think of better ways to use \$14,000. How about paving lines on 50th Ave so people know one way or another if it's 2 or 4 lanes. I don't think e-scooters are a good idea in such a young city. I fear many younger people will be using them in properly and not following the rules. Who will be policing the use?	5/22/2025 7:03 PM
117	Suggest an active publicity campaign and enforcement to ensure that riders and pedestrians are both safe	5/22/2025 6:12 PM
118	Should not be allowed in sidewalks!! Same rules as other cities ! Who is liable if a pedestrian gets hit and injured by a e-scooter?	5/22/2025 6:06 PM
119	Another ridiculous project, we don't need 100 scooters loose in our town, most will end up tossed into 4 seasons lake or broken. Also, when someone is injured by riding a scooter or if someone is hit by a scooter, who pays? The town of Beaumont? Too many liability issues and we have enough pricey projects to pay for. How about arranging a town clean up, or taking the builders to task and have them clean up our town?	5/22/2025 5:55 PM
