VARIANCE APPLICATION

What is a Variance?

A Variance is the relaxation of or exemption from a specific requirement of the City of Beaumont Land Use Bylaw. A Variance shall be considered only in cases where the character or situation of the land will cause practical difficulties regarding private use and where those characteristics and situations are not generally common to other land in the same district.

There shall be no variance of regulations regarding district use, maximum height, floor area or density.

Permit No.: 2022-098

Luthind Enterprises Inc.

Applicant: _____

Property Address: 6206 29 Avenue

Legal: Lot: 10A Block: 1 Plan: 202 1479

What is the specific variance you require? (Please include a site plan) 1) Lot Coverage to exceed 40% by 9.5%
2) Entrance feature to have a min. depth of 1.2m instead of 3m, 3) Allow ground floor facade to have 42.6% of non-glazed windows and doors instead of 50%, 4) Pedestrian network (sidewalk) around the south side of the building to be less than the min. width of 2.0m except for the area where the loading zone is, 5) Parking to be located off-site on Lot 10, Block 1, Plan 082 7377 instead of on-site.

What is/are the unique circumstance(s) of your property that warrants a variance?

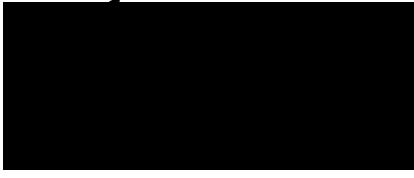

The project would not be feasible if the site coverage is reduced, the entrance features of 3m is not shown in any building in Beaumont, there are ample windows on the building for safety and security purposes, there had to be steps incorporated into the loading zone to ensure proper access from the rear doors to the south sidewalk, a registered parking agreement will provide a practical solution to parking on the lot to the North on Lot 10. Without these variances, the development is not practically possible.

HAVE YOU ATTACHED ALL SUPPORTING MATERIAL RELEVANT TO THIS APPLICATION?

(See checklist on reverse)

I have reviewed all of the information supplied to the City of Beaumont with respect to an application for a Variance and confirm it is true and accurate to the best of my knowledge and belief. I understand that the City will rely on this information in its evaluation of my application for a Variance and that any decision made by the City based on inaccurate information may be rescinded at any time.
